LETTER of AGREEMENT # ____ Rationalization and Definition of Workload

The Parties agree that a Joint Committee of six (6) persons (three [3] representatives each) will be established to consider and make recommendations on the implementation of the workload framework developed in 2007 negotiations. This framework will be applicable to instructional employees covered by the Collective Agreement. Recommendations may include potential changes to affected Articles and the related system applications.

The deliberations of the Joint Committee are subject to and shall be guided by the following goal, principles, terms of references and implementation considerations.

Goal

Provide a departmental annual workload in each program that allows instructors to provide high quality direct and indirect instruction in a viable timeframe to minimize burnout and inequities for and between instructors.

Principles

The principles facilitate instructors' engagement with their students, colleagues and the department.

- 1) The framework recognizes that there are two components of instructional workload intended under Article 14:
 - a) a direct instructional component,
 - b) an indirect instructional component

These components are separate from the established total non-instructional assignment.

- 2) Self direction is a key aspect to meet indirect instructional professional responsibilities.
- 3) Employees' rights and benefits are not compromised as a result of a change in workload factors. Specifically, no employee will gain or lose in the application of the workload framework.

Terms of References

The committee will apply the following terms of reference

1. Direct Instructional Component

In respect to Article 14 .2, direct Instructional responsibilities includes the following:

- classroom lectures;
- shop and laboratory shop supervision and instruction;

- classroom learning sessions;
- seminar/discussion groups.

- Each program will establish an annual direct instructional workload.
- Workloads will range between twenty (20) to twenty-five (25) hours per week hours and described as a percentage (%) of the Full Time Equivalency allocation.
- Current program direct instructional workloads that are under 20 hours per week will be maintained.
- Health programs will be based on an average workload consisting of clinical and class theory.
- Overtime will be accrued based on direct instructional work in excess of 100% FTE of the instructional workload in accordance with Article 15.

2. Indirect instructional Component

In respect to Article 14 .2, self-directed indirect Instructional responsibilities include the following:

- student interviews;
- posted office hours;
- instructional advising, evaluation, and preparation;
- administrative responsibilities;
- curriculum maintenance and program enhancement;
- professional development activities;
- other duties directly related to instruction.
- liaising on student placements and assessments

Instructors are expected to attend department meetings and to participate in department initiatives. Department meetings will be arranged to accommodate the majority of instructors' teaching schedules.

3. Chairs and Non-Instructional Assignments

- A Chair or non teaching assignment is recognized as distinct from 1 and 2 above.
- Assignments are structured on the basis of a maximum workload schedule of thirty-five (35) hours per week.
- Overtime hours are accrued in excess of 100% of the weekly maximum workload in accordance with Article 15.
- Responsibilities for student assessments may be also assigned to this assignment.

4. Other Considerations

- New or substantive curriculum development is recognized as beyond the workload stated in 1, 2 and 3 above.
- New instructional assignments or substantive work projects beyond the normal department scope are funded separately.
- A review process for workload concerns will be developed. The process will include the involvement of the supervisor, the opportunity for the employee to make a written response including possible impacts, and consideration by a third party. The review process does not limit the grievance process.

Implementation Process

The following conditions will apply to the final implementation of the workload framework:

- i. An Executive Summary of recommendations to the definition of program workloads, collective agreement article changes, Human Resources Integrated Systems (HRIS) technical requirements and a review process will be provided to the Labour Management committee and are subject to ratification by both Parties.
- ii. The recommendations are cost neutral.
- iii. The recommendations do not impact the extent of the funding of programs/courses that are dependent upon the provision of FTEs or similar funding measurements.
- iv. The work of the Joint Committee with its recommendations shall be completed no later than June 30, 2007.
- v. Subsequent approved HRIS changes, if any, will occur by December 2007.
- vi. A final report on the implementation outcomes, including identifying any unintended consequences for correction will be forwarded by the committee to the Labour Management committee.
- vii. All current alternate workweek arrangements will continue in accordance with Article 14.2.
- viii. Future alternate workloads with a proposed direct instructional workload not between 20 to 25 hours per week will require Executive approval.

This letter will expire on March 31, 2010.

Tentative Agreement # 16

Article 13.8 Regularization

(a) Conversion of Instructors from Term to Regular Status

A term employee will be eligible for regularization if they have worked a minimum of 633 term hours in each of two consecutive appointment years. Regularization will be based on:

- (1) the total hours worked in each of the two consecutive qualifying years, at the average of the two years, to a maximum of full-time; and,
- (2) that number of hours will be converted to an FTE value; and,
- (3) through an annual review, the department will determine the allocation of annual workload (number of hours per day and months per year) to achieve that FTE.

Note: this could result in a regular appointment of less than 12 months, with an annual scheduled break (lay-off notice not required, no provisions of lay-off apply).

(b) Conversion of Part-time Term Appointments to Increased Regular Status

Increase to regular appointment will be based on:

- (1) additional term hours worked will be converted to regular, based on the total term hours worked in each of the two (2) consecutive qualifying years, at the average of the two (2) years, to a maximum of full-time; and,
- (2) that number of term hours will be converted to an FTE value; and,
- (3) through an annual review, the department will determine the allocation of annual workload (number of hours per day and months per year) to achieve that FTE.

(c) Other Conditions

- (1) Conversions will be carried out upon review on April 1st for implementation for any change required by August 1st of each year.
- (2) An appointment year is August 1st to July 31st.

(3) The availability of such qualifying ongoing employment that is not for the purpose of leave replacement, such as under Articles 2.9, 12, 17, 18, 19, 20, 23.6, 25.3, is confirmed no later than October 1st after completion of the two consecutive appointment years.

(4) In all cases, regularization or conversion is subject to satisfactory evaluation, seniority considerations if relevant, availability of ongoing work, and qualifications for the work available.

(5) Provided that all other conditions are met, the absence of an evaluation having been done shall not be a bar to regularization.

(d) Multiple Departments

In cases where term hours for regularization or conversion are accrued in more than one (1) department, the following sequence will apply

(1) The hours will be first accommodated in the department(s) where they originated.

(2) If any portion of the hours cannot be accommodated by the originating department, the balance of those hours will be referred to the other departments, in descending order (order is based on the total number of hours accrued in each department).

(e) Sequence of Action Regarding Regularization

(1) Conversion of term appointments to increased regular status in order of seniority, provided qualifications are met for the work available.

(2) Conversion of eligible term employees, in order of seniority, provided qualifications are met for the work available.

(3) Exercise of "right to claim" by regular employees including newly regularized employees under (e)(1) and (e)(2) above. (Article 13.1(c)).

(4) Posting of term vacancies to meet any work requirements still unfilled.

Note: The D. Munroe Award dated January 18, 2000 provides that nothing prohibits the employer's right to regularization of any position as it deems necessary.
