1. INTRODUCTION

1.1 Parties to the Agreement
THIS AGREEMENT made

BETWEEN

COLLEGE OF NEW CALEDONIA BOARD
(hereinafter called "Board")
OF THE FIRST PART
AND

FACULTY ASSOCIATION OF THE COLLEGE OF NEW CALEDONIA
(hereinafter called "Faculty Association")
OF THE SECOND PART

WHEREAS the Board is the "employer" as defined by
the *Labour Relations Code (1992) of British Columbia*;

AND WHEREAS the faculty members of the College are the
"employees" as defined by the *Labour Relations Code
(1992) of British Columbia*;

AND WHEREAS the Faculty Association is defined as a
trade union by the *Labour Relations Code (1992) of
British Columbia*;

AND WHEREAS the Faculty Association is certified by the
Labour Relations Board as the sole collective
bargaining agent for all full-time and part-time
faculty employees of the College of New Caledonia
primarily engaged in teaching functions including
instructors in academic, technical and vocational
programmes, college and career preparation programmes,
and continuing education programmes, except part-time
instructors employed to teach general interest courses.

NOW THIS AGREEMENT WITNESSETH that the parties hereto
covenant and agree that:

1.2 Preamble

1.2.1 The parties recognize that the College is an
educational institution committed to meeting the needs
of the region it serves and to providing relevant

educational opportunities for persons of all ages, backgrounds and experiences.

1.2.2 Employment Equity

The Faculty Association and the College support the principle of employment equity for women, visible minorities, First Nations peoples, and individuals with disabilities.

1.2.3 Purpose of Agreement

The purpose of this Agreement is to promote the quality of the education provided at the College. The terms and conditions contained in this Agreement are designed to promote harmonious relations within the College and to facilitate the just settlement of disputes and misunderstandings.

1.2.4 Jurisdiction

If a new position is being created at the College that includes both work normally performed by faculty employees and work normally performed by support staff, the College agrees to provide a description of the duties and responsibilities of the position to the Faculty Association in advance of implementation. It is the College's intent that the period of notice will be adequate for the joint committee referred to in Article 2.9 to review the proposed duties and responsibilities of the position and its inclusion in or exclusion from the Faculty Association bargaining unit.

In the event of a jurisdictional dispute over the position, the College may fill the position and work it pending resolution of the dispute through mutual agreement of all parties or mechanisms contained in applicable legislation. Article 3 of this agreement shall not be applicable to disputes arising from this Article.

1.2.5 Position Designation

- a. The College will give preference to the designation of full-time faculty positions rather

than part-time faculty positions subject to such operational requirements as the quality of programmes, attainment of programme objectives, the need for special qualifications and the market acceptability of the programmes to employers, students and the community, and consultation with programme faculty.

- b. The College shall not manipulate the appointment provisions of 5.8 for the purpose of avoiding a part-time appointment on the Non-Regular Seniority List. This shall not limit the College's right to hire in all other respects subject to the terms of this agreement.

1.2.6 Contracting Out

a. Job Security For Employees

- i. The College recognizes that the role of faculty is primary within the instructional activities of the College. Although effective delivery of post-secondary education and training requires flexibility to respond to the needs of a diverse range of clients, contracting out will not detract from the primary role of faculty employees.
- ii. Contracting out will not result in the lay-off, or loss of Non-Regular Seniority List right of first refusal of any employee covered by this agreement.

b. Protection of Bargaining Unit Work

- i. The College will not contract out in order to avoid hiring part-time or sessional faculty nor restrict the normal growth of the work performed by the bargaining unit as the College operations grow.
- ii. When a faculty appointee or a part-time faculty employee on the non-regular seniority list leaves his/her employment, the College

shall not fill that particular vacancy with a contractor.

- c. The College acknowledges that it is in the best interest of all concerned that every effort be made to utilize members of the bargaining unit to teach as many of the courses and programmes offered by the College as possible. On its part, the Association appreciates the changing educational environment and recognizes the ongoing need for the College to offer a variety of competitive courses and programmes which require supplementary or special qualifications/expertise; the Association agrees that these are the type of occasions which may necessitate the College's use of external organizations or persons best suited for the delivery of the specific course/programme. Furthermore, the Association recognizes that there will be courses/programmes which can be offered more efficiently/competitively by a contractor since the contractor provides a "ready-made" instruction package which may include marketing strategy, curriculum and course objectives, equipment, learning materials, supplies, course evaluation and a particular level of expertise/certification/qualifications. It is also understood that there will be courses/programmes which logically should be provided by a bone fide contractor when that contractor is specifically requested by a third party on the understanding that the course would only proceed on that basis.
- d. In keeping with these mutual understandings, the College undertakes to give every reasonable consideration to utilizing members of the bargaining unit prior to entering into any instructional contract(s).
- e. The College will assist faculty members in developing the skills and expertise necessary to provide additional/new courses and programmes as College operations change; the College and the

Association agree that it is appropriate to use the existing professional development committee and funds for that purpose.

1.2.7 Contracting Out Review Process

- a. When an instructional contract is entered into by the College, the following information shall be provided promptly to the Association:
 - i. title and length of course;
 - ii. names of contractors and qualifications required by the College and/or specified by the third party;
 - iii. credit, certification or recognition received by the course or programme;
 - iv. full description of the course or programme similar to the course descriptions found in the College calendar; and
 - v. target population and/or prospective clients.

The information shall be of sufficient detail to enable the Association to assess whether the course/programme being contracted out is consistent with the provisions of this Collective Agreement. The foregoing does not preclude the College from providing such information to the Association in advance of entering into an instructional contract, if timing and circumstances permit.

- b. A Joint Contracting Out Committee will be established immediately. The Committee will be comprised of two appointees of the College and two appointees of the Association and may be supplemented by resource persons as required given the nature of matters raised. If the Association has a concern arising from the information provided under 1.2.7 a, the matter will be

referred to the Joint Contracting Out Committee for discussion; in requesting a meeting in this regard, the Association will provide the College with reasonable advance notice of the particular areas of concern to be discussed.

c. Dispute Resolution Mechanism

If the Association is not satisfied with the explanation for the contracting out decision provided by the College representatives on the Joint Contracting Out Committee and there is no agreement of the Committee members, the Association may refer the matter to Step 2 of the grievance procedure in the Collective Agreement. If unresolved, the dispute may then be referred by the Association to expedited arbitration using the following process:

i. One of the following persons will be chosen as arbitrator on a random basis:

Stephen Kelleher
Paul Devine
John McConchie
Cathy Bruce
Rod Germaine

ii. The matter will be heard by the arbitrator within ten (10) weeks of the date of the arbitrator's selection. In the event that the arbitrator selected cannot hear the matter within this ten (10) week limit, the parties shall refer the case to the first available arbitrator on the list.

iii. In the arbitration, the primary onus will be on the College to provide justification for the contracting out decision and reasons why the course or programme was not offered to faculty employees (in keeping with this article and in particular the standard established in 1.2.6 d.).

- iv. Where the arbitrator determines that a breach of the Collective Agreement has occurred, the arbitrator may order any remedy that is consistent with Section 89 of the *Labour Relations Code*.

- d. In a spirit of collegial cooperation and in an environment of open and frank dialogue, the Joint Contracting Out Committee will meet on a regular basis to review contracting out decisions that have been made and will examine possible alternatives to contracting out the various courses/programmes in subsequent College offerings. Accordingly, any discussions which take place in the Joint Contracting Out Committee are without prejudice and will not be introduced during any arbitration proceedings.

1.2.8 Post-Secondary Educational Opportunities in Northern British Columbia

- a. The parties recognize that the post-secondary educational opportunities in the area served by the College of New Caledonia are best enhanced by a co-operative, integrated plan developed through structures which allow those institutions, agencies, and workers who deliver and support the delivery of programmes to be involved as equal partners.

- b. The College shall not make a decision to enter into any agreements in the future with U.N.B.C., O.L.A., Community Skills Centres, or any other public post-secondary institutions (including the Prince George Native Friendship Centre) that materially affects the work of the bargaining unit or the terms and conditions of faculty employees without prior consultation with the Association; this shall involve meaningful discussion by the parties and full disclosure of the information related to such agreements.

- c. The College will support the request of current employees to be seconded to the University and other agencies and continue to be entitled to benefits of this Collective Agreement, subject to the terms and conditions of such secondment agreements and appointments being agreed to by the parties to this Collective Agreement.

1.3 Term of the Agreement

1.3.1 This Agreement, unless changed by mutual consent of both parties, shall be in force and effect from the date of signing to March 31, 2004; and thereafter from year to year unless either party to this Agreement gives four months written notice to begin collective bargaining.

1.3.2 The notice required under 1.3.1 above shall be validly and sufficiently served to the President or to the President of the Faculty Association at least four months prior to the expiry of this Agreement.

1.3.3 If no new agreement is reached at the expiration of this Agreement, or if negotiations are continued beyond the date of expiry of this Agreement, or if the collective bargaining process is referred to mediation under 1.4 below, this Agreement shall remain in force up to the time a subsequent agreement is reached, or until the Faculty Association commences a strike or the College commences a lockout.

1.4 Provision for Mediation of the Collective Bargaining Process

1.4.1 Where a difference arises between the parties relating to the negotiations towards a new collective agreement, and only with the mutual agreement of the parties, a person may be selected and requested to:

- i. investigate the difference(s)

- ii. define the issue in the difference(s) and
- iii. make recommendations to assist the parties to resolve the difference(s).

Both parties agree that, failing mutual agreement or satisfactory resolution of the difference(s), either party retains their rights at law to pursue any other process.

1.5 Modification of the Agreement

Any change deemed necessary in this Agreement may be made only by mutual written agreement of the parties at any time during the life of this Agreement.

1.6 Number

When the singular is used in this Agreement, it is understood that the reference includes the plural as the context so requires.

1.7 Reference to Legislation

Wherever legislation (both federal and provincial) is specifically referred to in this Agreement, failure of the College or the Faculty Association to abide by the conditions of such legislation shall be subject to the grievance and arbitration procedures of this Agreement.

1.8 Strikes and Lockouts

There must be no strikes, lockouts or illegal job action so long as this Agreement remains in effect.

1.9 Agreements Responsibilities

Except with the mutual consent of the Faculty Association and the Board, faculty employees must not make any written or oral agreements with the employer which conflict with the terms of this Agreement nor must the employer ask, require or permit them to do so.

Before the College is obliged to deduct any amount under 2.2.1, the Secretary or President of the Faculty Association must advise the Bursar's Office in writing, by copy of a resolution passed at a general meeting of the Association, of the amount of its regular dues or other assessed charges. If the Faculty Association wishes to reduce this amount up to three-quarters (3/4) release of the prescribed maximum, the Faculty Association agrees to reimburse the College for all costs related to the cost of replacement, where such replacement is provided. If the Faculty Association wishes to reduce this amount up to full-time release, article 2.4.3 shall apply.

2.4.2 Any faculty employee who is a member of the contract committee, a steward, or a Director of the Faculty Association shall have the opportunity of attending meetings with the administration and/or the Board that are held within working hours without loss of salary or benefits. The College shall assist the faculty employee in making satisfactory arrangements to cover his/her instructional duties as required by attendance at such meetings. Times for such meetings shall be mutually agreeable.

The Faculty Association shall be notified in writing of the College's intent to utilize a sessional position and the specific purpose as outlined in this Article at least prior to advertisement. Subject to Articles 6.6 and 5.2.5, a sessional position carries no implication of renewal beyond the term of appointment nor of any subsequent transfer.

5.1.2 A sessional position, shall after two (2) cumulative teaching years become a regular full-time position. For the purposes of Articles 5.1, 5.2 and 6.6, "cumulative teaching year" denotes a total of twelve (12) months of sessional positions including preparation, and vacation time and professional development time. Both consecutive and intermittent positions (exclusive of positions of four (4) weeks or less) separated by five (5) months or less must count towards this total. Although the sessional position is regularized after two (2) cumulative teaching years, the filling of the regularized position shall not occur until after the completion of the appointment of any sessional incumbent.

5.1.3 For the purposes of Articles 5.1, 5.2 and 6.6, a position is a full-time work assignment within a discipline or subject area at the same campus location made for a reason specified in 5.1.1. For the purposes of 5.1, 5.2 and 6.6, campus location means the specific city or town (or its equivalent). For the purposes of regularization 5.1.2, a sessional position shall be deemed to be continued if it is a continuation of the same specific replacement need, the same specific temporary need, or the identical or general subject

material and instructional nature associated with the original position at the original campus location.

5.2 Sessional Appointees

- 5.2.1 A faculty employee appointed to a sessional position of more than four (4) weeks, shall receive a prorated salary (see Schedule A) and full fringe benefits (See Article 14). The term of such an appointment shall include prorated vacation, prorated preparation time and, if applicable under 6.6, professional development time. Preparation time shall be calculated at the rate of one (1) working day for each month of the appointment and shall normally be added at the commencement of the appointment prior to the beginning of teaching or other duties. Vacation time shall be calculated at the rate of 4.3 working days for each instructional month of the appointment (including preparation time), with the total number of days rounded. Unless determined otherwise by mutual agreement of the faculty employee and the College, professional development time (or preparation and vacation, as applicable) shall not be cumulative from one appointment to another.
- 5.2.2 A faculty employee appointed to a sessional position of four (4) weeks or less shall receive a prorated salary (see Schedule A) and only those fringe benefits (including vacation pay) guaranteed by law.
- 5.2.3 After each cumulative teaching year, the Board, under the conditions of 11.2 (Salary Increments) shall credit the faculty employee with one (1) step on the salary scale.
- 5.2.4 When a sessional position becomes a regular full-time position under Article 5.1.2, the faculty employee who has completed a minimum of eighteen (18) cumulative teaching months in the sessional position that is being regularized shall have the right of first refusal to the regular position provided he/she has not received unsatisfactory evaluations and the regular position becomes available within eighteen (18) months of

completion of the sessional appointment unless there is a qualified regular full-time or regular part-time employee who shall have right of first refusal for the position. Should the sessional appointee with the right of first refusal refuse an appointment to the position, others who have held the same sessional positions shall be short-listed, if applied for.

- 5.2.5 When a person previously appointed to a sessional position accepts a regular or regularized position under any of the provisions of Article 5.1, the time spent as a sessional appointee shall count toward the probationary period of Article 5.3 and towards placement on scale where the experience as a sessional appointee has been in a relevant discipline as the regularized position.
- 5.2.6 A sessional appointee who receives a regularized position that was previously a sessional position because it was not funded through the Programme Profile process, becomes eligible for severance pay as provided for in 6.7.1 after the completion of three (3) years of regular faculty appointments. This three (3) year period does not include any time spent on sessional or probationary appointments.
- 5.2.7 If a sessional appointee accepts a regular appointment for the next term or academic year and the commencement of that appointment is less than four (4) weeks from completion of the sessional appointment, the completion date of the sessional appointment shall be adjusted so that there is no gap in employment.
- 5.2.8 a) A sessional faculty employee who has received and accepted a written appointment to a sessional position (exclusive of appointments of four weeks or less) shall be paid ten (10) percent of the scheduled instructional period of the appointment if it is cancelled prior to its commencement with less than ten (10) working days of notice to the appointee.
- b) A sessional faculty employee who has received and accepted a written appointment to a sessional position (exclusive of appointments of four

weeks or less) shall be paid forty (40%) percent of the remaining scheduled instructional period of the appointment if it is cancelled after instruction begins.

5.3 Probationary Appointments

5.3.1 All faculty employees, excluding sessional appointees, shall be appointed for an initial probationary period of one full calendar year. The probationary period is to provide an opportunity for mutual appraisal and evaluation to determine a faculty employee's suitability for a faculty appointment.

5.3.2 Completion of Probationary Appointments: Prior to the expiration of a probationary appointment, the President, or his/her designate, shall give the probationary appointee written notification that one of the following steps shall be taken at the end of his/her probationary period:

- a. that his/her initial appointment has been renewed for a second probationary period of one full calendar year, or
- b. that he/she is being offered a faculty appointment, or
- c. that no further appointment is being offered as a result of two or more unsatisfactory evaluations during the probationary period(s). The reasons shall be stated at the time in writing, or
- d. that no further appointment is being offered due to changes in enrolment or course offerings (6.4).

It is intended that the decision on renewal or non-renewal of an initial probationary appointment as described in (a) or (c) above will be based upon eight (8) months of instructional assignments and/or equivalent duties provided for in this Agreement. Initial probationary appointees who have completed the afore-mentioned eight (8) month period will receive written notification in accordance with this article

four (4) months prior to the expiration of his/her probationary appointment. Initial probationary appointees who have completed less than this eight (8) month period may have the amount of notice reduced accordingly. However, the minimum notice period shall not be less than two (2) months prior to the expiration of his/her initial probationary appointment. Faculty employees who have been appointed for a second probationary period will receive four (4) months written notification prior to the expiration of the probationary period as to whether (b), (c) or (d) above is applicable.

5.3.3 A faculty employee shall reply, in writing, within fifteen (15) calendar days to the President, or his/her designate, as to whether he/she accepts any offer of employment.

5.3.4 Failure of the President to provide the appropriate notice to a faculty employee on a probationary appointment prior to the expiration of the appointment (see 5.3.2) means that a second probationary period or a faculty appointment, as appropriate, has been offered.

5.3.5 Failure of the faculty employee to respond to a written offer of appointment by any prescribed date above (see 5.3.3) implies that any appointment offers have been rejected.

5.4 Faculty Appointments

5.4.1 On successful completion of the probationary period (unless 6.4 applies), a faculty employee shall be offered a faculty appointment. A faculty appointment means that the appointment shall be continued unless there are exceptional circumstances as specified in 8.4.1 or 6.4.

5.4.2 If a faculty appointee wishes to retire, he/she shall give four (4) months notice in writing to the President. Retirement shall normally occur at the end

of a working year. This period of notice may be waived by mutual consent.

5.5 Regularization of Faculty Employees

An employee will be deemed to have received a satisfactory evaluation if one has not been undertaken by the employer. The employer may evaluate a non-regular employee at least once each twelve month period and the employee may request an additional evaluation not more often than once in each 12 month period."

5.5.2 Employees regularized in accordance with Article 5.5.1 shall be appointed to the level of workload available in their first regularized appointment year at the same campus location as the workload entitlement was earned.

- a. If the workload level is full-time, the employee shall receive a regular full-time appointment. If there is a reasonable expectation

of a full-time workload in the same position in the third year, Article 5.1.2 of the Local Agreement shall apply.

- b. If the workload level is less than full-time, the employee shall be appointed to a regular part-time position at the level of work available. If after two years at an increased annual percentage, work at the same increased level is available in the third year, the employee shall be annualized at the increased

level. For workload allocation, 5.5.10 and 5.5.13 apply.

5.5.3 Employees regularized in accordance with Article 5.5.1 shall be paid on the Common Scale, after being placed according to Article 11.1.1. Employees shall be granted one step for each full-time equivalent year of relevant part-time post- secondary teaching experience.

- d. faculty employees on the Non-Regular Seniority List as per Local Agreement Article 6.6 (by order of seniority)
- e. new hires, part-time, or sessional employees.

Allocation by Department

f. Once departmental allocations have been met, available workload will be allocated by qualified employees according to campus-wide seniority and canvass results (5.5.14 LOA Regularization Process).

Summer, Weekend and Evening Hours

g. If summer, weekend, and/or work on more than two (2) evenings per week was required in order to meet the triggers in 5.5.1, Deans/Directors/Regional Managers may assign workload in the same manner to the regularized faculty employee.

h. If the College requires summer, weekend, and/or work on more than two (2) evenings per week to meet the annualized percentage for a faculty employee who did not have this pattern of work to attain the trigger, such a workload may be agreed to by the employee and the Dean/Director/Regional Manager. In the case of summer employment for Type 1 full-time regularized faculty, written permission of the Faculty Association is also required.

5.5.8 Employees regularized in accordance with Article 5.5.1 shall be responsible for pro-rated office hours and faculty duties according to Article 10.

5.5.9 Layoff for Employees Regularized to a Full-time Workload

If employees regularized to a full-time workload are laid off, Common Agreement Article 6.4, and Local Agreement Articles 6.4 and 6.7 shall apply. An employee shall not use the same years toward the severance calculation more than once.

5.6 Coordinator

5.6.1 Only a full-time or regular part-time faculty employee may be appointed as a coordinator. The appointment shall normally be one working year in length commencing August 1st. The specific duties and associated release time shall be mutually agreed upon by the faculty employee and his/her Director/Dean/Regional Manager. The * faculty employee shall receive a letter of appointment outlining all conditions and responsibilities of the position; additional duties not specified in the letter of appointment shall not be assigned. A copy of this letter will be given to the Faculty Association. Any subsequent agreements will also be copied to the Faculty Association. Failure of the faculty employee to notify the President, or his/her designate, within five (5) calendar days from the date of offer means the appointment offer has been rejected. Coordinators shall be paid an allowance as described in Schedule A.

5.6.2 For evaluation purposes, the coordinator position shall be prorated to the total workload of the faculty employee.

5.6.3 Selection of Coordinators

When a coordinator position is to be filled, faculty employees in the applicable programme area(s) shall select by May 31 one faculty member from the programme area(s) to serve a one (1) year term as the programme coordinator from August 1st to July 31. The

coordinator shall normally not serve more than three (3) consecutive terms.

5.6.4 If the faculty employee resigns from the coordinator position, the resignation shall normally coincide with the conclusion of an instructional term. Notwithstanding 5.6.1, a replacement for the coordinator position may be appointed for the remainder of the working year.

5.6.5 Coordinator Release Time

It is recognized that the coordinator duties vary between Divisions, and that the release time for coordinators should reflect a measure of time appropriate to the responsibilities. The following guidelines have been developed to ensure that job duties and release time for coordinators are applied in a fair and consistent manner throughout the College. The College and the Faculty Association agree that:

- a. The generic job description shall be common for all coordinators appointed under this Article (5.6). Normal release time from teaching duties will be approximately 20% of the maximum workload and will correspond to a normal instructional unit of that workload, eg., a section in ABE or Science. Where no normal instructional unit occurs, eg., in trades and counselling, the normal release time will be 20% of the contact hours.
- b. The generic job description for all coordinators is as follows:

5.8.1 A part-time faculty employee on the Non-Regular Seniority List shall be short-listed for any vacant full-time positions should he/she apply.

- 5.8.2 Part-time employees on the Non-Regular Seniority List cannot compound appointments to change their status from part-time to full-time.

6. SENIORITY, LAYOFF, RECALL AND RESIGNATION

6.1 Cancellation of Courses

A part-time faculty employee who has received and accepted a written appointment to a part-time position of more than thirty (30) hours of scheduled instruction shall be paid 10% of the scheduled instruction hours of the appointment if it is cancelled prior to its commencement with less than two (2) weeks of notice to the appointee. For part-time positions of thirty (30) hours or less of scheduled instruction, the part-time faculty employee shall be paid 15% of the scheduled instruction hours of the appointment if it is cancelled prior to its commencement with less than one (1) week of notice to the appointee.

6.2 Resignation - Full-time and Regular Part-time Faculty Employees

- 6.2.1 An appointment may be terminated at any time by mutual consent of the faculty employee and the President.

- 6.2.2 An appointment may be terminated by a faculty employee submitting a resignation, in writing, to the President four (4) months prior to the date of resignation or three (3) months prior to the end of the faculty employee's current instructional period, e.g. semester, trimester.

6.3 Resignation - Part-time Faculty Employees (Not Regularized)

- 6.3.1 A part-time faculty employee who is not regularized shall notify the College of his/her decision to leave the employ of the College by

giving written notice fourteen (14) calendar days in advance of the effective date of resignation. The part-time faculty employee shall receive termination pay and benefits as provided for in this Agreement.

6.3.2 On termination by a part-time faculty employee of his/her employment, the College shall within six (6) calendar days after the date of termination of employment pay to the employee all wages owing to him/her.

- 6.3.3
- a. If a part-time employee on the Non-Regular Seniority List refuses two (2) consecutive offers of appointment, under the conditions of this Article, the College reserves the right to terminate his/her recall rights. This right shall not be exercised unreasonably.
 - b. When an employee informs the Human Resources Director in writing that he/she will not be available for work during a specific period up to one calendar year, the College shall not make offers of appointment during that period.

The employee may extend the period for which he/she is unavailable for work to a maximum of twenty-four (24) months after which the employee must be available for work for at least one year prior to being eligible for another extended period when unavailable.

6.3.4 Where the part-time employee on the Non-Regular Seniority List fails to keep the Human Resources Office informed of his/her current address, he/she shall be considered to have resigned.

6.4 Seniority, Lay-off and Recall - Full-time Faculty Employees

6.4.1 Subject to the Board's right at all times to maintain faculty competent to deliver instruction

in the courses offered by the College, the College recognizes the right of an employee to exercise his or her seniority in the event of a reduction of staff and recall after lay-off.

- 6.4.2 For the purpose of this Article (6.4), no seniority shall be acquired by a member of the bargaining unit until the faculty employee is given a faculty appointment. Upon such appointment the seniority of the faculty employee shall be based upon the number of years of continuous employment immediately preceding the appointment. Continuous employment in this context includes consecutive sessional appointments, intermittent sessional appointments (exclusive of appointments under 5.2.3 for replacement purposes) and part-time service separated by a break in service of six (6) months or less.
- 6.4.3 Having acquired seniority in accordance with the foregoing, the faculty appointee's seniority shall not cease as a result of sickness, accident, approved leaves of absence, or lay-off of less than twenty-four (24) months. Seniority shall not continue to accrue during a period of lay-off or an extended leave of absence without pay (excepting union leaves under 2.4).
- 6.4.4 A faculty appointee's seniority shall cease upon discharge, resignation or failure to exercise the right to recall within thirty (30) days of notification.
- 6.4.5 Where the faculty appointee takes employment with the College outside of the bargaining unit, he or she will re-establish his or her seniority within the bargaining unit if re-appointed within three (3) calendar years of the previous appointment and will have accumulated seniority restored.
- 6.4.6 An appointment may be terminated or not renewed for reasons of changes in enrolment, course offerings, or a demonstrated shortage of funds.

If it appears that a faculty position may become redundant in a specific discipline due to a decrease in enrolment, changes in course offerings, or a demonstrated shortage of funds, the President shall advise the Directors of the Faculty Association and shall give them the relevant information relating to the decision on termination or non-renewal of appointment prior to taking a decision on the matter.

6.4.7 Where the Board determines that an appointment will be terminated or not renewed for reasons given above, the Board shall give notice of non-renewal or lay-off by March 31 for faculty appointees or four (4) months prior to the date of lay-off for the non-renewal of a probationary appointee subject to the following:

- a. The Board shall give notice to both the Faculty Association and the affected employee;
- b. Upon the request of the Faculty Association the issue of the employee's layoff shall be referred to the Lay-off Committee referred to in Articles 6.4 of both the Common and Local Agreement.

6.4.8 A Lay-off Committee shall be instituted upon the execution of this collective agreement and shall consist of four persons, two appointed by the Faculty Association and two appointed by the College and may be increased or decreased as mutually agreed to from time to time.

6.4.9 The duties of the Committee shall be as follows:

- a. To consider the reasons for the lay-off;
- b. To consider the alternatives to the lay-off;
- c. To consider whether or not the faculty employee proposed to be laid-off is competent and/or qualified to instruct in other

disciplines within the College in respect of which he or she may exercise his or her seniority;

- d. To consider whether or not part-time faculty appointments may be terminated to permit the laid-off employee to be retained. If the reason for lay-off is a demonstrated shortage of funds (6.4.6), this provision shall not apply;
- e. To consider whether or not sessional appointments should be terminated to permit the laid-off employee to exercise his/her seniority to be retained;
- f. To consider whether or not the seniority of the proposed employee to be laid-off permits him or her to exercise a right to seek an appointment elsewhere within the bargaining unit.

6.4.10 The Committee shall have the authority to indicate its approval or disagreement with the decision of the College to effect the lay-off notice where a majority of the members so agree. In the event that the Committee is unable to agree on a recommendation, either party may refer the areas of disagreement to one of the named arbitrators 3.6 for final and binding decision. The arbitrator shall have full authority, including the right to rescind the lay-off, to resolve the areas of disagreement as specified in this article.

6.4.11 In any event the Committee and third party procedure must be concluded by July 31st unless changed by mutual agreement between the parties.

6.4.12 Any references or records pertaining to faculty employees whose appointments are terminated or non-renewed under this Article (6.4) shall clearly point out the reasons for lay-off or non-renewal and shall explicitly state that such action has

not been the result of proper cause as defined in Article 8.4.

- 6.4.13 If, after termination or non-renewal of a faculty appointment under the provision of 6.4, the Board subsequently finds it can increase faculty strength in a specific discipline, the Board shall offer reappointment to those former employees who are qualified for the discipline in question and who have had their appointments terminated or not renewed within the previous twenty-five (25) months from the termination or non-renewal under 6.4. This shall also include employees who have accepted reassignments outlined in 6.4.9 within the previous three (3) years from the date of reassignment. Such offers of reappointment shall be made in the reverse order of seniority subject to the faculty employee's qualifications for the discipline in question. In order to remain eligible for recall under this provision, the former faculty employee must keep the Human Resources Department informed of his/her mailing address and telephone number and must promptly report any changes therein. This does not preclude the College from appointing a new faculty employee to a position to be established in the period beyond the twenty-five (25) months from termination or non-renewal under Article 6.4.
- 6.4.14 Employees in receipt of recall notice shall have thirty (30) days to indicate their acceptance of the offer. Employees who do not reply to a recall notice or who refuse a recall notice shall be deemed to have resigned from the College and shall lose their seniority and right to recall.
- 6.4.15 Lay-off for faculty appointees under 6.4 shall occur only on July 31st. Termination or non-renewal of appointment for faculty employees on probationary appointments (5.3.2) under 6.4 shall occur four (4) months following written notice.

Termination of appointments that result from the proposed employee to be laid off exercising

his/her seniority for displacement within the bargaining unit (6.4.9) shall be effective on the date specified in the original notice to the proposed employee to be laid off. Faculty appointees terminated as a result of displacement shall be given a minimum of two (2) months notice or pay in lieu of notice and severance pay as specified in Article 6.7.1. Sessional appointees terminated as a result of displacement will be entitled to the notice and severance pay as guaranteed by provincial statute.

6.5 Completion of Appointment - Regular Faculty Employees

Faculty employees whose employment with the College shall end with the completion of their current working year are free to leave the College and to receive by normal payments the balance of the salary stated in the Agreement when they have completed all contractual obligations, excluding professional development. In lieu of professional development entitlement for faculty employees, other than sessionals, in the final year of employment the College shall pay the equivalent of two weeks salary at the faculty employee's current rate. In the event that the faculty employee has already taken two weeks or more of professional development entitlement earned in their final year, this payout shall be waived.

6.6 Non-Regular Seniority

- 6.6.1 a. A faculty employee who has completed twenty-five (25) cumulative weeks of appointment at the same campus, who has received no unsatisfactory evaluations, and who is given a reappointment to a further position within eight (8) calendar months from the completion of the last appointment shall be entitled to the recall rights established in 6.6. For the purposes of Article 6.6, appointment durations include preparation, professional development and vacation time. Both consecutive and intermittent positions (exclusive of sessional positions of four (4) weeks or less) separated by five (5) months or less must count towards this total. Any extension of four (4) weeks to an appointment constitutes a reappointment.
- b. For the purposes of the calculations of cumulative service in 6.6.1a sessional appointments shall be expressed in weeks.
- e. For the purposes of calculation of cumulative service in 6.6.1a. part-time appointments shall be converted to weeks as follows:
- | | |
|-----------|---|
| Type 1 | $\frac{\text{Length of appointment in hours}}{12 \text{ hours}} = \text{weeks}$ |
| Type 2 | $\frac{\text{Length of appointment in hours}}{16 \text{ hours}} = \text{weeks}$ |
| Type 3, 4 | $\frac{\text{Length of appointment in hours}}{20 \text{ hours}} = \text{weeks}$ |
- 6.6.2 When a sessional or part-time position becomes available at a campus, it shall be offered to the individual who is entitled to recall, who is qualified, who has the greatest cumulative service at that campus, and who has not received unsatisfactory evaluations.
- 6.6.3 If the offer of an appointment is turned down, the appointment shall be offered to the qualified

individual who is entitled to recall with the next greatest cumulative service at that campus, provided he/she has not received unsatisfactory evaluations.

6.6.4 A record of cumulative service will cease when two (2) years have passed without employment with the College at the same campus location; and/or the individual fails to keep the Human Resources office informed in writing of his/her current address and telephone number.

- 6.6.5
- a. If an individual refuses two (2) consecutive offers of appointments under the conditions of this Article, the College reserves the right to terminate his/her recall rights. This right shall not be exercised unreasonably.
 - b. When an employee informs the Human Resources Manager in writing that he/she will not be available for work during a specific period up to one calendar year, the College shall not make offers of appointment during the period.

The employee may extend the period for which he/she is unavailable for work to a maximum of twenty-four (24) months after which the employee must be available for work for at least one year prior to being eligible for another extended period when unavailable.

6.6.6 It shall be the responsibility of the person on the recall list to keep the College informed in writing to the Human Resources of increased qualifications, current address and telephone number, and changes in employment availability (time of day, type of work - sessional, part-time).

6.6.7 It shall be the College's responsibility to canvass all appointees by January 1 of each year to ascertain current qualifications, employment

availability and instructional interests of each employee. The College shall forward a list of this information to the Faculty Association. Such information shall be used to determine the qualifications and availability of the employee for purposes of appointment selection.

- 6.6.8 On May 31 and October 31 of each year the Non-Regular Seniority List shall be updated. A copy of the updated list shall be sent to the Faculty Association within two (2) weeks.
- 6.6.9 Full-time faculty appointees who have undergone layoff under the provisions of 6.4 shall have their seniority credited for the purposes of the Non-Regular Seniority List, and shall be offered sessional or part-time appointments for which they are qualified *under the provisions 6.6.2.
- 6.6.10 A full-time faculty appointee who accepts an offer of an appointment shall be entitled to professional development time, vacation entitlement and preparation time in accordance with 6.6.1. The appointment shall not affect a full-time appointee's severance pay entitlement (as described in 6.7). The appointment period will count towards the faculty appointee's seniority on the Non-Regular Seniority List.
- 6.6.11 A full-time appointee's right to recall shall be in accordance with 6.4.13, superceding the provisions of 6.6.4.
- 6.6.12 A refusal of an offer of an appointment shall not affect a laid-off faculty appointee's severance pay (6.7), re-appointment to a full-time position (6.4.13), or further offers of employment during the lay-off period.

Severance Pay

- 6.7 Severance Pay - Full-time Faculty Employees

- 6.7.1 Faculty appointees released under 6.4 shall receive severance pay in accordance with the following provisions:
- a. one (1) month's salary at the current salary rate for each year of a faculty appointee's seniority to a maximum of seven (7) months' salary;
 - b. an additional two (2) months' salary at the current salary rate for faculty appointees with eleven years of seniority; and
 - c. an additional two (2) months' salary at the current salary rate for faculty employees with fifteen (15) years of seniority.

6.7.2 Recall of employees who have received a payment as per 6.7.1 will be conditional on the employee repaying to the College an amount equal to the payment for: severance payment made under 6.7.1 MINUS the number of months laid off equated in salary. Repayment of this amount shall be on reasonable terms.

6.8 Severance Pay - Regular Part-time Faculty and Faculty on the Non-Regular Seniority List

- a. Where the College has not offered appointments for two consecutive years, the employee shall be entitled to prorated severance pay. Severance pay shall be prorated on the basis of the average annual hours worked in the two (2) year period immediately prior to the cessation of available work taken as a percentage of the maximum hours of a full-time faculty employee in the applicable work load classification. Seniority shall be based upon the length of continuous service immediately prior to the cessation of available work, and shall not include the two (2) year period where no appointments were offered.

- b. Only employees on the Continuing Part-time list as of March 31, 1998, Regular Part-time employees, and employees who would subsequently earn the right to go on the list under the Collective Agreement covering April 1, 1996 to March 31, 1998, shall be entitled to the severance provisions of Article 6.8 a, pending mutual agreement by the parties to any changes. It is agreed that the "average annual hours worked" referred to in Article 6.8 a excludes hours worked on sessional appointments, pending mutual agreement by the parties to any changes.

The College and the Faculty Association agree that while these procedures do not apply to part-time vacancies, the intention is to involve faculty in selection and hiring of part-time faculty as circumstances permit and as it is practical.

In such cases, the parties shall mutually agree to replacement procedures. Such circumstances may include regional campus circumstances or emergency situations.

7. EVALUATION OF FACULTY

7.1 General

- 7.1.1 The primary purpose of evaluation for full-time faculty is to assess performance in order to improve professional competence and effectiveness.
- 7.1.2 The primary purpose of evaluation for part-time faculty is to assess performance in order to maintain or improve the quality of College programme delivery in the public interest.
- 7.1.3 Evaluations should provide feedback and information, guidance and suggestions for the future growth of the faculty employee. It is recognized that the evaluation may also be used to provide information to the administration for purposes of determining renewal or termination of contracts and advancement on the salary scale and of recognizing outstanding performance.
- 7.1.4 Responsibility for the initiation of the evaluation process rests with the Director/Dean/Regional Manager or Vice President, as appropriate. The Director/Dean/Regional Manager or Vice President is responsible for ensuring that the evaluation procedures, as outlined in Article 7.2 are followed.
- 7.1.5 Regular faculty appointees may be formally evaluated annually. Sessional, Probationary and Part-time who are not regularized faculty employees may be evaluated each semester. Sessional faculty employees whose appointments are for a period of one semester or less may be evaluated once during each appointment. In addition, evaluations may be carried out at any time at the faculty employee's request. Only in cases of specific and serious complaints presented to the Vice President, evaluations, in addition to those previously specified, may be carried out at the Director/Dean/Regional

Manager's or Vice President's discretion. In the absence of a formal evaluation, the performance shall be assumed to be satisfactory.

7.2 Evaluation Procedures

- 7.2.1 Evaluation procedures designed to fairly and adequately assess performance of full-time faculty employees shall be established and reviewed annually by the * Vice President, after consultation with appropriate faculty groups at divisional/departmental meetings for their recommendations.
- 7.2.2 Evaluation procedures designed to fairly and adequately assess performance of part-time faculty employees shall be established and reviewed periodically by the * Vice President, after consultation with appropriate faculty groups at divisional/departmental meetings for their recommendations.

- 7.2.6 The faculty employee shall be given the opportunity to make written comments which shall be entered into the faculty employee's file with the evaluation.

8. PERSONNEL RECORDS, DISCIPLINE, SUSPENSION AND DISCHARGE8.1 Personnel Files

8.1.1 During normal working hours, and in the presence of the Human Resources Manager or his/her designate, every faculty employee has the right of access to his/her personnel record. Upon presentation of a written request from the faculty employee and for that specific occasion only, a Director of the Faculty Association has the right of access to that faculty employee's personnel record, during normal working hours, and in the presence of the Human Resources Manager or his/her designate. Every faculty employee shall receive a copy of any document which may be the basis of disciplinary action at the time that the document is inserted in the personnel file. A faculty employee shall receive, upon request, a copy of any document in his/her personnel file.

8.1.2 The personnel file shall contain only valid and relevant material. The faculty employee may request, in writing at any time, that material be removed from his/her personnel file.

At an employee's request, the College shall add an employee's response to any document on his/her personnel file.

8.1.3 Documents of a disciplinary nature shall be removed from an employee's personnel file after a period of:

a. 36 months for discipline which involves a suspension or an issue which involves the health and safety of students.

b. 24 months for all other discipline

provided there has been no further infraction within the above time limits.

8.2 Discipline - Part-time Faculty Employees who are not Regularized

8.2.1 The Faculty Association recognizes the College's right to discipline, suspend, and discharge part-time faculty employees for just cause subject to the terms and conditions of this Agreement.

8.2.2 No part-time faculty employee shall be disciplined or suspended except for just cause. A part-time faculty employee shall be suspended for disciplinary reasons only upon the written authority of the President.

8.2.3 A part-time faculty employee considered by the Faculty Association to be wrongfully or unjustly disciplined, suspended, or discharged shall be entitled to recourse under the grievance procedure in accordance with Article 3 of this Agreement.

8.2.4 A part-time faculty employee has the right to have a third party representative present at any meeting regarding his/her discipline, suspension, or discharge.

8.3 Suspension

8.3.1 Suspension shall be preceded or accompanied by notice, in writing, giving reasons for the duration of the suspension.

8.3.2 In cases of suspension, the President shall report the action to the Board with a statement of his/her reasons.

8.3.3 The faculty employee, in accordance with Section 26(4), College and Institute Act 1979, may appeal the suspension to the Board.

8.3.4 The President may suspend a full time or regular faculty employee from any or all of his/her faculty responsibilities when he/she has reasonable grounds for believing that the presence of the faculty employee is detrimental to the

well-being or functioning of the College. Suspension shall normally precede or accompany action under 8.5 or 12.10 and shall terminate when such action is complete.

- 8.3.5 Suspension of a full-time or regular faculty employee may be with or without pay and benefits. However, consistent with a progressive disciplinary model, an episode of suspension with pay and benefits will normally precede an episode of suspension without pay and benefits.

8.4 Dismissal - Full-time and Regular Faculty Employees

- 8.4.1 An appointment may be terminated for proper cause. Demonstration of proper cause is the responsibility of the College, as represented by the President, and shall constitute sufficient reason for dismissal. Cause shall be:
- a. gross misconduct,
 - b. persistent neglect of faculty responsibilities (where neglect shall be taken to mean failure to correct deficiencies which have been indicated in evaluations),
 - c. professional incompetence directly related to faculty responsibilities.

The specific reasons for the termination of an appointment for proper cause shall be stated, in writing, by the President. A decision to terminate a faculty employee's appointment for proper cause may be appealed to the Board.

8.5 Dismissal Procedures

- 8.5.1 When the President determines that there is proper cause for dismissal, he/she shall notify the faculty employee and the Directors of the Faculty Association, in writing, outlining the reasons for this determination and stating any charges which have been made and by whom they were made.
- 8.5.2 Within seven (7) calendar days of such notification, the President shall meet with the faculty employee for a full and frank discussion of the reasons for the proposed dismissal. Each party may be accompanied by observers or advisors of his/her choice. Within four (4) calendar days of the meeting:
- a. the President may decide to withdraw dismissal proceedings, or
 - b. the faculty employee may decide to offer his/her resignation, or
 - c. the President may decide to recommend dismissal to the Board.
- 8.5.3 The faculty employee shall have the right to appear before the Board at the time a recommendation for dismissal is made, and to present or have presented his/her arguments to the Board. He/she may be accompanied by observers or spokespersons of his/her choice.
- 8.5.4 The Board shall notify the faculty employee and the Directors of the Faculty Association with respect to any dismissal recommendation, in writing, within seven (7) calendar days after such a decision has been reached.
- 8.5.5 For full-time faculty and regular employees full pay and benefits shall continue during the period of the dismissal proceedings. Upon written receipt by the faculty employee of the Board's dismissal recommendation, pay and benefits shall cease. (from 8.5.4)

8.6 Appeal Against Dismissal

8.6.1 If the Board accepts a dismissal recommendation (see 8.5), the faculty employee shall have the right, within twenty (20) calendar days from the time of notification of the Board's decision, to submit an appeal to an Arbitration Board under 3.6.

8.7 Failure to Report for Duty - Part-time Faculty Employees who are not Regularized

8.7.1 A part-time faculty employee who fails to report for duty for two (2) consecutive classes without informing the College of the reason for his/her absence shall be presumed to have abandoned his/her position (see Article 8.7.2).

8.7.2 A part-time faculty employee shall be afforded the opportunity to rebut such presumption and demonstrate that there was just cause for not informing the College.

9. TECHNOLOGICAL CHANGE9.1 Technological Change

9.1.1 Definition: For the purposes of this Agreement, the term "technological change" means changes introduced by the College in the manner in which it carries out teaching operations and services where such change or changes affects the terms and conditions or security of employment of any member of the bargaining unit or alters the basis on which this Agreement was negotiated.

9.1.2 When the College is considering the introduction of a technological change:

- a. The Board agrees to notify in writing the Directors of the Faculty Association as far as possible in advance of its intention and to update the information provided as new developments arise and modifications are made.
- b. The foregoing notwithstanding, the Board shall provide the Directors of the Faculty Association at least six (6) months notice that a technological change is intended, with a detailed description of the change it intends to carry out.

9.1.3 The notice mentioned in 9.1.2 shall be given in writing and shall contain pertinent data including:

- a. the nature of the change;
- b. the date on which the Board proposes to effect the change;
- c. the approximate number, type and location of faculty employees likely to be affected by the change;

- d. the effects the change may be expected to have on the faculty employees' working conditions and terms of employment;
 - e. other pertinent data relating to the anticipated effects on faculty employees.
- 9.1.4 The notice mentioned in 9.1.2 and information listed in 9.1.3 shall also be given to the faculty employees likely to be affected.
- 9.1.5 Where the Board has notified the Directors of the Faculty Association of its intention of introducing a technological change, the parties undertake to meet within the next thirty 30 days in an effort to reach agreement on solutions to the problems arising from this change as they affect faculty employees.
- 9.1.6 Agreements reached between the parties under 9.1.5 shall be concluded in written form and such agreement shall have the same effect as the provisions of the existing Collective Agreement and shall be subject to the grievance procedure.
- 9.1.7 Where the parties do not reach agreement within three (3) months of the commencement of formal negotiations and where various matters relating to the affected faculty employees remain unresolved, either party may refer such matters to arbitration under 3.6.
- 9.1.8 Technological change must not be introduced by the Board while the matter is under discussion and/or dispute resolution under the terms of 9.1.5, 9.1.6, or 9.1.7.
- 9.1.9 Grievances over the application of Article 9.1 shall commence at Step 2 (i.e., the President) and shall be dealt with as expeditiously as possible.

9.2 Introduction and Evaluation of Self-Instructional
or Pre-packaged Courses

9.2.1 The provisions outlined in this section (9.2.1 to 9.2.6) supersede the requirements outlined in 9.1.1 to 9.1.9 inclusive insofar as the introduction and evaluation of self-instructional or pre-packaged courses are concerned.

9.2.2 Based on its commitment to educational excellence, the College shall provide face-to-face instruction mode over alternate forms of delivery. However, it may be that in the course of making educational opportunities accessible to all of the people in the College region, that alternate or mixed modes of delivery are necessary.

9.2.3 It is agreed that where the College wishes to develop or introduce self-instructional courses (correspondence) or introduce pre-packaged courses, the professional standard of such courses is of utmost concern to all involved. These courses must meet professional standards or they shall not be offered through the College. If such courses are being developed or introduced, recognizing that it is not possible to delineate a method which would be universally appropriate for the evaluation of all of the diverse curriculum available and for the many situations within which it will be developed and utilized, the College and the Faculty Association will strike a Committee to devise a process for evaluating these courses at the initiation of the project.

9.2.4 The Committee members shall consist of the course writer(s) when the course is being developed by the College or a person with appropriate expertise when the course is pre-packaged, the administrator responsible for the programme area or his/her designate, a person with curriculum development expertise, and one or more faculty with content or related content expertise. Committee members other than the course writer(s) and the administrator shall be by mutual agreement of the

Faculty Association and the College. Representatives of relevant professional bodies may be invited to serve as deemed appropriate by the Committee.

- 9.2.5 The Committee shall develop a comprehensive evaluation plan to ensure that the courses meet professional standards. Where the courses are developed by the College, this plan will include a formative evaluation during the development of the course as well as a summative evaluation after the course has been piloted. Students cannot be enrolled in pilot offerings of self-instructional courses or pre-packaged courses prior to the determination that the courses are of a professional standard through the evaluation process as specified by the Committee. Any deficiencies identified by a summative evaluation process after piloting the course must be corrected before the course may be offered again.
- 9.2.6 The work of the Committee will be deemed to be complete when a process for evaluation has been established. The process that the Committee establishes shall include (but not be limited to):
- a. a means for determining whether or not the course meets professional standards;
 - b. a procedure for assessing and, where appropriate, pilot testing the course;
 - c. timelines for completing the evaluation process;
 - d. a means for appraising whether or not the evaluation process has been adhered to;
 - e. a means to ensure that the input of all affected parties will be considered within the evaluation process.

If the Committee is unable to establish a process for evaluation, the issue shall be referred to a three person external committee. One member of the committee shall be chosen by the College, one member shall be chosen by the Faculty Association, and the third member chosen by the first two members. The external committee's recommendations for the establishment of an evaluation process are binding on both the Board and the Faculty Association.

9.3 Introduction of Courses Transmitted Live

It is agreed that in order to maintain instructional excellence and facilitate the use of live electronic transmission systems, the following provisions must be met:

- 9.3.1 The courses must meet a professional standard which is to be evaluated during their initial presentation according to the procedures outlined in Section 9.2.3 to 9.2.6 inclusive.
- 9.3.2 Courses presented by live electronic transmission systems include, but are not limited to, interactive instructional television, television, radio, and other electromagnetic delivery systems which do not allow the entire course to be assessed before delivery to the students.
- 9.4 Protection of Instructional Methodology & Materials

The College shall not make use of any faculty employee's lecture, laboratory, written or other course materials in such a way as to replace the actual services of any incumbent faculty employee. The College also agrees not to furnish such materials to any outside agency for rebroadcast or any other use without the employee's permission. The College shall not substitute electronic, self-instructional, package, pre-programmed educational services, or other purchased programmes or devices for the services performed by a faculty employee if any faculty employee's appointment as a faculty employee would be terminated. This article supersedes any other provisions of the contract pertaining to job security.

10. FACULTY WORKLOAD10.1 Faculty Classification

10.1.1 All full-time faculty employees shall be classified according to the type of position they fill as listed in this contract. These classifications must not be changed or deleted without the agreement of the Faculty Association. If new positions are created during the life of this contract, the classification shall be made with the mutual agreement of the Board and the Faculty Association; if mutual agreement cannot be reached, the issue goes to binding arbitration under Article 3.6.

If new Arts and Science courses or new Type 1(b) or Type 1(c) programmes are created during the life of this Agreement, the placement in the classification categories will be made with the mutual agreement of the Board and the Faculty Association; if mutual agreement cannot be reached, the issue goes to binding arbitration under Article 3.6.

10.1.2 All part-time faculty employees shall be classified according to the type of programme area in which they instruct as listed in this agreement and as stated on their hiring form.

10.2 Workload for Type 1(a) Faculty Employees

10.2.1 A faculty employee teaching a workload of twelve (12) or more instructional hours per week, including equivalent duties provided for in this Agreement (see 2.4.1, 4.7, 5.6, 10.10, 10.2.11, 10.14, 10.15, and 10.17) is a full-time faculty employee.

10.2.2 A full-time faculty employee, other than a laboratory demonstrator, may be required during each teaching semester to instruct in his/her area of competence only one of the following: either

- a. a maximum of fifteen (15) lecture or seminar hours per week; or
- b. a maximum of sixteen (16) hours per week where at least one (1) laboratory or tutorial hour per week is taught in combination with lecture or seminar hours, where the laboratory section is directly associated with one of the lecture/seminar sections; or
- c. a maximum of eighteen (18) hours per week where more than three (3) laboratory hours per week are taught; or
- d. a maximum of eighteen (18) hours per week where two (2) or three (3) laboratory hours per week are taught in combination with lecture or seminar hours providing the faculty employee agrees and providing the student enrolment on the first day of classes was on the average less than 60% full for the classes taught by the faculty employee concerned; or
- e. a maximum of twelve (12) lecture or seminar hours per week where four (4) three-hour per week lecture or seminar preparations, or their equivalent, are taught; or

- f. a maximum of fifteen (15) lecture or seminar hours per week and an additional three (3) laboratory or tutorial hours per week where no more than two (2) three-hour per week preparations, or their equivalent, are taught.

These workloads may be altered only with the written agreement of the Faculty Association.

- 10.2.3 A full-time laboratory demonstrator may be required during one teaching semester to instruct no more than twenty-one (21) hours per week, and in the remainder of the teaching semester(s) no more than eighteen (18) hours per week in his/her area of competence.

- 10.2.4 At any given time during a teaching semester, a full-time faculty employee, other than laboratory demonstrator, shall not be assigned:

- a. more than four (4) three-hour per week lecture or seminar preparations or their equivalent;
- b. more than three (3) three-hour per week lecture or seminar preparations if two or more of the preparations are for courses with no laboratory/clinical component which the faculty employee has not taught in the previous three years.
- c. more than three (3) three-hour per week lecture or seminar preparations if one or more of the preparations is for a course with a laboratory/clinical component which the faculty employee has not taught at the College in the previous three years.
- d. more than five (5) three-hour per week course sections or their equivalent (excluding laboratory sections);

- e. more than three (3) three-hour per week course sections or their equivalent of any one course;
 - f. laboratory sections of more than one course for which he/she is not teaching a lecture section.
- 10.2.5 Each hour of a self-instructional course, as described in Article 9.2, shall be considered the equivalent of a laboratory hour in calculating a full-time faculty employee's workload. It is intended that the actual work for the faculty employee involved in a three-hour self-instructional course shall be approximately the same as the work involved in the preparation, marking, and delivery of a three-hour laboratory section. Such a workload shall not include more than two different self-instructional courses at any one time. Each self-instructional course shall not require more than two student-contact hours per week of the faculty employee's time.
- 10.2.6 Any dispute between a full-time faculty employee and the appropriate administrator concerning credit for any workload resulting from the presentation of a self-instructional course shall be resolved prior to the commencement of the course. Such resolution requires the written approval of the faculty employee.
- 10.2.7 With the written agreement of the full-time faculty employee, the total number of instructional hours or course preparations per week may be varied in different weeks so long as the average number of hours or course preparations per week does not exceed the appropriate maxima in 10.2.2, 10.2.3, 10.2.4 or 10.2.5. This does not prevent the assignment, in any one semester, of a workload which is at or below the appropriate maxima set out in 10.2.2, 10.2.3, 10.2.4, or 10.2.5.

For the purpose of this sub-article, the number of instructional hours or course preparations shall

be the average number taken over the two teaching semesters of the working year.

- 10.2.8 A full-time faculty employee shall be available to students for consultation for five (5) scheduled office hours per week. A regular part-time faculty employee shall have pro-rated office hours. The faculty employee shall submit the times of his/her office hours to the appropriate Director/Dean/Regional Manager on request.
- 10.2.9 Full-time faculty employees with no previous teaching experience shall be given three or fewer preparations in their first year of teaching.
- 10.2.10 An overload is a workload in excess of the maxima designated in 10.2.2, 10.2.3, 10.2.4, or the overall student load referred to in 10.2.13. Overloads shall be undertaken only in exceptional circumstances and are not a long-term solution. An overload shall be permitted only upon written agreement between the faculty employee and the appropriate Director/Dean/Regional Manager. A faculty employee teaching an overload shall receive payment at the overload rate. No more than the maximum number of students allowed per section under 10.2.13 may be enrolled in any section taught as an overload. Such an overload allows for an increase in the overall student load referred to in 10.2.13 but the overall student load must not exceed 175 students at any given time.
- 10.2.11 Full-time faculty employees who have a teaching load of less than twelve (12) hours per week may be required by their Director/Dean/Regional Manager to carry out other duties subject to 4.2, 4.7, 5.6, and 10.10. Article 10.11 (Non-Teaching Functions) is not applicable in this event. For the purposes of evaluation only (Article 7), non-teaching assignments shall be considered on a proportional basis to the amount of maximum teaching load and shall not exceed 40% consideration in any event. Such assignments are

not to be used in place of or for discipline, or as a substitute for a Coordinator's appointment.

10.2.12 At any time during a teaching semester, a faculty employee shall not be assigned a teaching schedule which includes:

- a. more than three (3) consecutive lecture or seminar hours; or more than four (4) consecutive lecture-laboratory, seminar-laboratory, or back-to-back laboratory hours without a half (1/2) hour break;
- b. more than eight (8) instructional or six (6) lecture hours per calendar day;
- c. a teaching responsibility which commences before 10:00 hours on the day following an evening lecture, seminar or laboratory section which terminates after 21:00 hours;
- d. a working day consisting of more than twelve (12) hours from the beginning of the first work assignment to the end of the last work assignment;
- e. more than two (2) evening classes per week for full-time faculty employees only (for the purpose of this sub-article "evening classes" shall refer to those classes where scheduled instruction continues past 19:00 hours);

without the prior written permission of the full-time or regular part-time faculty employee. In the case of probationary and sessional appointees, the permission of the Faculty Association is also required. In the case of part-time faculty who are not regularized, sections a-d above shall not be altered.

The teaching schedule of a part-time faculty employee shall include at least one forty-eight (48) hour break in each seven working days.

- 10.2.13 Except for self-instructional courses,
- a. no more than 37 students shall be allowed per section;
 - b. no more than 25 students shall be allowed per technical writing section;
 - c. no more than 20 students shall be allowed per university transfer lab or writing section. Maximum lab sizes for technical/career courses shall be determined by the appropriate Director/ Dean/Regional Manager in consultation with the faculty employees having due regard for available facilities and course objectives.

With the regular employee's written permission, the class size may be increased by 5 students. In the case of probationary, sessional, and part-time appointees who are not regularized or when the class size is to exceed the maxima by more than 5, the written permission of the Faculty Association is also required.

For full-time faculty, but excluding University Transfer English instructors, the overall student load shall be 145 students averaged between the two teaching semesters, but must not exceed 150 students at any given time. For full-time University Transfer English instructors the overall student load shall be 135 students averaged between the two teaching semesters, but must not exceed 140 students at any given time. (For the purpose of this sub-article, student load calculations shall be based on enrolment data two weeks subsequent to the commencement of classes.)

For full-time laboratory demonstrators, the overall student load shall be 120 students averaged between the two teaching semesters, but must not exceed 125 students at any given time.

- 10.2.14 For part-time faculty the overall student load must not exceed 100 students at any given time.
- For part-time laboratory demonstrators the overall student load must not exceed 80 students at any given time.
- 10.2.15 The above student loads are based on 3 hour per week sections and shall be prorated for any variation in section duration, and in the case of University Transfer English a combination of other disciplines.
- 10.2.16 Type 1(a) regular faculty employees shall be expected to devote the balance of the working year not set aside for vacation or professional development to other College activities such as teaching short courses up to a total of ten (10) hours, lecture or laboratory preparation, committee assignments, inventory or library research (subject to 4.1, 4.2, 4.7).
- 10.2.17 Part-time faculty employees who are not regularized shall be entitled to preparation time. Preparation time shall be calculated at the rate of five percent (5%) of regular scheduled hours (5.7c), and shall be added at the commencement of the appointment.
- 10.2.18 The maximum number of students allowed per section in new professional programmes shall be negotiated by the College and the Faculty Association according to requirements established by the relevant professional body. If mutual agreement cannot be reached, the issue shall be resolved through the grievance and arbitration procedure (Article 3), beginning at the second stage (Article 3.4.2).
- 10.2.19 For full-time faculty employees "teaching semester" applies to the Type 1(a) workload classification (10.2) and denotes the fifteen (15)

to sixteen (16) week period of scheduled classes (including exams and field work) falling between August 15 and December 20 and between January 1 and May 15.

With the faculty employee's written permission, the College may assign a workload which is equivalent to the teaching load specified in Type 1, but which is not subject to the dates specified in the afore-mentioned articles. In the case of probationary and sessional appointees the permission of the Faculty Association is also required.

10.2.20 A full-time faculty employee may be expected to teach courses with an extended semester of up to twenty (20) weeks. For an extension of up to fifteen (15) workload hours, such a faculty employee shall receive five (5) consecutive working days additional vacation between the fall and spring semesters; the days shall be at the faculty employee's discretion within that period. The faculty employee shall receive an equivalent workload reduction or payment at the overload rate for each additional workload hour in excess of fifteen (15) hours.

10.2.21 A full-time faculty employee may teach a combination of Type 1(a), Type 1(b) and Type 1(c) workload classifications. Workload limits specified in 10.2, 10.3, and 10.4 shall be pro-rated according to the classification and shall not exceed 100% in total.

10.3 Workload for Type 1(b) Faculty Employees

10.3.1 A faculty employee teaching a workload of twelve (12) or more Type 1(b) instructional hours per week, including equivalent duties provided for in this Agreement (see 2.4.1, 4.7, 5.6, 10.3.11, 10.10, 10.14, 10.15 and 10.17) is a full-time faculty employee.

10.3.2 A full-time faculty employee, other than a laboratory demonstrator, may be required during each teaching year to instruct in his/her area of competence only one of the following: Either

- a. a maximum of fifteen (15) lecture or seminar hours per week; or
- b. a maximum of eighteen (18) hours per week where more than three (3) laboratory hours per week are taught; or
- c. a maximum of eighteen (18) hours per week where no more than fifteen (15) lecture or seminar hours consisting of four (4) sections or fewer are taught in combination with directly associated laboratory hours; or
- d. a maximum of twelve (12) lecture or seminar hours per week where four (4) three-hour per week lecture or seminar preparations, or their equivalent are taught.

These workloads may be altered only with the written permission of the Faculty Association.

10.3.3 A full-time laboratory demonstrator may be required during one teaching semester to instruct no more than twenty-one (21) hours per week, and in the remainder of the teaching semester(s) no more than eighteen (18) hours per week in his/her area of competence.

- 10.3.4 At any given time during a teaching year, a Type 1(b) full-time faculty employee, other than a laboratory demonstrator, shall not be assigned:
- a. more than four (4) three-hour per week lecture or seminar preparations or their equivalent;
 - b. more than three (3) three-hour per week lecture or seminar preparations if two or more of the preparations are for courses with no laboratory/clinical component which the faculty employee has not taught in the previous three years.
 - c. more than three (3) three-hour per week lecture or seminar preparations if one or more of the preparations is for a course with a laboratory/clinical component which the faculty employee has not taught at the College in the previous three years.
 - d. more than five (5) three hour per week course sections or their equivalent (excluding laboratory sections);
 - e. more than three (3) three-hour per week course sections or their equivalent of any one course;
 - f. laboratory sections of more than one course for which he/she is not teaching a lecture section.
- 10.3.5 Each hour of a self-instructional course, as described in Article 9.2, shall be considered the equivalent of a laboratory hour in calculating a full-time faculty employee's workload. It is intended that the actual work for the faculty employee involved in a three-hour self-instructional course shall be approximately the same as the work involved in the preparation, marking, and delivery of a three-hour laboratory section. Such a workload shall not include more

than two different self-instructional courses at any one time. Each self-instructional course shall not require more than two student-contact hours per week of the faculty employee's time.

10.3.6 Any dispute between a full-time faculty employee and the appropriate administrator concerning credit for any workload resulting from the presentation of a self-instructional course shall be resolved prior to the commencement of the course. Such resolution requires the written approval of the faculty employee.

10.3.7 With the written agreement of the full-time faculty employee, the total number of Type 1(b) instructional hours or course preparations per week may be varied in different weeks so long as the average number of hours or course preparations per week does not exceed the appropriate maxima in 10.3.2, 10.3.3, 10.3.4 or 10.3.5. This does not prevent the assignment, in any one semester, of a workload which is at or below the appropriate maxima set out in 10.3.2, 10.3.3, 10.3.4, or 10.3.5.

For the purpose of this sub-article, the number of instructional hours or course preparations shall be the average number taken over the teaching year.

10.3.8 A full-time faculty employee shall be available to students for consultation for five (5) scheduled office hours per week. A regular part-time faculty employee shall have pro-rated office hours. The faculty employee shall submit the times of his/her office hours to the appropriate Director/Dean/Regional Manager on request.

10.3.9 Full-time faculty employees with no previous teaching experience shall be given three or fewer preparations in their first year of teaching.

10.3.10 An overload is a workload in excess of the maxima designated in 10.3.2, 10.3.3, 10.3.4, or the overall student load referred to in 10.3.13.

Overloads shall be undertaken only in exceptional circumstances and are not a long-term solution. An overload shall be permitted only upon written agreement between the faculty employee and the appropriate Director/ Dean/Regional Manager. A faculty employee teaching an overload shall receive payment at the overload rate. No more than the maximum number of students allowed per section under 10.3.13 may be enrolled in any section taught as an overload. Such an overload allows for an increase in the overall student load referred to in 10.3.13 but the overall student load must not exceed 175 students at any given time.

- 10.3.11 Type 1(b) full-time faculty employees who have a teaching load of less than twelve (12) hours per week may be required by their Director/Dean/Regional Manager to carry out other duties subject to 4.2, 4.7, 5.6, and 10.10. Article 10.11 (Non-Teaching Functions) is not applicable in this event. For the purposes of evaluation only (Article 7), non-teaching assignments shall be considered on a proportional basis to the amount of maximum teaching load and shall not exceed 40% consideration in any event. Such assignments are not to be used in place of or for discipline, or as a substitute for a Coordinator's appointment.
- 10.3.12 At any time during a teaching semester, a faculty employee shall not be assigned a teaching schedule which includes:
- a. more than three (3) consecutive lecture or seminar hours; or more than four (4) consecutive lecture-laboratory, seminar-laboratory, or back-to-back laboratory hours without a half (1/2) hour break;
 - b. more than eight (8) instructional or six (6) lecture hours per calendar day;

- c. a teaching responsibility which commences before 10:00 hours on the day following an evening lecture, seminar or laboratory section which terminates after 21:00 hours;
- d. a working day consisting of more than twelve (12) hours from the beginning of the first work assignment to the end of the last work assignment;
- e. more than two (2) evening classes per week for full-time faculty employees only (for the purpose of this sub-article "evening classes" shall refer to those classes where scheduled instruction continues past 19:00 hours);

without the prior written permission of the regular faculty employee. In the case of probationary and sessional appointees, the permission of the Faculty Association is also required. In the case of part-time faculty who has not been regularized, sections a-d above shall not be altered.

The teaching schedule of a part-time faculty employee shall include at least one forty-eight (48) hour break in each seven working days.

10.3.13 Except for self-instructional courses,

- a. no more than 37 students shall be allowed per section;
- b. no more than 25 students shall be allowed per technical writing or communication section;
- c. no more than 24 full-time and 6 part-time students shall be allowed per Early Childhood Education Basic Programme section; no more than 24 students shall be allowed for Early Childhood Education Post-basic Programme section;

- d. the ratio of instructors to students in clinical and practicum situations shall not exceed 1:18 for Social Service Foundations; 1:10 for Early Childhood Education 190 (levels 1-2); and 1:5 for Early Childhood Education 199 (levels 3-4).
- e. Maximum lab sizes for technical/career courses shall be determined by the appropriate Director/Dean/Regional Manager in consultation with the faculty employees having due regard for available facilities and course objectives; except for Fundamental Employment Skills, in no case shall the maximum exceed 20 students.
- f. In the following courses, the enrolment maxima will be twenty-eight (28) students for both lecture and laboratory sections:

ENDT 150 Technology Graphics
 ENDT 163 Mechanical Technology 1
 ENDT 171 Civil Tech 1
 ENDT 172 Building Technology
 1
 ENDT 173 Mechanical Technology 2

With the regular faculty employee's written permission, the class size in 10.3.13(a), 10.3.13(b), or 10.3.13(e) may be increased by 5 students. In the case of probationary and sessional appointees and in the case of 10.3.13(c) or when the class size is to exceed the maxima by more than 5, the written permission of the Faculty Association is also required.

- 10.3.14 With written permission of the part-time faculty employee who has not been regularized, and with the written permission of the Faculty Association, the class size in a, b, c, or e above may be increased by 5 students.
 For full-time faculty the overall student load shall be 145 students averaged over the teaching

year, but must not exceed 150 students at any given time. (For the purpose of this sub-article, student load calculations shall be based on enrolment data two weeks subsequent to the commencement of classes.)

For full-time laboratory demonstrators, the overall student load shall be calculated by multiplying the maximum lab size by six (6) sections, averaged between the teaching semesters.

- 10.3.15 For part-time faculty the overall student load must not exceed 100 students at any given time.
- 10.3.16 The above student loads are based on 3 hour per week sections and shall be prorated for any variation in section duration.
- 10.3.17 All Type 1(b) full-time faculty employees shall receive a minimum of fifteen (15) working days of preparation time per working year. A regular part-time faculty employee shall have pro-rated preparation time. This fifteen (15) day period shall be free of instructional duties other than those normally associated with the preparation of courses (4.2.6).
- 10.3.18 Part-time faculty employees who are not regularized shall be entitled to preparation time. Preparation time shall be calculated at the rate of five percent (5%) of regular scheduled hours (5.7c), and shall be added at the commencement of the appointment.
- 10.3.19 The maximum number of students allowed per section in new professional programmes shall be negotiated by the College and the Faculty Association according to requirements established by the relevant professional body. If mutual agreement cannot be reached, the issue shall be resolved through the grievance and arbitration procedure (Article 3), beginning at the second stage (Article 3.4.2).

- 10.3.20 For full-time faculty employees in Type 1(b) programmes the teaching year denotes a maximum of thirty four (34) instructional weeks (including exam and field work) falling between August 15 and June 15.

With the full-time faculty employee's written permission, the College may assign a workload which is equivalent to the teaching load specified in Type 1, but which is not subject to the dates specified in the afore-mentioned articles. In the case of probationary and sessional appointees the permission of the Faculty Association is also required.

- 10.3.21 A full-time faculty employee may teach a combination of Type 1(a), Type 1(b) and Type 1(c) workload classifications. Workload limits specified in 10.2, 10.3 and 10.4 shall be pro-rated according to the classification and shall not exceed 100% in total.

- 10.3.22 For full-time faculty employees there shall be a maximum of five hundred and ten (510) hours of lecture or seminar hours per teaching year (including exams and field work). If laboratory and/or practicum supervision hours are also assigned (subject to 10.3.2), there shall be a maximum of six hundred and twelve (612) lecture, seminar, laboratory hours and practicum supervision hours available for assignment (including exams and field work).

10.4 Workload for Type 1(c) Faculty Employees

- 10.4.1 A faculty employee teaching a workload of twelve (12) or more Type 1(c) instructional hours per week in the Dental Hygiene Programme, fourteen (14) or more hours per week in the Dental Assisting Programme, or fifteen (15) or more hours per week in Nursing Programmes, or eighteen (18) or more hours per week in the Long Term Care/Home Support Worker Programme including equivalent duties provided for in this Agreement (see 2.4.1, 4.7, 5.6, 10.4.11, 10.10 10.14, 10.15 and 10.17) is a full-time faculty employee.
- 10.4.2 A full-time faculty employee, other than a laboratory demonstrator, may be required during each teaching year to instruct in his/her area of competence only one of the following:
- a. for instructors in Nursing Programmes, a maximum average of eighteen (18) scheduled hours of classroom teaching and/or practicum and clinical supervision and/or laboratory teaching per week, providing there are no more than twenty-five (25) scheduled hours in any one week in the fifth (5th) or sixth (6th) trimester, and no more than twenty-three and one-half (23.5) scheduled hours in any one week during other trimesters. For the purpose of this sub-article, maximum average shall be an average over the teaching year. Faculty employees teaching support courses in Nursing Programmes shall not instruct more than eighteen (18) scheduled hours in any one week, and their workloads shall be governed by the provisions of Article 10.2 - Type 1(a) - or Article 10.3. - Type 1(b), as appropriate.
 - b. for instructors in the Dental Hygiene Programme, a maximum average of eighteen (18) scheduled hours of classroom teaching and/or practicum and clinical supervision and/or

laboratory teaching per week, provided there are no more than nineteen (19) scheduled hours in any one week. For the purpose of this sub-article, maximum average shall be an average over the teaching year.

- c. for instructors in the Dental Assisting Programme, a maximum average of twenty-two (22) scheduled hours of classroom teaching and/or practicum and clinical supervision and/or laboratory teaching per week, providing there are no more than twenty-four (24) scheduled hours in any one week. For the purpose of this sub-article, maximum average shall be an average over the teaching year.
- d. for instructors in the Long Term Care/Home Support Worker Programme, a maximum of twenty-five (25) scheduled hours of classroom teaching and/or practicum and clinical supervision per week.

These workloads may be altered only with the written agreement of the Faculty Association.

10.4.3 A full-time laboratory demonstrator may be required during one teaching semester to instruct no more than twenty-one (21) hours per week, and in the remainder of the teaching semester(s) no more than eighteen (18) hours per week in his/her area of competence.

10.4.4 At any given time during a teaching year, a Type 1(c) full-time faculty employee, other than a laboratory demonstrator, shall not be assigned:

- a. more than four (4) three-hour per week lecture or seminar preparations or their equivalent;
- b. more than three (3) three-hour per week lecture or seminar preparations if two (2) or

more of the preparations are for courses with no laboratory/clinical component which the faculty employee has not taught in the previous three years;

- c. more than three (3) three-hour per week lecture or seminar preparations if one (1) or more of the preparations is for a course with a laboratory/clinical component which the faculty employee has not taught at the College in the previous three years;
- d. more than five (5) three hour per week course sections or their equivalent (excluding laboratory sections);
- e. more than three (3) three-hour per week course sections or their equivalent of any one course;
- f. laboratory sections (excluding clinic) for which he/she is not teaching a lecture section, except for Dental Hygiene. A faculty employee in Dental Hygiene may be assigned a maximum of two (2) laboratory sections (excluding clinic) for which he/she is not teaching a lecture section.

10.4.5 Each hour of a self-instructional course, as described in Article 9.2, shall be considered the equivalent of a laboratory hour in calculating a full-time faculty employee's workload. It is intended that the actual work for the faculty employee involved in a three-hour self-instructional course shall be approximately the same as the work involved in the preparation, marking, and delivery of a three-hour laboratory section. Such a workload shall not include more than two different self-instructional courses at any one time. Each self-instructional course shall not require more than two student-contact hours per week of the faculty employee's time.

10.4.6 Any dispute between a full-time faculty employee and the appropriate administrator concerning credit for any workload resulting from the presentation of a self-instructional course shall be resolved prior to the commencement of the course. Such resolution requires the written approval of the faculty employee.

10.4.7 With the written agreement of the full-time faculty employee, the total number of Type 1(c) instructional hours or course preparations per week may be varied in different weeks so long as the average number of hours or course preparations per week does not exceed the appropriate maxima in 10.4.2, 10.4.3, 10.4.4 or 10.4.5. This does not prevent the assignment, in any one instructional period, of a workload which is at or below the appropriate maxima set out in 10.4.2, 10.4.3, 10.4.4, or 10.4.5.

For the purpose of this sub-article, the number of instructional hours or course preparations shall be the average number taken over the teaching year.

10.4.8 A full-time faculty employee shall be available to students for consultation for five (5) scheduled office hours per week. A regular part-time faculty employee shall have pro-rated office hours. The faculty employee shall submit the times of his/her office hours to the appropriate Director/Dean/Regional Manager on request.

10.4.9 Full-time faculty employees with no previous teaching experience shall be given three or fewer preparations in their first year of teaching.

10.4.10 An overload is a workload in excess of the maxima designated in 10.4.2, 10.4.3, 10.4.4, or the overall student load referred to in 10.4.13. Overloads shall be undertaken only in exceptional circumstances and are not a long-term solution. An overload shall be permitted only upon written agreement between the faculty employee and the

appropriate Director/Dean/Regional Manager. A faculty employee teaching an overload shall receive payment at the overload rate. No more than the maximum number of students allowed per section under 10.4.13 may be enrolled in any section taught as an overload. Such an overload allows for an increase in the overall student load referred to in 10.4.13 but the overall student load must not exceed 175 students at any given time.

- 10.4.11 Type 1(c) full-time faculty employees who have a teaching load of less than twelve (12) hours per week in the Dental Hygiene Programme, or fourteen (14) hours per week in the Dental Assisting Programme, or fifteen (15) hours per week in Nursing Programmes, or eighteen (18) hours per week in the Long Term Care/Home Support Worker Programme may be required by their Director/Dean/Regional Manager to carry out other duties subject to 4.2, 4.7, 5.6, and 10.10. Article 10.11 (Non-Teaching Functions) is not applicable in this event. For the purposes of evaluation only (Article 7), non-teaching assignments shall be considered on a proportional basis to the amount of maximum teaching load and shall not exceed 40% consideration in any event. Such assignments are not to be used in place of or for discipline, or as a substitute for a Coordinator's appointment.
- 10.4.12 At any given time during a teaching semester, a faculty employee shall not be assigned a teaching schedule which includes:
- a. more than three (3) consecutive lecture or seminar hours; or more than four (4) consecutive lecture-laboratory, seminar-laboratory, or back-to-back laboratory hours (excluding clinic) without a half (1/2) hour break;

- b. more than eight (8) instructional or six (6) lecture hours per calendar day;
- c. a teaching responsibility which commences before 10:00 hours on the day following an evening lecture, seminar or laboratory section which terminates after 21:00 hours;
- d. a working day consisting of more than twelve (12) hours from the beginning of the first work assignment to the end of the last work assignment;
- e. more than two (2) evening classes per week for full-time faculty employees only (for the purpose of this sub-article "evening classes" shall refer to those classes where scheduled instruction continues past 19:00 hours);

without the prior written permission of the regular faculty employee. In the case of probationary and sessional appointees, the permission of the Faculty Association is also required. In the case of part-time faculty who is not regularized, sections a-d above shall not be altered.

The teaching schedule of a part-time faculty employee shall include at least one forty-eight (48) hour break in each seven working days.

10.4.13 Except for self-instructional courses,

- a. no more than 37 students shall be allowed per section except in the instance of team teaching;
- b. no more than 24 students shall be allowed per section in Dental Assisting except in the instance of team teaching;
- c. the ratio of instructors to students in clinical and practicum situations involving direct supervision shall not exceed:

- i. 1:8 for Nursing Programmes;
 - ii. 1:10 for the Long Term Care/Home Support Worker Programme;
 - iii. 1:8 for the Dental Assisting Programme;
 - iv. 1:5 for the Dental Hygiene Programme in trimesters one through four; ratios for trimesters five and six shall be set by mutual agreement of the Dental Hygiene faculty employees and their supervisor, having due regard for the available facilities, the course objectives, the abilities of the students, and the nature of the clients.
- d. ratio of instructors to students in laboratory sections shall be set by mutual agreement of the faculty employees and the Director/Dean/Regional Manager having due regard for the available facilities, the course objectives, and the abilities of the students.

With the regular faculty employee's written permission, the class size in 10.4.13(a) or 10.4.13(b), may be increased by 5 students. In the case of part-time (who are not regularized), probationary, and sessional appointees or when the class size is to exceed the maxima by more than 5, the written permission of the Faculty Association is also required.

- 10.4.14 For full-time faculty the overall student load shall be 145 students averaged over the teaching year, but must not exceed 150 students at any given time. (For the purpose of this sub-article, student load calculations shall be based on enrolment data two weeks subsequent to the commencement of classes.)

- For full-time laboratory demonstrators, the overall student load shall be calculated by multiplying the maximum lab size by six (6) sections, averaged between the teaching semesters.
- 10.4.15 For part-time faculty the overall student load must not exceed 100 students at any given time.
- 10.4.16 The above student loads are based on 3 hour per week sections and shall be prorated for any variation in section duration.
- 10.4.17 All Type 1(c) full-time faculty employees shall receive a minimum of fifteen (15) working days of preparation time per working year. A regular part-time faculty employee shall have pro-rated preparation time. This 15 day period shall be free of instructional duties other than those normally associated with the preparation of courses (4.2.6).
- 10.4.18 Part-time faculty employees who are not regularized shall be entitled to preparation time. Preparation time shall be calculated at the rate of five percent (5%) of regular scheduled hours (5.7c), and shall be added at the commencement of the appointment.
- 10.4.19 The maximum number of students allowed per section in new professional programmes shall be negotiated by the College and the Faculty Association according to requirements established by the relevant professional body. If mutual agreement cannot be reached, the issue shall be resolved through the grievance and arbitration procedure (Article 3), beginning at the second stage (Article 3.4.2).
- 10.4.20 For full-time faculty employees a teaching year denotes a maximum of thirty-five (35) instructional weeks (including exam and field work) falling between August 15 and June 15.

With the full-time faculty employee's written permission, the College may assign a workload which is equivalent to the teaching load specified in Type 1, but which is not subject to the dates specified in the afore-mentioned articles. In the case of probationary and sessional appointees the permission of the Faculty Association is also required.

- 10.4.21 A full-time faculty employee may teach a combination of Type 1(a), Type 1(b) and Type 1(c) workload classifications. Workload limits specified in 10.2, 10.3 and 10.4 shall be pro-rated according to the classification and shall not exceed 100% in total.
- 10.4.22 For full-time instructors in the Dental Hygiene and Nursing Programmes there shall be a maximum of five hundred and ten (510) hours of lecture or seminar hours per teaching year (including exams and field work). Additional laboratory and/or practicum supervision hours may also be assigned, in which case there shall be a total maximum of six hundred and twelve (612) lecture, seminar, laboratory hours and practicum supervision hours available for assignment (including exams and field work). For full-time instructors in the Dental Assisting Programme there shall be a maximum of seven hundred and seventy (770) hours of classroom teaching and/or practicum and clinical supervision per teaching year.
- 10.5 Workload for Type 1(d) Faculty Employees
- 10.5.1 A faculty employee teaching a workload of twelve (12) or more Type 1(d) instructional hours per week in the NCBNP, including equivalent duties provided for in the Collective Agreement (see 2.4.1, 4.7, 5.6, 10.10, 10.14, 10.15, and 10.17) is a full-time faculty employee. Instructional hours include lectures, seminars, laboratory instruction, clinical or field work, and practicum supervision.

10.5.2 A full time faculty employee in the NCBNP may be required during the teaching year to instruct in his/her area of competence only one of the following:

- a. maximum of fifteen (15) lecture or seminar hours per week; or
- b. a maximum average of sixteen (16) scheduled hours per week. In any one week, except for Nursing intersession, the maximum shall be twenty (20) scheduled hours. During the Nursing intersession, there shall be a maximum of thirty-two and one-half (32.5) scheduled hours in any one week.

For the purpose of this sub-article, the maximum average shall be an average over the teaching year.

These workloads may be altered only with the written agreement of the Faculty Association.

10.5.3 At any given time during a teaching year, a full-time faculty employee in the NCBNP shall not be assigned:

- a. more than three (3) lecture, seminar, or clinical preparations or their equivalent per semester;

- c. more than six (6) lecture, seminar, or clinical preparations, or equivalent, per year;
- d. more than five (5) three-hour per week lecture sections or their equivalent.

10.5.4 Each hour of a self-instructional course, as described in 9.2 (of the Collective Agreement),

shall be considered the equivalent of a laboratory hour in calculating a full-time faculty employee's workload. It is intended that the actual work for the faculty employee involved in a three-hour self-instructional course shall be approximately the same as the work involved in the preparation, marking and delivery of a three-hour laboratory section. Such a workload shall not include more than two different self-instructional courses at any one time. Each self-instructional course shall not require more than two student-contact hours per week of the faculty employee's time.

10.5.5 Any dispute between a full-time faculty employee and the appropriate administrator concerning credit for any workload resulting from the presentation of a self-instructional course shall be resolved prior to the commencement of the course. Such resolution requires the written approval of the faculty employee.

10.5.6 With the written agreement of the full-time faculty employee, the total number of Type 1(d) instructional hours or course preparations per week may be varied in different weeks so long as the average number of hours or course preparations per week does not exceed the appropriate maxima in 10.5.2, 10.5.3 or 10.5.4. This does not prevent the assignment, in any one instructional period, of a workload which is at or below the appropriate maxima set out in 10.5.2, 10.5.3 or 10.5.4.

For the purpose of this sub-article, the number of instructional hours or course preparations shall be the average number taken over the teaching year.

10.5.7 A full-time faculty employee shall be available to students for consultation for five (5) scheduled office hours per week. A regular part-time employee shall have pro-rated office hours. The faculty employee shall submit the times of his/her

office hours to the appropriate Director/Dean/Regional Manager on request.

- 10.5.8 Full-time faculty employees with no previous teaching experience shall be given three (3) or fewer preparations in their first year of teaching.
- 10.5.9 An overload is a workload in excess of the maxima designated in 10.5.2, 10.5.3, or the overall student load referred to in 10.5.13. Overloads shall be undertaken only in exceptional circumstances and are not a long-term solution. An overload shall be permitted only upon written agreement between the faculty employee and the appropriate Director/Dean/Regional Manager. A faculty employee teaching an overload shall receive payment at the overload rate. - b. When a full-time faculty employee is assigned faculty duties which require travel by air or to out-of-region sites, the faculty employee's non-instructional workload shall be based on a thirty (30) hour week and the travel time shall be subtracted from this amount.

Instructional hours for the week will be as per the appropriate classification (Type

No reasonable overnight arrangements shall be denied.

10.15.3 A full-time faculty employee teaching under this article cannot be required to make more than one trip per week outside a radius of fifty (50) kilometres from his/her normal place of work. 10.17.1 Any extensive participation (10.11) in community affairs, projects or activities requested by a full-time and regular part-time faculty employee's Director/Dean/Regional Manager as part of the faculty employee's job responsibility shall be considered part of the faculty employee's workload, subject to 4.7 and 5.6.

10.18 Professional Development

10.18.1 All full-time faculty employees on probationary or faculty appointment shall receive a minimum of twenty (20) full working days of liaison or professional development time per working year except in the final year of employment (6.5). A faculty employee may be required by his/her Director/Dean/Regional Manager to submit a written proposal for approval regarding his/her professional development activities by a date determined by the appropriate Director/Dean/Regional Manager. The faculty employee shall be notified of such approval as soon as possible after the date of the request but in any event within one (1) month of the date determined for submission. The schedule may be changed thereafter at the request of the employee if acceptable to the Director/Dean/Regional Manager or Vice President concerned. No reasonable request shall be refused. If the faculty employee has not submitted and had approved a schedule for his/her professional development activities within one (1) month of the date determined for submission, the College reserves the right to schedule the times for outstanding professional development entitlement. Professional development beyond that specified in this Agreement or in the initial letter of appointment shall not be a condition of employment.

10.18.4 The times chosen for professional development shall be submitted, in writing, by the faculty employee for approval by the appropriate Director/Dean/Regional Manager. Such approval shall not be unreasonably withheld.

10.19 Workload Assignment

10.19.1 Workload assignments shall be made in consultation with the regular and probationary faculty of a department, and shall be made in a fair and equitable manner. This provision shall not require the College to change their present practice with respect to timetables.

A regular part-time faculty employee shall have pro-rated vacation time.

- 12.3.5 No full-time or regular faculty employee shall have a teaching assignment between Boxing Day and New Year's Day. However, all full-time and regular faculty employees without duly approved vacation or professional development time are on duty and on call. - 12.4 Educational Leave
- 12.4.1 Educational leave is a period of subsidized leave enabling a regular faculty employee to be freed from regular responsibilities and to be provided with sufficient resources to enable him/her to pursue educational or professional development recognized as beneficial to the College. Contractual provisions covering educational leave are included in Article 13.
- 12.5 Exchange Leave
- 12.5.1 Exchange leave involves a programme whereby a regular faculty employee exchanges, for an extended period of time, his/her position and responsibilities with a qualified person from another institution. A faculty employee on exchange leave will gain professionally from the

- 12.5.3 The President and the appropriate Vice President or Director/Dean/Regional Manager shall recommend suitable candidates for exchange leave to the Board.
- 12.5.4 The exchange leave shall normally be for one full semester or for one academic year.
- 12.5.5 The salary of the faculty employee on exchange leave shall be paid by the College of New Caledonia, and the replacement's salary by the exchange institution. This may be modified, however, in cases where exchange leave presents problems of inequities in salary, and the College President and Board shall then attempt to arrive at a financial arrangement that is feasible and agreeable to all parties.
- 12.5.6 On returning from the exchange programme, the exchangee is assured of resuming at least his/her previous faculty position and duties.
- 12.5.7 The exchange time shall count in full for increment purposes.
- 12.5.8 The College shall, during the period of exchange leave, continue to contribute to the employee benefit plans which are applicable to the faculty employee.
- 12.5.9 As a condition of granting the exchange leave, the incoming faculty employee must sign a statement to the effect that he/she shall abide by the non-

An additional two (2) days of paid leave shall be granted for reasonable traveling requirements. The leave shall be extended at the request of an employee for up to total of forty (40) days leave in the event of the death of a faculty employee's spouse (including common-law or same gender) or child,

using sick leave, leave without pay, or vacation time. Additional compassionate leave may be granted with or without pay by the President. A maximum of fifteen (15) days paid compassionate leave shall be granted in any one calendar year.

Sick Leave

12.8.1 Full-time faculty employees shall be credited with one-and-one-half (1 1/2) days of sick leave per month for each month of continuous service up to a maximum of 120 days. When the employee is on leave, the accumulation of sick leave shall continue only if the absence is with pay. All absences on account of illness or injury shall be charged against an employee's sick leave credits. A regular part-time faculty employee shall be credited with and receive pro-rated sick time.

- a. *Faculty employees must report all absences on account of illness or injury. There shall be no charge against an employee's sick leave credits when his/her absence on account of illness or injury is less than one-half day. When the period of absence on account of illness is at least one-half day but less than a full day, one-half day only shall be charged on sick leave.
- b. In the event that a faculty employee suffers a serious long-term illness and except for sessional appointees, the employee may borrow against future earned sick leave provided that a qualified medical practitioner certifies that the employee is seriously ill, that the nature of the illness is specified, and that the employee's request for leave is submitted in writing. The borrowed leave entitlement shall be up to 22 working days in the first year of employment, up to 44

working days in the second year of employment, and up to 66 working days in the third and subsequent years of employment. Sessional appointees may borrow against future earned sick leave to the maximum entitlement possible based upon the term of their appointment (5.2.1).

- c. If a faculty employee receives or is entitled to receive benefits under the Disability Insurance Plan or under the Workers' Compensation Act, the benefits shall be paid directly to the faculty employee. The Board shall pay to the faculty employee the difference between the benefit and the faculty employee's full salary for as long as the accumulated and borrowed sick leave credits permit. In such cases, the charge against the faculty employee's sick leave credits shall be in the same proportion that the Board's payment bears to the full salary of the faculty employee computed at the end of each month to the nearest half-day.
- d. On return after absence of five (5) days or longer, a proof of illness may be requested by the College. The proof of illness may take the form of a medical certificate. If a faculty employee has repeated absences of a short term duration, he/she may be advised that proof of illness will be required for future absences.
- e. Upon retirement, when a faculty employee has fulfilled the requirements to qualify for a pension under the Pension (College) Act, a faculty employee shall be paid the cash equivalent to his/her accumulated sick leave up to a maximum of 60 days. The cash equivalent shall be at the rate of pay in effect immediately prior to retirement.

- f. Designated statutory holidays which fall within faculty employee's sick leave shall not be charged against his/her accumulated sick leave credits.

- g. In the case of illness of a member of the immediate family of a faculty employee, when no one at home other than the faculty employee can provide for the needs of the ill person, the faculty employee is entitled, to use annual sick leave entitlement for this purpose up to a maximum of ten (10) days per working year. If a faculty employee has used the ten (10) days of family sick leave in an entitlement year, and the employee requires up to twelve (12) days of paid sick leave for use in a personal disability in the same year, then the College agrees to grant up to four (4) days of additional paid sick leave. It is understood that there will be no banking of the additional sick leave time into subsequent years except in the case of an employee who has used family sick leave to the extent that he/she does not have a possible twelve (12) days of personal sick leave in an entitlement year.

12.9 Sick Leave - Part-time Faculty Employees on the Non Regular Seniority List

- 12.9.1 Part-time faculty employees on the Non Regular Seniority List shall be credited with sick leave on the basis of one and one-half (1.5) hours of sick leave for each twenty-one (21) hours of appointment. *The employee shall be entitled to an accrual of all unused sick leave up to a maximum of 120 hours for future benefit. When the faculty employee is on leave, the accumulation of sick leave shall continue only if the absence is with pay. Accrued sick leave shall terminate upon resignation or termination (6.3 and 8.2).

- 12.9.2 A deduction shall be made from accumulated sick leave for all scheduled instructional hours missed due to illness which are not rescheduled in accordance with Article 12.16.2.

- 12.10.1 If any faculty employee is unable to fulfil properly his/her faculty responsibilities by virtue of physical or mental disability, he/she shall be given sick leave and, when eligible, disability benefits.
- 12.10.2 If the faculty employee is unwilling to accept release from duties, a medical practitioner, selected by mutual agreement of the President and the Directors of the Faculty Association, shall determine whether or not the employee is capable of performing regular duties. If the parties cannot reach mutual agreement on a medical practitioner, the College and the Faculty Association shall each designate a medical

practitioner; those two practitioners shall then jointly select a medical practitioner to determine whether or not the faculty employee is capable of performing regular duties.

12.10.3 If the medical practitioner certifies that there is a high probability that the faculty employee will not be able to resume normal faculty responsibilities in the twelve-month period following expiration of his/her sick leave, the President shall give the faculty employee an extended leave of absence without pay to commence upon expiration of his/her sick leave.

12.10.4 A faculty employee granted sick leave, disability benefits, or a leave of absence without pay under this article, shall not return to work until the medical practitioner described above deems that the faculty employee is fully capable of resuming his/her faculty responsibilities.

12.11 Maternity/Adoption Leave

12.11.1 Maternity/adoption leave without pay shall be granted on application to the President. The duration and other terms shall be decided by the President on an individual basis, taking into account individual needs as far as possible, but shall be subject to the following provisions:

- f. Vacations and seniority shall continue to accumulate during maternity/adoption leave.

12.12 Paternity Leave

A full-time or regular faculty employee shall be entitled to, on written request, up to three (3) days time off without loss of pay to attend the birth of his child provided the employee is scheduled to work during this time. All absences on account of paternity leave shall be charged against an employee's family sick leave entitlement (12.8.1(g)).

12.13 Parental Leave

A full-time or regular faculty employee, on written request, is entitled to twelve (12) weeks of parental leave without pay subject to the following conditions:

- f. Vacations and seniority shall continue to accumulate during parental leave.
- g. If the newborn child or adopted child will be or is at least 6 months of age at the time the child comes into the actual care and custody of the mother or father, and if it is certified by a medical practitioner or the agency that placed the child that an additional period of parental care is required because the child suffers from a physical, psychological or emotional condition, the employee is entitled to a further parental leave for a period not exceeding 5 consecutive weeks.

12.14 Maternity/Adoption/Parental Leave provisions do not apply beyond the termination of the employee/employer relationship.

RE: EDUCATIONAL LEAVE FLEXIBILITY

The College and the Faculty Association acknowledge the benefits of offering a flexible approach to participation in Educational Leave opportunities. In recognition of the varying types and lengths of educational renewal, the parties have developed the following language to enhance flexible access to Educational Leave with the understanding that the language will supercede the provisions of Article 13.5.12 until a review of the terms and the process is completed as described below.

1. Educational leave shall be available to qualifying faculty employees according to the following options:
 - a. eight (8) or nine (9) months at 60% salary she/he would receive if not on educational leave.
 - b. two (2) to seven (7) months at 80% salary she/he would receive if not on educational leave.

Educational leaves of less than 9 months duration shall coincide with an instructional period for the faculty employee or as agreed to by the College.

A maximum of six (6) faculty employees may be on educational leave at any one time unless otherwise mutually agreed to by the parties.

The intent of the parties is that the full Educational Leave entitlement shall be used each year. However, in the event that this does not occur, the parties agree that a maximum of 5% of the Educational Leave allocation may be carried forward to the next budget year as Educational Leave allocation. (13.3.1).

2. An Educational Leave Review Committee comprised of three (3) faculty appointees and three (3) representatives of the College shall be established by August 15, 2001 to evaluate how the Educational Leave flexibility language above works in practice. The recommendations of the Committee shall be submitted to the parties for ratification by September 30, 2001.
3. The ratified language shall be incorporated into the Educational Leave flexibility language above. This language shall then become Article 13.5.12 of the Collective Agreement.

RE: ON-LINE DISTRIBUTED LEARNING CREDIT COURSE OFFERINGS

In order to provide workload language for on-line distributed learning courses that have been offered, and are being developed at CNC, and to review such activities, the parties agree that on-line distributed learning shall be governed by the following for the remainder of this collective agreement:

1. On-line distributed learning courses represent an alternate method of delivery of course material; therefore, Education Council need not approve distributed learning courses on current course material unless this involves major curriculum revisions. However, if the course being developed is actually a new course, Education Council's approval will be required as it is for any other course. Education Council acceptance of such offerings shall in no way limit the application of Article 9 (Technological Change) of the local collective agreement.
2. No regular employee will be laid off as a direct result of the introduction of distributed learning or education technology.
3. **Course Development:** When a course is developed for offering on-line, the developer shall be provided with a minimum of one (1) section of release for every course developed by a full-time faculty. The Dean/Director/Regional Manager responsible will consult with the faculty employee and other managers in reaching the decision. Whether or not the course has already been offered by an alternate method such as correspondence will also be considered.

The number of students to be enrolled shall be set by mutual agreement of the faculty employee and the Dean/Director/Regional Manager having due regard for the method of delivery, the kind of course offered and the demands of virtual office hours. Mutual agreement shall not be unreasonably denied by the faculty employee or the Dean/Director/Regional Manager.

4. **Course Instruction:** Because this method of instruction is so new, the parties expect that faculty using this method for the first time may experience unexpected problems in delivery. Therefore, the first time a course is offered, the faculty employee will be given one section release to assist with course delivery.

- 5. The College will provide adequate technical support for faculty employees teaching on-line courses. Students enrolled in an on-line course will be required to have adequate technical expertise for this type of delivery.
- 6. Reasonable employer-paid training time and expenses in the methodology and application of Distributed Learning shall be made available on an annual basis.
- 7. The copyright provisions of Article 16.3 of the local agreement and Article 5 of the Common Agreement apply. However, out of professional courtesy, the faculty employee and Dean/Director/Regional Manager shall consult with the course developer before making significant amendments or revisions, providing the developer is still a college employee on site.
- 8. If a full-time faculty employee is required to prepare major curriculum revisions or successfully makes a case that major curriculum revisions are necessary, the workload release shall be determined by mutual agreement of the faculty employee and his/her Dean/Director/Regional Manager. This shall occur in advance of implementation.
- 9. Part-time faculty developing or revising course materials are considered Type 4 for that course work. The hours required shall be negotiated with the Dean/Director/Regional Manager and the Faculty Association.

The training and technical support provisions for part-time faculty employees are identical to those for full-time faculty as outlined in this letter of understanding. Delivery workload will be according to the workload classification in Article 10. The hours required and the number of students enrolled shall be set by mutual agreement of the faculty employee and Dean/Director/Regional Manager having due regard for the method of delivery, the kind of course offered and the demands of virtual office hours. Mutual agreement shall not be unreasonably denied by the faculty employee or the Dean/Director/Regional Manager.

RE: REGULARIZATION

PROCESS

5.5.10 Calculation of Workload

The appointment year for the purposes of regularization calculations shall be August 1 to July 31

Employees regularized in accordance with this letter shall have their workload calculated as follows:

- (1) For employees whose entire annual workload is in programs with regular semesters/trimesters, and they are scheduled to work the entire semester/trimester, the percentage of their annualized workload shall be calculated based on the number of instructional hours per week as a percentage of maximum workload**

hours per week for the workload type. For Type 1(a) and 1(b) lecture-only workloads, if an employee is under 50% in terms of hours, but has more than 50% in terms of student numbers (Schedule 1) in each semester of any year, s/he will be deemed to have a 50% workload.

- (2) For employees whose entire annual workload is not in programs with regular semesters/trimesters, or they are not scheduled to work the entire semester/trimester, the percentage of their annualized workload shall be calculated based on the total number of instructional hours as a percentage of the hours in Schedule 1.
- (3) For employees in positions that require, for educational purposes, more than a maximum annual workload of 100% in a specific year, they shall have their workload reduced in the subsequent year so that the average does not exceed 100% over the two years.

5.5.11 Employees regularized in accordance with this letter shall have salaries, prorated on the Common Scale based on the percentage of their annual workload as derived in Article 5.5.10 above, paid out in the following way:

- (1) If the workload is a least 50%, the monthly salary will remain constant averaged over the workload levels of the two semesters or three trimesters eg. 55% overall when an employee works 50% in the first semester/trimester and 60% in the second semester/trimester; or
- (2) if the workload is less than 50%, the employee shall be paid after submitting a time-sheet as the hours are worked; or
- (c) if all of the employee's work is in one semester, s/he may choose between prorated or annualized pay providing s/he works in the fall semester/trimester.

5.5.12 Employees regularized in accordance with this letter shall receive a letter from the College each year advising them of the anticipated percentage workload assignment for the upcoming work year. For base-funded programs, the letter shall be sent by May 15; for cost recovery programs, the letter shall be sent by June 30. Any additional work shall be covered in a separate letter.

The above dates may be delayed pending notification from the Union for those positions relating to Union leave.

5.5.13 Workload for Regular Part-time Faculty Employees

With regard to workload allocation, Regular Part-Time employees shall be considered in a way similar to full-time faculty employees. If assigned an increased level of work, s/he may, in consultation with the Dean/Director/Regional Manager, remain at their current level, or accept the increased level of work. If the level of work decreases, s/he may accept the reduced workload, request a leave of absence without pay, be laid off, or resign. The following provisions shall apply to workload allocation:

- (1) If there is additional work available beyond the annualized percentage, it shall be assigned to any qualified full-time employee who does not have a maximum workload.**

- (b) If there is no qualified full-time employee who can be assigned this work, it shall be offered to the regular part-time faculty employee who is qualified and who has the most cumulative service at that campus. If s/he is unable to accept the additional workload, s/he shall notify the College within seven (7) working days.**

- (c) If the available workload for these employees decreases to less than 50%, their appointment status shall not change, and they shall continue to receive pro-rated pay based on the percentage of their revised appointment.**

- (d) If an employee is unable to accept the reduced workload, s/he may choose to take a leave of absence; if the reduction continues into a second year, the employee may opt to take the workload, a second leave of absence, or be laid off, and, in special circumstances with the approval of the President, receive severance at the beginning of the second year under Article 6.8 of the local agreement.**

- (e) If the workload reduction occurs after the employee has accepted in writing the terms of his/her annual letter, the employee shall receive 25% of the difference between the expected percentage and the actual percentage of annual work. The employee has seven (7) days from the time of receipt of the letter of offer to indicate his/her acceptance.**

- (6) If no work is available for a two year period, the employee shall receive severance as per Article 6.8 of the local agreement.**

(g) If an employee requests 30 consecutive days of vacation, and if it cannot be scheduled, the work may be assigned to another employee; or, by mutual agreement of the faculty employee and the Dean/Director/Regional Manager, the employee may accept a pay-out of vacation time.

(8) If the workload assignment makes it impossible to schedule Professional Development or Preparation Time free of instructional responsibility, those days may be rescheduled on instructional days by mutual agreement of the faculty employee and the Dean/Director/Regional Manager.

5.5.14 Canvass of Regular Part-Time Employees

It shall be the College's responsibility to canvass all regular part-time employees by April 1 of each year to ascertain changes to qualifications and the level of employment desired beyond the annualized percentage (up to 100%). Such information shall be used to determine the qualifications and availability of the employee for purposes of appointment selection. The College shall forward a list of this information to the Faculty Association.

LETTER OF AGREEMENT

Between

THE COLLEGE OF NEW CALEDONIA

and

COLLEGE OF NEW CALEDONIA FACUL TY ASSOCIATION

RE: ACQUISITION OF THE NORTH CARIBOO COMMUNITY SKILLS CENTRE

April 1, 2000

As a result of the acquisition of the North Cariboo Community Skills Centre, the College of New Caledonia gains five new employees (three (3) support staff- Lauren Vachon, Veanna Kimmie, Robert Taylor, and two (2) faculty- William Roach and Ann Herbert) and several contracts to provide services to client organizations.

Due to the extraordinary circumstances under which the new positions have been created and will be filled by the former Skills Centre staff, the parties recognize that this raises some concerns for current members of the College of New Caledonia Faculty Association.

To this end, the parties agree that:

1. The acquisition of the North Cariboo Community Skills Centre will not result in layoff or workload reduction of any current College of New Caledonia - Quesnel faculty employee either now or in the future. It is understood that the new employees will begin with zero (0) seniority.
2. Should changes to the faculty roles and duties outlined in Appendix 1. occur which would result in the workload reductions or reassignments for any existing CNC-Quesnel faculty employees, the order of reduction/reassignment shall be:
 - i) William Roach and lor Ann Herbert
 - ii) Existing CNC- Quesnel faculty employees

This order of reduction/reassignment of work shall remain in effect as long as both individuals in 2 (i) are employed as faculty at CNC.

3. The parties understand that William Roach's work will be exclusively with clients referred by fee paying organizations (eg. WCB, FRBC, aboriginal organizations and industry). He will not be working with the general or regular student population for academic advising, career counselling, or personal counselling. Should a reduction or reassignment of workload occur on the Quesnel campus which would impact Bruce Landon and/or William Roach the order of workload reduction/reassignment shall be:

- i) William Roach, then
- ii) Bruce Landon.

This order of reduction/reassignment of work shall remain in effect as long as both individuals are employed as faculty at CNC.

1

4. Should the workload for William Roach be changed to incorporate any counseling function(s) a Faculty Hiring committee which includes representation of Quesnel faculty and CNC full-time counselling faculty shall be struck to review the changed workload assignment and qualifications of the incumbent for this work.
5. Should the workload for Ann Herbert or William Roach be changed to incorporate any other program/course, a Faculty Hiring committee which includes representation of Quesnel faculty in the program/course affected shall be struck to review the changed workload assignment and qualifications of the incumbent(s) for this work.
6. Any course offerings and/or program delivery that result from this acquisition shall be assigned members of Faculty Association under the Collective Agreement. Qualified existing faculty shall have priority in hiring for these faculty positions.
7.
 - i) The parties to this agreement shall meet before April 10, 2000 and agree to timelines and the specifics of the process for review (Article 9 of the Collective Agreement) of the self-instructional courses that are proposed to be offered by CNC as result of this acquisition.
 - ii) The process shall include but not be limited to review of all self-instructional course materials by a committee consisting of Faculty Association and Education Council representatives and a review of each self-instructional course by the related Program Committee of the Education Council.
 - iii) It is the intent of the parties that this review be completed by June 15, 2000. No new students will be enrolled in the former Skills Centre courses that are offered to the public until after this review is completed. In the event that the review can not be completed by June 15, 2000 the parties agree to meet to assess the situation.
 - iv) Prior to September 1, 2000 the parties shall agree to workload type, workload hours, student contact hours, class size, and all other factors involved in the delivery of self-instructional courses formerly provided by the North Cariboo Community Skills

Centre. Prior to the commencement of any new self-instructional courses these same agreements will be completed.

- 8. Contracts held for the provision of services by the Community Skills Centre will be transferred to the College. When these contracts expire, the College will renew them under the terms of the Collective Agreement. All faculty work in these contracts shall be delivered by bargaining unit members.

2

- 9 In light of the history between CNC Quesnel and the Skills Centre, the College must address the issue of historical relationships between employees of the College and former Skills Centre. Before the fall 2000 semester begins, the College shall sponsor a Human Relations workshop that will focus on collegiality and undertake joint planning for future offerings. All faculty members (full and part-time) who elect to participate in the workshop shall be paid for this time.
- 10. In the event that the acquisition of the North Cariboo Community Skills Centre, or other expansion of CNC Quesnel, brings more students into the College, the College shall provide an increased, appropriate level of professional counselling.
- 11. In order to assess the implementation of this letter of agreement, the Committee of Common Concerns, with assistance from the Regional Manager-Quesnel and a representative of CNC-Quesnel faculty, shall meet before December 15,2000 to review the status of the terms of the acquisition and negotiate any required changes.

**THE COLLEGE OF NEW CALEDONIA
AND
THE FACULTY ASSOCIATION OF THE COLLEGE OF NEW CALEDONIA
RE: EARLY INTERVENTION SERVICES
WITHOUT PREJUDICE/WITHOUT PRECEDENT**

The parties agree that the following positions from the Early Intervention Services program at the Lakes District Campus shall be included in the bargaining unit: Occupational Therapist, Physical Therapist, and Speech/Language Pathologist in. As per Articles 10.1.1 and 10.1.2 of the Collective Agreement, the parties agree that these positions will be classified as Type 4 workloads. As Type 4 faculty positions, all terms and conditions of the Collective Agreement shall apply with only the following amendments:

1. A Speech/Language Pathologist, Physical Therapist, and/or Occupational Therapist with an average of twenty two (22) to thirty-five (35) hours of service delivery is a full-time faculty employee.
2. A full-time Speech/Language Pathologist, Physical Therapist, and/or Occupational Therapist shall work a maximum of thirty-five (35) hours per week. For the purpose of this article, maximum hours shall be an average over the working year. With the faculty employee's written permission, the maximum hours of service delivery in any one week may be increased by five (5) hours.
3. Vacation entitlement for a full-time employee:
A full-time employee in this category shall initially receive a vacation period of twenty-three (23) working days, which shall include a period of not less than twenty (20) consecutive working days if requested by the faculty employee.

It is specifically agreed that Chantal Phillips shall receive a vacation period of twenty-four and one half (24.5) days effective 24 months after the date of signing of this letter of agreement. Thereafter, she will receive 1.5 days of additional vacation in each subsequent year until the entitlement reaches a maximum of forty-three (43) days, the same number of vacation days as all other full-time employees covered by the Collective Agreement.

Other full-time Speech/Language Pathologist, Physical Therapist, and/or Occupational Therapist shall start to progress on the special vacation entitlement granted to Chantal Phillips starting at the beginning of their fifth year of employment unless other arrangements can be negotiated with the funding agency or authority.

4. Vacation entitlement for a part-time employee:
A part-time Speech/Language Pathologist, Physical Therapist, and/or Occupational Therapist receives prorated vacation pay based upon the entitlement specified in #4

above, calculated on the employees' total wages for the year.

5. The scheduling of vacation shall be as per Article 12.1 (a) and 12.1(b) of the Collective Agreement. It is agreed that vacation entitlement will normally be taken at a time that is least likely to interrupt service delivery.
6. Given that the Article 6 Regularization provisions have not been finalized at the time of this letter of agreement; and given that this letter is only for a two year term; the parties agree that regularization provisions for this category will included in any renewal of this letter.
7. Given that therapy must be provided on a regular on-going basis throughout the year, professional development will be taken at times mutually agreed upon by the employee and the Regional Manager such that professional development does not interrupt service delivery. It is expressly agreed that professional development time for this category of employees may be taken in increments of less than a day.
 8. Either the Union or the employer can serve notification to renew or terminate this agreement after two years from the date of signing.

Appendix A

This memorandum sets out the terms and agreements that have been reached between the PPWC, Local 29, the Faculty Association of the College of New Caledonia and the College of New Caledonia with respect to matters raised as a consequence of the Section 34 application regarding employees associated with VALT (Volunteer Adult Literacy Training).

- (1) The parties agree that positions associated with VALT shall be part of either the PPWC or the Faculty Association bargaining units. Faculty contacts related to VALT will no longer be General Interest contracts.
- (2) The College agrees to accept the mutual agreement of the PPWC and the Faculty Association as determining the bargaining unit status of positions associated with VALT.
- (3) In the event of a jurisdictional dispute the following process will be followed:
 - (a) The process can be initiated by any party, by written notice to the other party, when a position is created or the duties of an existing position are changed. The written notice must be given within ten (10) calendar weeks of the time either party could have reasonably become aware of the action.
 - b) Upon initiation, all parties shall meet and within twenty-one (21) days shall attempt to reach a mutual agreement.
The parties may, by mutual consent, waive any stage or time limits of the procedures described in 3a and 3b.
 - (c) If an agreement is not reached, the matter shall proceed to an informal arbitration process.
 - An arbitrator shall be chosen on a random basis from the following list of names.
 - Bob Blasina
 - Shona Moore
 - Cathy Bruce
 - Jon Squire
 - The matter will be heard by the arbitrator within ten (10) weeks of the date s/he is selected. In the event that the arbitrator selected cannot hear the matter within this 10 week time limit, the parties shall make a further choice, using the random selection process, until an arbitrator is available to conduct a hearing within the ten (10) week time limit.

Appendix B

ARBITRATOR'S INTERPRETATION GUIDELINE

This guideline is intended to assist the arbitrator in determining whether or not a disputed position is "primarily engaged in teaching functions".

Outline of Teaching Functions

Inclusion of the following elements in a position may lead to the individual being considered to be "primarily engaged in teaching".

- (a) The exercise of professional judgement and training to determine what is educationally appropriate in:
 - a. the development/alteration of curricula
 - b. the selection, introduction and/or initial delivery of new or consequential materials, concepts, ideas or techniques to individuals or groups of individuals in an educational setting
 - c. the specification of educational data, activities and resources
- (b) The provision of professional advice to individuals in an educational setting which requires specialized subject expertise and knowledge that is acquired through training and education such as in the fields of librarians and counsellors.
- (c) The exercise of professional judgement in the independent assessment and/or evaluation of individual performance and grade assignment

Factors Relating to "Primarily Engaged In"

The following factors may be considered, though none by itself determine the issue.

- 1) The nature and degree of the functions actually performed;
- 2) Education, training and background required;
- 3) Terms and conditions of employment.

- The arbitrator is limited to the issue at hand and must apply the facts, as presented by the parties, to an "interpretable basis" that provides demarcation between the PPWC bargaining unit and the Faculty Association bargaining unit.
 - Costs shall be shared equally between the parties.
 - No party shall use legal representation at the table but will have the opportunity to seek counsel's advice as deemed necessary. Each party will appoint a designated spokesperson.
 - All parties will make every effort to present their position in a manner which will limit the arbitration process to one day. In the event that a number of issues are being discussed, the time allowed may be adjusted.
 - The arbitrator shall report his/her decision within one calendar week to all parties.
- 4) The College agrees to accept the definition "primarily engaged in teaching functions" that the PPWC and the Faculty Association agree upon and the mechanism for resolving disputes.
