Preamble

THIS AGREEMENT is effective from April 1, 2010 to March 31, 2012

BETWEEN:

Selkirk College, of the City of Castlegar, in the Province of British Columbia,
(hereinafter called "the College")

OF THE FIRST PART

AND:

Selkirk College Faculty Association, of the City of Castlegar, in the Province of British Columbia,
(hereinafter called "the Association")

OF THE SECOND PART

WHEREAS the College Board is an employer within the meaning of the Industrial Relations Act:

AND WHEREAS the Association is a Trade Union within the meaning of the said Act:

NOW THIS AGREEMENT WITNESSETH that the parties hereto agree each with the other as follows:

PREAMBLE

The parties hereto recognize that Selkirk College has three broad purposes. The first is to provide within a single educational milieu a variety of educational opportunities for students of different abilities, talents and interests. The second is to extend more widely the opportunity for young people throughout the province to continue their education after graduation from secondary school. The third is to provide an active program of Continuing Education offerings for adults, including credit and non-credit courses, workshops, seminars and symposia.

The emphasis at Selkirk College is on learning and teaching. The purpose of this Agreement is to promote the development and improvement of the quality and effectiveness of the education provided at Selkirk College, and to encourage a climate which will result in a creative approach to the program offered. The terms and conditions contained in the body of this Agreement are designed to promote harmonious relations and to facilitate the peaceful and amicable settlement of disputes and misunderstandings.

1 DEFINITIONS

For the purposes of this Agreement the following definitions shall apply:

1.1 Employees

Employees are all personnel for whom the Association has been certified.

1.2 Faculty Member

The duties of a Faculty Member include teaching, counseling, the regular duties of a librarian, or laboratory demonstrating, and may also include other non-teaching assignments such as administering departments, coordinating programs, program development, committee assignments, administrative assignments, community service assignments, and other special assignments.

1.3 Faculty Assistant

A Faculty Assistant is an individual who:

- a) performs a support role to Faculty Members in the educational process and
- b) has specialized training and experience which is directly related to the performance of the assigned duties of the individual and
- c) has assigned for significant proportion of his/her duties, work that otherwise could be performed only by the professional Faculty Member.
- d) is doing professional work for a significant portion of his/her time that would be done by a Faculty Member if the Faculty Assistant were not available.
- e) has a level of discretionary authority considered to be less than that of a Faculty Member.

1.4 Tutor

Tutors provide assistance to students enrolled in courses of regular instruction. Tutors do not work under the direct supervision of or in conjunction with the course instructor, nor are they involved in course preparation or evaluation. Tutors do not provide the same level of service to students that faculty or faculty assistants do, nor do they have the same level of responsibility or accountability.

1.5 Department Head

A Department Head is a Faculty Member appointed by the College to administer the work of a department.

1.6 School Chair

A School Chair is a faculty member appointed by the College to administer the work of a School. A School Chair is responsible for making recommendations to a Dean in matters related to the overall operation and performance of a School and acts as a formal link between faculty and the administration.

In non-instructional areas the role of a department head is comparable to that of a School Chair.

1.7 Coordinator

A Coordinator is a Faculty Member appointed by the College to co-ordinate work of a specified area of responsibility.

1.8 Expertise

Expertise is defined as the qualifications and experience the College would normally regard as necessary to perform a work assignment.

1.9 Seniority

Seniority is defined as the length of employment with the College within the Selkirk College Faculty Association bargaining unit and will be accrued on the basis of a full time appointment or proportion thereof. There are three (3) distinct *seniority classifications*: faculty seniority, faculty assistant seniority and tutor seniority. A member's seniority is accrued to the appropriate seniority classification based on his/her contract for the corresponding position as per Articles 1.2, 1.3 or 1.4.

Seniority accrued by Selkirk College Faculty Association members prior to April 1, 1983, shall be fully recognized by the College.

Members of the Selkirk College Faculty Association will continue to accrue seniority with the Association should they be required to move as a condition of continued employment into another bargaining unit within the College as a professional employee. Professional Employee is defined in the B.C. College and Institutes Act.

Selkirk College Faculty Association members who move to an administrative position or voluntarily move to another bargaining unit within the College will not accrue seniority while in such a position, but shall maintain all previously accrued seniority for a period not to exceed three years. Such seniority would permit a person to exercise his/her seniority rights and to return to a position within the Selkirk College Faculty Association bargaining unit within the three year period.

Seniority will not be calculated retroactively.

Seniority will be relinquished upon resignation, termination or dismissal. Persons, who are re-employed by the College within a period of two (2) years, will retain seniority credits.

1.10 Principal Work Location

A member's *principal work location* is the College campus to which he/she was assigned when initially employed by the College.

2 MANAGEMENT RIGHTS

The management and the direction of the staff, including the right to hire, suspend or discharge for just cause, to assign to positions, to increase or decrease the staff, and to determine methods of operation, is vested exclusively in the College, except as might specifically be otherwise provided in this Agreement. It is the professional responsibility of faculty to participate in teaching and academic concerns, departmental and overall College matters.

3 ASSOCIATION MEMBERSHIP, RECOGNITION AND DUES

3.1 Representation

The College recognizes the Selkirk College Faculty Association as the exclusive representative for the purpose of conducting collective bargaining, for those for whom the Association has been certified.

3.2 Monthly dues

The College shall deduct from all employees an amount equal to the monthly dues of the Association. Such deductions will be made as a condition of employment for all employees. Such deductions shall be made from the first pay cheque in any calendar month and shall be remitted to the Treasurer of the Association prior to the last day of the following month. The College will provide a list of those employees whose pay has been deducted. Employees are at liberty to join the association or not. Notice in writing will be given to the association by any employee not wishing to join the association

3.3 New programs

Program name changes will not impact on the base bargaining unit placement of employees.

When a new or substantially altered program is introduced by the College, placement into the appropriate base bargaining unit will be discussed, in advance of recruitment, with the Association.

The College will send copies of all Selkirk College job postings to the Association President prior to public posting.

If the Association and the College are unable to agree upon placement into the appropriate bargaining unit, either party may apply to the Labour Relations Board and request a ruling pursuant to section 3.4 of the Labour Relations Code.

3.4 Copy of agreement to Association members

The Association will provide members, upon appointment, with a copy of this Agreement.

3.5 Right to Association representation

An employee has the right to Association representation at any meeting which may be the basis for future disciplinary action.

When the School Chair/Department Head or appropriate Supervisor intends to interview an employee for purposes which may be the basis of disciplinary action, the Department Head or appropriate Supervisor shall notify the employee and the Association in advance of the purpose of the interview in order that, if so desired by the employee, an Association representative may be present.

3.6 Copy of employment letters to the Association

The College will simultaneously provide the Association and the employee with a copy of an employee's new or amended letter of appointment within 30 days of appointment. The letter of appointment will include the following:

- a) type of appointment.
- b) duration of appointment.
- c) placement on scale.
- d) proportion of appointment.
- e) proportion of appointment eligible for regularization.

3.7 Contracting Out

The College agrees not to contract out any work presently performed by the employees covered by this Agreement which would result in the laying off of such employees.

3.8 Provision of Seniority list

The College will provide the Association with an employee seniority list as of September 30, 1999 and on September 30 every year thereafter which includes the following information:

Name

Address

Telephone Number (when available)

Scale Placement

Contract Proportion

Seniority Accrued

4 TERMS OF APPOINTMENT

Employees may be appointed to one of several categories. The Association will be provided every September 30th with a list showing the category of appointment for each employee covered by this Agreement. An addendum to the list showing the category of each subsequent appointment shall be provided immediately following the appointment.

4.1 Regular Appointment

A regular appointment is one that involves a position of indefinite term and involves full or pro rata participation in employee benefits and obligations.

4.1.1 Initial Probationary Appointment

A probationary appointment is the initial appointment of a new employee who fills the position of an indefinite term. The probationary period provides a period of mutual appraisal for the College and the employee. The probationary period shall not exceed one (1) appointment period of one (1) year. The new employee will be evaluated during the probationary period to determine whether a continuous appointment should be offered.

If the evaluation process in the initial probationary period raises reasonable questions of doubt about the suitability of the individual for such an appointment, no further offer of employment shall be made and employment shall cease. In such cases, the provisions of Article 7.7.3 will not apply.

Upon satisfactory completion of the probationary appointment, an employee will be granted a continuous appointment.

4.1.2 Continuous Appointment

A continuous appointment follows the successful completion of a probationary appointment for a position with an indefinite term and will not have an expiry date. Continuous appointments can be discontinued by the College under the provisions of Articles 5, 6 or 7.

4.2 Short Term Appointments

A short-term appointment will be made to fill a position which is available for a definite term and will encompass the full range of departmental and College duties. The appointment will be at least one semester in length and comprise 25% or more of a full-time regular workload.

Short-term employees will be evaluated as set forth in Article 7.7.1.

Further short-term appointments that consist of work of a similar nature and begin within the thirteen (13) month period from the expiry date of the last appointment will be offered to employees who have received a satisfactory appraisal or comprehensive evaluation and who have the required expertise as defined in Article 1.8.

4.2.1 Annualization

Annualization is the process whereby an employee's term of appointment shall be extended for a period of twelve (12) months.

To be eligible for annualization a short-term employee must have worked four (4) consecutive semesters in a two (2) year period, excluding spring/summer semesters and have received satisfactory comprehensive evaluations.

Upon completion of the annualization period defined above and, if the funding and similar work continues, employees will be offered a twelve (12) month annualized short-term appointment. The appointment will be based on the amount of work available.

A short-term employee who is filling a replacement position for another employee is eligible for annualization rather than regularization.

Employees who are offered such an annualized appointment will not be eligible for the layoff notice or severance provisions of Article 5.

An employee who has been annualized for two years will, where further work is available in the third year, be offered a regularized appointment. The appointment will be based on the average of the annualized work performed during the previous two years.

4.2.2 Regularization

Regularization is the process whereby an employee's term of appointment shall be revised from short-term to regular, continuous (full-time or proportional).

To be eligible for regularization a short-term employee must have worked four (4) consecutive semesters in a two (2) year period, excluding spring/summer semesters, and have filled a position directly funded by the College base profile budget, and have received satisfactory comprehensive evaluations.

Where further regularizable work is available in the third year, employees will be offered a regular continuous appointment as defined in Article 4.1. The appointment will be based on the average of the regularized work performed during the regularization period.

4.2.3 Break in Service for Purposes of Annualization and Regularization

Annualization and regularization eligibility is based on the duties associated with one particular position and classification.

If there is a break in service during the eligibility period due to a maternity/parental leave, the member will not be penalized by having to start all over accumulating eligible time on her/his return to work.

Employees who decide not to accept a work assignment in a semester during the time requirement period will forfeit any accumulated time and the clock would start from the date of their next work assignment, as if they had never worked for the College before.

The College will not penalize employees who move between classifications (i.e. moving from faculty assistant to faculty) when determining annualization and/or regularization eligibility within the classification in which the employee commenced service with the College. For example, a faculty assistant in biology works 2 consecutive semesters in that classification. For the 3rd semester, the faculty assistant is required to take on an instructional role and in the 4th semester returns to his/her original faculty assistant duties. To be considered for annualization and/or regularization as a faculty assistant, he/she would need to work 1 more semester to complete the time requirements. Therefore, in this example, the faculty assistant would have worked a total of 5 semesters, 4 as a faculty assistant and 1 as a faculty member. As per Article 4.2.1 the funding and similar work must continue throughout the entire period regardless of who performs the work.

Time requirements for annualization and/or regularization must be completed in one classification and cross-over into another classification for any portion of the time worked does not entitle the employee to be considered for annualization and/or regularization in the subsequent classification.

4.2.4 Rights of short-term employees to regular positions

Should an opening for a regular appointment position become available, it will be filled through open competition, unless the regular position consists of the assignments already being satisfactorily performed by a short-term employee who has the required expertise as defined in Article 1.8 and who is either eligible for regularization in accordance with Article 4.2.2 or who has filled the position on a replacement basis for a period of two (2) years.

Notwithstanding the above paragraph, a short-term employee who is hired in emergency circumstances, with less than the normally required qualifications or expertise, will have no right to further appointments of work of a similar nature, pursuant to Article 4.2 of this agreement. In such cases, a notation to that effect will be included in the employee's contract.

4.3 Proportional Appointment

Proportional appointments may be any of: probationary, continuous, or short-term. A proportional appointment will involve less than a usual workload, but encompasses the full range of duties.

The proportion of regular duties will be determined by the President in consultation with the Dean or Administrator. Remuneration and College contributions to the benefit programs will be on a pro-rata basis. All benefits possible under the terms of reference of the College employee benefit schemes will be made available on a basis equal to the proportional appointment.

4.4 Pre-assignment appointments

Short term or probationary appointment instructional employees, who are offered an appointment of eight (8) months or more, will be appointed to their position, except in extraordinary circumstances, one (1) month prior to their assigned instructional duties. Instructional employees, who are offered an appointment of less than eight (8) months will receive a pro-rated pre-assignment period, e.g., four (4) month appointments would be appointed two (2) weeks prior to their instructional duties.

Pre-assignment appointments will only be offered to instructors who report to their campus for assignments. New instructors must be on assignment in order to receive their salary.

4.5 Casual Appointment

A casual appointment will be offered for work of an emergency and/or temporary nature that does not encompass the full range of departmental and College duties. The assigned workload will not exceed twenty-five percent (25%) of a full workload unless the duty period is less than one semester. Such appointments that continue beyond one academic year shall become short-term appointments the following year. Remuneration will be as per Schedule E. Additional time for preparation and wrap up will be specified in the individual contract. A copy of each casual appointment letter will be filed with the Association. Casual appointments to Distance Education courses will be paid as per Schedule F.

4.6 Chairs and Department Heads

Chairs and Department Heads are appointed for a period of 3 years, based on an internal competition. The employer will post the Chair and Department Head positions after each three year appointment. If following a posting, there are no applications for the posted positions, incumbent Chairs and Department Heads may, at the discretion of the College, be re-appointed for a subsequent term without having to undergo a selection process.

5 LAYOFF

For purposes of this agreement, layoff is defined as any reduction (partial or total) in an employee's contract.

5.1 Decision to layoff

The College may layoff an employee as a result of a decision by the College to

- (a) discontinue a program or course, or
- (b) implement technological change in the workplace or
- (c) curtail teaching in a specific area of study or by reason of

- (i) low enrolment, or
- (ii) budgetary restrictions.

The College will determine which courses/programs/services will be discontinued within a given discipline/program/service group.

5.2 Basis for layoff

When the layoff of an employee is required, the layoff will occur on the basis of expertise and seniority.

5.3 Expertise review

Employees will have their expertise assessed in relation to their discipline/program/service group in accordance with Article 1.8

Following consultation between the School Chair/Department Head and department members, the appropriate Administrator will consult the affected Department Head and he/she will determine the expertise requirements in accordance with Article 1.8 for those disciplines/programs/service groups that could be affected by layoff. In the event that an employee is teaching or working in more than one discipline/program/service group, then the expertise review will be carried out within each discipline/program/service group in which that employee teaches or works.

The following procedures will apply with respect to expertise reviews as a result of layoffs and/or reductions. There is an expectation that the Expertise Review Procedure will be conducted in a confidential manner.

If two employees are deemed to have the expertise, Terms of Appointment and Seniority will determine who will be laid off.

Expertise is assessed in a pass/fail manner. A member either has or does not have the expertise to do the job. Gradations of expertise will not be determined.

Neither the College nor the Association will advertise or solicit applications for expertise review and exercising of bumping rights.

A person may only bump into a full course/section and not proportions thereof.

It is the responsibility of the member to initiate this process by submitting written intent to the College to exercise his/her bumping rights and identifying the position(s) he/she wish to bump into; as per Article 5.4 (b). The College will acknowledge receipt of the submission in writing. Upon acknowledging receipt of the application, the College will notify the Dean of the targeted area, the member(s) in the targeted position(s), and the SCFA of the initiation of an expertise review.

The College will provide the member initiating the expertise review with the following material:

- relevant, current course outline(s), and
- the most recent posting for the work, if there has been one in the preceding 5 years, or an updated job description.

The committee to review the application will consist of:

- the Dean of the targeted area,
- the School Chair or Department Head of the targeted area,
- the Coordinator of the targeted area if appropriate,
- A senior unaffected department member (normally in the affected discipline/program/service group), and
- The Chair of the Curriculum Committee. If he/she is unavailable, the Chair of the Admissions & Standards or Education Council will be considered.

The College will advise members involved in the expertise review that they must provide the College with an up-dated resume outlining his/her qualifications and experience. In the event that a member wished to bump between disciplines/programs/service groups, he/she will also be required to provide evidence to demonstrate currency in that discipline/program/service group within the past 5 years, and a satisfactory performance evaluation.

All applications for expertise review will be dealt with on an individual basis.

The Committee will conduct the review of the targeted position, including determining the definition of currency and identifying academic qualifications.

The Committee will then conduct the expertise review for the member requesting the review. This review may involve a consultation with the member requesting the review. A review of the entire department will not normally be conducted.

The Committee will submit its recommendations to the College for action.

The College will notify the member who initiated the process in writing of its decision.

In the event that a member disputes the outcome of the expertise review, he/she has the right to grieve the process under the terms of the SCFA Collective Agreement in accordance with the timelines established by the Joint Labor-Management Committee.

5.4 Asserting seniority rights and bumping

Employees who have had their expertise assessed will be able to assert their seniority rights within their discipline/program/service area.

For the employee who has been laid off by a discipline/program/service group reduction, the employee may

- a. Fill a vacant position in another discipline/program/service group for which he/she has the required expertise.
- b. If a vacant position is not available the employee will be eligible to exercise his/her seniority rights and bump the most junior employee in a position for which he/she has the expertise to perform all of the duties and responsibilities of the position. It will be the responsibility of the laid off employee to notify the President of his/her decision to exercise his/her seniority rights within thirty (30) calendar days of receiving the layoff notice.

For the purpose of this article, the expertise requirements for bumping between discipline/program/service groups will consist of appropriate academic qualifications, satisfactory performance in the Faculty Member's discipline/program/service area, and currency in the discipline/program/service area within the past five (5) years.

Faculty, Faculty Assistant and Tutor positions will be assessed separately.

5.5 Issuance of notice of layoff

Following an expertise review, the Dean or Administrator will identify those employees whose appointments will be discontinued and will submit his/her recommendations to the President who will issue a notice of layoff.

5.5.1 Layoff sequence

Where two or more employees meet the expertise requirements, the College will discontinue appointments in the following sequence

- a) short-term appointments.
- b) probationary appointments.
- c) continuous appointments.

Within each category, layoffs will be applied in reverse order of seniority.

There shall be no movement (bumping) between Faculty and Faculty Assistant positions as the result of layoffs.

5.5.2 Layoff notice and severance for continuous employees

An employee on a continuous appointment whose appointment is to be discontinued as a result of Article 5.1 will be given a layoff notice of four (4) months exclusive of accrued vacation credits.

An employee on a continuous appointment who is to be laid off shall be entitled to severance pay calculated on the basis of one (1) month current salary for each year of service to a maximum of six (6) months' salary. Where the layoff is a reduction in an employee's contract of less than 100% the severance pay will be calculated on the same percentage as the reduction.

The years of service will consist of the number of academic years during which service to the College was provided, beginning with the employee's start date.

If a laid off employee is recalled during the six (6) month period following termination, he/she will refund to the College the portion of severance that exceeds one (1) month's severance for each month's severance or percentage thereof for each month of layoff.

An employee who receives severance and who is recalled will have his/her years of service for the purpose of future severance payments recalculated beginning with the employee's start date for the position to which he or she was recalled.

5.5.3 Layoff notice for probationary employees

A probationary employee who is to be laid off shall receive three (3) months notice or one (1) month of salary in lieu of notice.

5.6 Interaction of Seniority Classifications

- a. Faculty seniority will not be applicable to faculty assistant work, and faculty assistant seniority will not be applicable to faculty work. That is, Faculty and Faculty Assistants are not entitled to bump each other.
- b. Faculty and faculty assistant seniority will be applicable to tutor work, but not the reverse.

In cases where a member has seniority in more than one classification, the sum of applicable seniority calculations, as per points a) and b) will apply. For example, when seeking work as a tutor, an individual who has seniority as a faculty and a faculty assistant will have both his/her faculty and faculty assistant seniority applied to the tutor position.

In all cases, the member will be paid according to the actual classification of work being done, not according to the seniority classification(s) used to acquire the work.

5.7 Employee recall

Employees who have been laid off will be recalled in order of seniority should suitable positions arise, for which they meet the expertise requirements, and within a period of fifteen (15) months from the time of layoff. The employee would have to indicate acceptance of the offer within thirty (30) days.

Employees, who do not reply to a recall notice or who refuse a recall notice shall be deemed to have resigned from the College and shall lose their seniority and right to recall, except in cases where the position offered was for a period/proportion of appointment less than that held when laid off. An employee recalled from layoff will be placed at a salary step equivalent to that held prior to being terminated.

5.8 Written notices

The College will provide the employee with the notice of layoff in writing and the reasons for such action. A copy of the layoff notice will be sent to the Association.

The College will advise the employee and the Association, in writing, of all recall notices.

5.9 Access to College services for laid-off employees

An employee will be allowed to access College services for the purpose of preparing resumes and employment counseling during the notice period and for one (1) month after the date of layoff.

6 SUSPENSION AND DISMISSAL PROCEDURES

6.1 Dismissal for cause

Only the President may implement the procedures for dismissal for just and reasonable cause and suspension without pay. The President shall inform the employee of the grounds for dismissal or suspension at the time the action is taken. When employees believe themselves aggrieved by a dismissal or suspension action by the President, they may initiate a grievance.

The College is not required to provide notice to those persons who are dismissed for just and reasonable cause.

6.2 Suspension on Medical Grounds

Employees who becomes incapable of performing their normal duties by reason of physical or mental illness may, at the discretion of the College, be suspended for medical reasons. If eligible, the employee shall be entitled to the sick leave and LTD benefits.

Prior to submitting their recommendations to the Vice President Academic and Student Development for approval, the committee will consult with the Institutional Research office, which is responsible for managing the process of faculty evaluation.

7.7 Evaluation Procedures

7.7.1 Short-term Employees

This article applies to all non-regularized employees, whether on term-specific or annualized contracts.

Short-term employees shall have an appraisal at the end of the first semester worked and a comprehensive evaluation after the completion of the second semester worked. If the comprehensive evaluation shows that the employee's performance is satisfactory, the employee will have an appraisal on an annual basis until their satisfactory completion of

the comprehensive evaluation done after their 4th year. If an appraisal or a comprehensive evaluation reveals unsatisfactory performance, the College reserves the right not to offer the employee a subsequent contract.

After the 4th year, if an employee is offered a regular contract, he/she will be evaluated as per Article 7.7.3.

7.7.2 Regular Employees – Initial Evaluation Cycle

New regular employees have a one-year probationary period. During that period, employees will have an appraisal at the end of the first semester worked, and a comprehensive evaluation after completion of the second semester worked.

If the appraisal reveals unsatisfactory performance, the College will provide guidance and support services to assist the employee to improve performance through the development of an Action Plan. The College will document the level of improvement necessary to reach acceptable standards. A comprehensive evaluation will be conducted at the end of the initial probationary year.

If, at the end of the one-year probationary period, the comprehensive evaluation shows that the employee's performance is satisfactory, the employee will have an appraisal at the end of their 2nd and 3rd years, and a comprehensive after the 4th year. Thereafter, employees will be evaluated in accordance with Article 7.7.3.

7.7.3 Regular Employees – Continuing Evaluation Cycle

Upon successful completion of the initial evaluation cycle provided for under 7.7.2, all continuous employees thereafter will receive an appraisal in the third year after their last comprehensive evaluation, followed by an appraisal and comprehensive evaluation in the fifth year. This procedure will be on-going unless the right of the employee or the Dean or Administrator to request a comprehensive evaluation (as per 7.5) is invoked.

7.7.4 Post-probation Unsatisfactory Evaluation

If the employee's appraisal or comprehensive evaluation shows that the employee's performance is unsatisfactory, an action plan will be created and implemented (as per Article 7: definitions). The College and the employee will document the level of improvement necessary to reach acceptable standards. The College will provide four (4) months of assigned duty to allow the employee to reach the acceptable standard followed by a comprehensive evaluation.

If the subsequent comprehensive evaluation shows that the employee's performance continues to be unsatisfactory, the College will place the employee on corrective probation for a period of one year and will advise the employee in writing of its dissatisfaction and will state those areas which require improvement.

The employee will receive appraisals during this corrective probationary period followed by a comprehensive evaluation.

If the comprehensive evaluation shows that the employee's performance has become satisfactory, the employee will be removed from corrective probationary status. If the employee is currently in the initial evaluation cycle, they will return to the same position in the cycle. If the employee is currently in the on-going cycle, the comprehensive will be equivalent to the comprehensive performed at the end of the cycle.

If the final comprehensive evaluation at the end of the corrective probationary period shows that the performance has continued to be unsatisfactory, the employee shall receive three month's written notice that their employment will not be continued. A copy of the notification letter will be sent to the Association. The notification letter will be hand delivered by the Director of Human Resources or the notification letter will be sent to the home address of the employee by double registered mail.

Failure by the College to notify the employee within the time specified above, implies that the appointment will be continued.

Chairs and Department Heads are evaluated after completion of their first year in the position, and again six months prior to the end of their three-year term. Chairs and Department Heads who continue into subsequent terms will be evaluated six months prior to the end of their appointments.

7.7.5 Break in Service

If an employee is away from the College for two years or less, the employee will resume the evaluation cycle where he/she left off. If the break in service is in excess of 2 years, the employee will have a comprehensive evaluation at the end of their first year after returning to work, and then resume the evaluation cycle as per 7.7.3

7.7.6 Chairs and Department Heads

Chairs and Department Heads are evaluated after completion of their first year in the position, and again six months prior to the end of their three-year term. Chairs and Department Heads who continue into subsequent terms will be evaluated six months prior to the end of their appointments.

7.8 Appeal of evaluation

Employees who disagree with their appraisal or comprehensive evaluation may appeal through the grievance procedure.

7.9 Removal of evaluation material from employee's file

Upon written request, employees will have evaluation material removed from their Personnel file after the completion of a satisfactory comprehensive evaluation.

7.10 Removal of disciplinary letters on employee personnel file

After a period of 36 months, upon the employee's written request, letters of a disciplinary nature will be removed from their personnel file, provided there has been no other disciplinary letter placed on file during that time period.

The Selkirk College region is extensive, incorporating many individual towns, cities and small communities. Employees will be expected to travel to locations outside the main campuses where programs are being run by the College. Travel expenses will be paid by the College. The College will pay travel expenses to those instructors who are assigned to inter-campus travel.

8.1.3 Change of campus – Employer Initiated

Selkirk College is a multi-campus institution. Employees may be required to transfer from campus to campus where instructional needs demand. Transfer to a campus twenty-five (25) or more kilometres further from the employees' permanent residence shall be reimbursed by the College for moving expenses which shall include the cost of moving and insuring the move of furniture and personal effects, temporary accommodation at the new location for a maximum of one month, the cost of service disconnections and connections, real estate fees incurred in the sale of previous residence, rental penalties, legal title search and transfer fees on the purchase of a new residence.

To be eligible to receive the dislocation allowance, employees must notify the College in writing of their intentions to relocate as a result of a transfer to another campus within 12 months of the date of their first day of work at the new location.

Employees will be eligible to claim the dislocation allowance for a period of two (2) years from the first day of work at the new location. The new campus will become the member's principal work location.

8.1.4 Change of campus – Employee Initiated

When a member applies for a position within the bargaining unit on another campus, the member will not be eligible for dislocation costs (Article 8.1.3) nor will the member be eligible for mileage reimbursement or workload credit (Article 8.3.12). The new campus will become the member's principal work location.

8.2.2 Workload assignments

The Dean or appropriate Administrator, in consultation with the School Chair/Department Head, will determine equitable workloads for all faculty.

In consultation with the respective School Chairs/Department Head, the Dean or Administrator may assign duties to Faculty Members different from their principal duties during all contracted times except the vacation period. Faculty members whose primary assignment is teaching are responsible for 34 working days of assigned duty.

The College agrees that special assignments, including the chairing of committees, shall be converted into workload credits when calculating workloads. Where such assignments result in an overload, the College will provide equivalent release time or overload payment in accordance with Schedule D. This provision shall also cover Faculty Assistants.

8.2.3 Workload Review Committee

The College and the Association will establish a Workload Review Committee no later than September 30, 2001 that will examine the workload inequities created by the discounting of instructional hours, by the unique working conditions in the Aviation Department, and by the increasing demands upon non-instructional faculty. The work of the committee will include:

1. recommending to the College solutions to workload inequities or problems that could be reasonably achieved with current financial resources within the life of the agreement.
2. recommending to the College and Association solutions to the problems above that require more resources than are currently available, for discussion in the next round of bargaining.
3. providing or vetting the local workload information that will be provided to the provincial workload study to be conducted as part of the Protocol for the Common Agreement.

In addition, the committee will be responsible for the allocation of the local negotiations money assigned by the Common Agreement to the Association and the College that remains after any other compensation items agreed to have been costed. The committee will apply the remaining funds to improving workload conditions in the area(s) of most urgent need as determined by the committee. The targeted area(s) will be identified no later than the end of the first year of this agreement (March 31, 2002).

The composition of the committee will be determined after the ratification of this agreement, but Association members will constitute a majority of one.

8.3 Instructional Assignments

It is the professional responsibility of a Faculty Member to prepare and deliver courses and to evaluate students. Assignments defined in this article are calculated based on Schedule I: Workload Calculations.

8.3.1 Lectures

The weekly teaching workload is 16.0 regularly scheduled class contact hours where the principal instructional delivery mode is through the lecture method.

Each exam week will be equated on the same basis as a teaching week.

8.3.2 Clinicals

The weekly teaching workload is 21.0 regularly scheduled class contact hours where the principal instructional delivery mode is through the clinical method.

Clinical shall be defined as regularly scheduled nursing instruction in an external agency in which the student applies concepts and techniques under the conditions of the external agency, and in which the instructor assumes primary responsibility for instruction and evaluation of a student. Supervision of students is the prime responsibility of the instructor, but may be shared with personnel from the external agency.

The annual workload will consist of 683 hours of clinical class contact hours.

8.3.3 Laboratories

The weekly teaching workload is 23 regularly scheduled class contact hours where the principal instructional delivery mode is through the laboratory method. Labs are defined as those classes as stated in the College calendar and as approved by the Curriculum Committee procedures.

It is recognized that some labs require a higher rating than 70% (23 class contact hours/week). In such instances the Dean or appropriate Administrator, in consultation with the appropriate School Chair/Department Head, will recognize additional workload credits. For example, the lab courses identified in the Workload Committee report dated October 30, 1989 will be included in this category.

The annual workload will consist of 731 hours of lab class contact hours.

8.3.4 Practicum, Preceptorship Field Placement

Practicum, Preceptorship Field Placement is where student learning takes place off campus with the permission of an external agency. In some cases, student supervision and input to evaluation is by the staff of the external agency. This would normally be the case in practica for Nursing, Early Childhood Education, Social Service Worker, and Special Needs. In these cases, the student may also require varying levels of observation by College Faculty.

The number of students in one section of a given practicum will be determined by the Dean in consultation with the School Chair/Department Head.

Effective August 1, 1993, during such an assignment, workload credit will be calculated on the basis that a 35 hour week is equivalent to a full weekly instructional assignment, i.e., 16 lecture hours as per section 8.3.1. Credit for work which must be done prior and subsequent to the assignment will be determined on an individual basis by the President in consultation with the Dean or appropriate Administrator and the Department Head.

8.3.5 Seminars

The weekly teaching workload is 32 regularly scheduled class contact hours where the principal instructional delivery mode is through the seminar method.

The annual workload will consist of 1024 hours of seminar class contact hours.

- (a) 512 hours of lecture method class contact hours.
- (b) 417 simulator sessions.
- (c) 271 flight exercises.

Overloads will not include repeated flight exercises or simulator sessions. Overloads will not be paid unless the annual total, above, has been exceeded. Aviation Department Faculty will take professional or course development time in blocks of time throughout the year in order to accommodate the operational needs of the department.

It is the individual instructor's responsibility to participate, regularly, in professional and course development.

8.3.7 Music Program

The weekly teaching workload is 23 regularly scheduled class contact hours where the principal instructional delivery mode is through the ensemble method and 27 regularly scheduled class contact hours where the principal instructional delivery mode is through the individual instruction method. The annual workload will consist of 731 hours of ensemble class contact hours and/or 864 hours of individual instruction class contact hours.

8.3.8 Educational Technology: On-Line Courses

The use of educational technology to deliver on-line courses is a recognized method of instructional delivery.

Teaching on-line courses/offerings shall be a matter of instructor choice.

All work involving the development or delivery of on-line courses and programs shall be posted in accordance with the Collective Agreement.

All employees who develop course material shall have the right of first refusal to instruct the courses they have developed. In the event of layoff, Article 5 will apply.

Instructors shall be provided with all equipment required for course delivery, including technical support, by the institution. Technical support shall be provided to all instructors who are developing or delivering on-line courses; and instructors shall not be required to provide technical support to students in their courses. In addition, the College will provide for the invigilation of tests, exams and other supervised assignments.

8.3.9 Class contact hour

A class contact hour is defined as fifty to sixty (50 to 60) minutes in a regularly scheduled activity for which students have registered.

8.3.10 Student Numbers

With respect to the number of lecture section students they carry, instructors may choose either to receive overload payments calculated in accordance with Article 8.3.10(b) or to limit the maximum number of students they carry in accordance with Article 8.3.10(c).

- (a) For instructors on a proportional appointment, the number of lecture sections and the total number of lecture section students [in accordance with either Article 8.3.10.(b) or Article 8.3.10.(c)] will be reduced by multiplying the sections and student numbers by the proportion of the instructor's appointment.
- (b) The class contact hours shall be credited at the rate of two (2) minutes per week for every student in excess of 120 students per semester when 4 sections per semester have been carried or 135 students when 3 sections per semester have been carried or 150 students when 2 sections have been carried.

- (c) When an instructor carries 4 sections per semester the maximum number of students will be 160. When an instructor carries 3 sections the maximum number of students will be 180. When an instructor carries 2 sections the maximum number will be 200.
- (d) Student numbers will be defined as the number of students on the Registrar's class lists generated 21 calendar days after the first day of classes in each semester.
- (e) A section shall be defined as the lecture component of a course and all associated labs, seminars, clinicals, etc., taught by the same instructor.

8.3.11 Office hours

All instructors teaching full time will schedule at least five (5) office hours per week at times appropriate for student access. Proportional appointment instructors will be required to provide office hours corresponding to their appointment.

8.3.12 Workload credit for travel time

When a member is assigned instructional duties on a campus other than his/her principal work location he/she will receive workload credit for travel time from his/her principal work location to/from the other campus at a rate of 1/3 hour/week for each full one (1) hour/week of travel time.

For the purpose of calculating workload credits, travel time between the College's four main campuses will be deemed to be as follows:

Nelson-Castlegar: 1.5 hour (90 minutes) return trip

Trail-Castlegar: 1.0 hour (60 minutes) return trip

Trail-Nelson: 2.5 hour (150 minutes) return trip

Castlegar-Grand Forks: 2.5 hours (150 minutes) return trip

8.3.13 Annual workload

The annual workload will consist of 512 hours of lecture method class contact hours or equivalent. Workloads may be averaged over the preceding or subsequent semester/quarter. At no time shall any annual overload exceed 10% of a normal workload as defined above, except with the consent of the instructor. Voluntary overloads greater than 20% shall not be carried, except for temporary overloads greater than 20% which are the result of emergency situations, and for which written approval of the Association has been given. Instructors, who are in receipt of a proportional appointment, shall be required to provide instructional services in proportion to their appointment. For example, an instructor on a 50% proportional appointment shall be required to provide 256 hours of lecture equivalent instruction.

8.3.14 Effect of departmental workloads

Termination of an instructor's appointment under this article will be made only if the average workload for the instructor's department falls below 512 hours per year of lecture method equivalent hours.

Instructors who carry annual overloads will be provided equivalent release time or will be paid at the rates specified in Schedule D. An annual overload will be defined as being in excess of 512 lecture method hours or equivalent in an academic year. Overload payments will only be made if the average workload for the instructor's department exceeds 512 hours per year.

8.3.15 Overload for instructors with new courses

New faculty or experienced faculty with new courses will not be required to instruct a weekly overload in any given semester/quarter, except with the consent of the instructor.

8.3.16 Minimum time off

The College will schedule a 12-hour period free from instruction between the end of the last class of one day to the beginning of the first class of the next day, except with the employee's consent.

When determining faculty appointments the above guidelines shall be used.

8.3.17 Voluntary Workload Reduction

A continuous employee may submit a written request to his/her Dean prior to April 1 of the year in which they wish to obtain approval for a voluntary workload reduction for a period up to one year. Approval for such a request will be based on the impact on departmental workloads and assignments. Approval or denial of the request will be given to the employee within 30 days of the written request. Should the employee wish to continue the voluntary workload reduction beyond one year, the employee must re-submit the request for consideration. If the voluntary workload reduction continues for three consecutive years commencing after June 30, 1999 then:

- a) the employee's reduced proportion will become permanent based on their contract percentage in the third year of reduction,

b) subject to workload availability within the department, the employee may at a later date request a return to his/her original proportion at the time of the voluntary reduction.

If the College, in accordance with Article 5.1, lays off an employee who is on a voluntary workload reduction (i.e. the reduction has been in effect for less than three consecutive years), the severance payments will be based on the employee's workload prior to the reduction. If a voluntary workload reduction has become permanent, as per Article 8.3.17a), severance payments will be made based on the employee's current workload percentage.

When a voluntary workload reduction becomes permanent, severance payments will be made based on the employees current workload percentage.

An employee on a voluntary workload reduction will accrue seniority in accordance with the reduced proportion.

8.4 Non-Instructional Assignments

8.4.1 Department Head Non-Instructional Assignments

Instructional Department Heads will receive additional workloads credits in recognition of their duties as head of a department in accordance with the following guidelines.

- (a) Three percent release time for each College employee whom they supervise.

- (c) An additional 10% of an annual workload may be provided where the departmental non-personnel budget exceeds \$50,000.

Additional release time may be provided to meet other departmental needs not specified in 8.4.1 (b) or (c) above.

Notwithstanding any of the above, the total release time for an instructional Department Head shall not normally exceed 80% of a normal workload. Department Head release may only exceed 80% for a period of twelve (12) months without the approval of the Association.

8.4.2 Release time for coordinators

Coordinators will receive workload credits of three (3) hours per week in recognition of their non-instructional duties.

8.4.3 Effect of release time on departmental workloads

The College shall recognize the principle that any release time provided to an employee in addition to the provisions in 8.4.1. and 8.4.2. shall be also included in the departmental annual workload and shall be also included in the calculations of overload payment for the employee concerned. The employee and the Association shall be advised in writing by November 15 of each academic year of the release time to be provided.

8.4.4 Duty time for non-instructional faculty members

Effective April 1, 1993 non-instructional faculty members shall have a scheduled duty period of 35 hours per week. 8.5 Faculty Assistant Assignments

The duty of a Faculty Assistant is to support the educational process by assisting faculty. Work assignments shall be equitably arranged by the School Chair/Department Head - normally on a thirty-five (35) hour, five (5) days per week basis throughout the year, but as required to meet the needs of the program/school. Work scheduled in excess of thirty-five (35) hours per week will be calculated and paid on the same basis as Article 8.4.4 for non-instructional faculty.

When circumstances require, Faculty Assistants may be asked to teach a course in an area where they have particular expertise.

8.6 Conditions of Employment for Tutors

A weekly workload will consist of 35 duty hours.

A maximum annual workload will consist of 980 duty hours, over 2 semesters.

Tutoring work is not eligible for annualization or regularization as described in article 4.2.1 and 4.2.2.

The members referred to in this process are assumed to have demonstrated the expertise to do the work as per Article 1.7, or in the case of "bumping", as per Articles 5.4 and 5.5.

The most recent evaluations of SCFA members referred to in this process are assumed to be satisfactory.

The work referred to in this process is assumed to be of a similar nature to the work currently or previously performed by the member.

LETTER OF UNDERSTANDING #1:

COMMON AGREEMENT

The parties acknowledge that they have ratified, and are bound by, the terms and conditions of the Common Agreement that covers the period April 1, 2010 to March 31, 2012.

The parties agree that, if a question or issue from the application of the Common Agreement and/or its relation to any part of the Collective Agreement arises, either party may submit a clarification request to the Joint Administrative Dispute Resolution Committee (JADRAC).

LETTER OF UNDERSTANDING #2

AMALGAMATION OF THE KOOTENAY SCHOOL OF THE ARTS INSTRUCTIONAL STAFF INTO THE SELKIRK COLLEGE FACULTY ASSOCIATION BARGAINING UNIT.

Subject to College Board and Ministry of Advanced Education approval of the formal merger of Selkirk College and the Kootenay School of the Arts (KSA), the parties agree that, effective July 1, 2006, the KSA instructional staff listed on Appendix A will become members of the Selkirk College Faculty Association (SCFA). Their terms and conditions of employment will be subject to all the terms and conditions of the collective agreement in effect at the time of the merger between KSA and Selkirk College, with the following exceptions:

1. **Instructional Assignments - Article 8:** The annual workload for a full time equivalent faculty position in the School of Craft and Design will consist of 720 hours of instruction. All contact hours, whether delivered as “core” or “studio” courses, will be considered equivalent for the purpose of workload calculations. This instruction will normally be delivered over two terms, but could be configured differently to meet the needs of a program.
2. **Work year:** A full work year will be 52 weeks. Included in that time period will be twenty-two days of professional/course development and forty days of vacation; the balance of the work year will consist of instructional duties and other assigned duties.
3. **Reporting to work:** For the academic year 2006-2007, instructional staff who are assigned work in the fall semester will report to work August 1, 2006. Instructors who are assigned work for the winter semester will report to work December 1, 2006. The weeks prior to the beginning of each semester will count as part of the general non-instructional duties mentioned in paragraph #2.
4. **Evaluation - Article 7 :** All post probationary faculty members covered by this agreement will have a comprehensive evaluation done during their first two years of becoming employees of Selkirk College. All probationary faculty members will be evaluated pursuant to the provisions of Article 7 of the SCFA collective agreement.
5. **LOU - Home Campus Designation:** For the purpose of “Home Campus Designation”, all KSA instructional staff assigned to a Nelson campus will be considered at one location.
6. **Free parking – Article 8:** For instructional staff working at the KSA Victoria Street campus, Article 8.1.4 will not apply. The limited free parking available at the Victoria Street campus will be open to all faculty members on a first come first take basis.
7. **Pension buy-back – Article 9.8.1:** Article 9.8.1 of the SCFA agreement does not apply to faculty members listed in Appendix A of this agreement.
8. **Hourly rate – Schedule E:** Guest artists and casual instructors will be paid according to Schedule H (Attachment B), to be completed by the parties prior to June 30, 2006.
9. **Severance – Article 5.5.2:** For the purpose of Article 5.5.2, “years of service” will be counted from the latter of July 1, 2006, or the date of employment with Selkirk College.
10. **Workload caps:** To recognize the importance of the working artist model, and to ensure instructors have the time to practice their craft, and to provide students with maximum exposure to different artists, the following provision will apply:
 - (a) Faculty members in the School of Craft and Design will not normally be assigned more than 50% of an annual workload within the two year diploma program.
 - (b) To facilitate the working artist model, the parties agree to allow faculty members to concentrate their workload in one or more semesters to allow extended periods for them to practice their craft uninterrupted. Where the scheduling is possible and the faculty member has formally requested, the employer will make a reasonable effort to grant such requests.
 - (c) Additional sections of the same or similar course or courses offered outside of the two-year diploma program are not included in this maximum workload.
11. **Annualization:** To qualify for annualized contracts, an instructor’s annual workload must be 25% or more. Current faculty members listed in Appendix A of this agreement whose annual workload is less than 25% will be offered a short-term appointment contract.
12. **Seniority:** All faculty members listed in appendix A shall port all their seniority earned as employees of KSA to their positions in Selkirk College.
This ported seniority will be used for the purpose of lay-off from and recall to positions in the school of Craft and Design.

This ported seniority will not be used for the purpose of calculation of severance pay found in article 5.5.2, nor for the purposes of article 9.8.2 Early Retirement Incentive.

After their transfer to Selkirk College, faculty members shall accrue seniority pursuant to article 1.8 of the SCFA agreement, and may use that accrual for the purposes of articles 5 and article 9.8.2.

As well, seniority earned after their transfer will be added to that which was ported for the purposes of layoff and recall within the school of Craft and Design.

Should the parties be unable to reach agreement on a seniority date for a faculty member, listed in Appendix A, the dispute will be referred to an arbitrator for final and binding resolution.

13. **Right to Recall – Article 5.6:** Faculty members listed on Appendix B of this agreement shall have the right to recall in order of seniority, only to work that is the same or substantially similar to work which they previously performed at KSA, and for which they meet the expertise and requirements. This recall right shall expire on the date noted on Appendix B and shall only apply to work that is offered within the school of Craft and Design. This recall does not apply to service courses offered in the school of Craft and Design, but originating in other schools in Selkirk College.
14. **Placement on Scale – Article 9.3.1.** All KSA faculty members commencing work in either the fall of 2006 or winter semester in 2007 shall be placed on the faculty pay scale as per article 9.3.1. All laid-off employees who may be recalled to work will also have their placement on scale determined in the same way.
15. **Sick leave – Article 9.4:** KSA faculty members will be eligible for the sick leave benefits found in article 9.4. For faculty members who fail to meet the qualifications for enrolment in the sick-leave/disability plan in place in the SCFA agreement the provisions of Article 45.0, Sick leave, of the KSA agreement shall apply. Those provisions are found in Appendix C of this agreement.
16. **Variance to Article 5 Layoff:** The current program delivery model allows students to declare their program of study half-way through the first term; because of that, it is difficult for the College to plan workload accurately ahead of time. Therefore, for as long as the current model remains in place, the parties agree to vary the provisions of Article 5 Layoff in the manner described in the following paragraph. After that time, the provisions of article 5 shall apply.
Should the employer be unable to run portions of the program within an academic year due to low enrolment, the affected faculty members will be designated as being on an unassisted leave for the length of the unavailable course(s). If the situation continues for a third consecutive academic year, the affected faculty members will then be laid off in that year in accordance with Article 5.
17. The parties agree that collective agreement language, be it from the local or the common agreement cannot be used to nullify or alter any of the provision of this Letter of Understanding unless the parties mutually agree.
18. The parties agree that should issues arise that were not foreseen at the time of the signing of this Letter of Agreement that need to be addressed, the parties will meet to negotiate a mutually agreeable solution to the issue.

Organizational Model:

1. KSA programs and staff will be designated as a School within Selkirk College, to be known as “The School of Craft and Design”
2. The College will make available one FTE of release time for a School Chair. As is the norm for a School, there will be a competition for a Chair; the successful candidate will be appointed for a three-year period and will receive 80% release time. The other 20% may be used for specific projects or initiatives within the School. There will be no Department Heads or Coordinators.
3. The exempt position of “Director” will be retained until December 31, 2006 to provide some continuity during the first few months. The selection of a School Chair will take place during the fall of 2006, to be effective January 1, 2007.

Original signed 17 January 2006.

* This Article 45 is an extract from the collective agreement between the Kootenay School of the Arts Cooperative (the “Employer”) and the Kootenay School of the Arts Faculty and Staff Association (the “Union”) effective July 1, 2003 to and including June 30, 2006.

Schedule H –Guest Artists and Casual Instructors

This schedule applies only to guest artists and casual instructors in the School of Craft and Design (Kootenay School of the Arts at Selkirk College).

Category 1: Guest artists

This is remuneration for short-term work, normally 1-3 classes. Guest artists do not replace an instructor but work alongside the instructor to demonstrate specialized techniques, critique student work, lecture on personal experiences, etc.

Guest artists will be remunerated at a flat rate of \$50 per hour and will be paid by honorarium. Where the reputation of the guest artist warrants it, the Dean may approve a higher rate.

Category 2: Casual instructors

The nature of the work performed by a “casual” instructor and the terms of his/her appointment are described in Article 4.5 of the Collective Agreement.

Instructors listed on Appendix A of this agreement and whose annual appointments are less than 25%, will be offered a short-term contract, as per Article 11 of this MOU. Their rate of pay will be determined by their placement on scale.

Instructors hired after July 1, 2006 for work that qualifies under Article 4.5 of the collective agreement may be hired as Casual Instructor, in which case they will be remunerated as per Schedule E or the Collective Agreement.

LETTER OF UNDERSTANDING #3

ASSOCIATION RELEASE TIME COSTING

The College and Association agree that:

1. As per Article 3.5.2 of the Common Agreement, the College will contribute 25% of one full-time equivalent Step 1, Faculty Scale per annum towards Association release time to be deducted from the replacement costs described in 2 below.
2. As per Article 3.5.3 of the Common Agreement, the Association will reimburse the College for any additional release time provided in Accordance with the following principles:
 - 2.1.1 The Association will notify the President of the required release by May 1st.
 - 2.1.2 The College will invoice the Association for replacement costs by November 30th of the same year.
 - 2.1.3 In all cases, the replacement salary cost will be the salary tied to Step 4 of salary scale.
 - 2.1.4 If the replacement person is annualized or regularized, the replacement cost is agreed to be the Step 4 salary and benefit costs for 12 months.
 - 2.1.5 If the replacement person is on a short-term contract, the replacement cost is agreed to be the Step 4 salary, vacation and benefit costs for 8 months. The College and Association agree to base the costs on 8 months, instead of 9 months, to compensate for the full-benefit loading being applied to faculty on short-term contracts.
 - 2.1.6 Replacement needs for faculty assistants will be costed on the same basis as for faculty, but will be based on the Faculty Assistant scale.
3. The principles of this agreement will apply to the replacement costs for 2005-2006 and beyond, through March 31, 2010.
4. This agreement will be appended to the Collective Agreement as a Letter of Understanding.
5. This Letter of Understanding will expire on March 31st, 2010. At this time the process and calculations will be reviewed by each party.

LETTER OF UNDERSTANDING #4**INDIVIDUAL INSTRUCTION DELIVERY WORKLOAD CALCULATIONS FOR MUSIC INSTRUCTORS
(ART. 8.3.8)**

The College and the Association agree to the following, without prejudice:

1. For the purposes of calculating workloads for delivery of individual instruction for non-regular faculty within the Professional Music Department, the annual contact hours will be computed on the basis of actual weeks of delivery.
For example: Total annual contact hours of 240 over 32 weeks = 27.8% contact.
Actual weeks of delivery = 25
Contract % for 12 months = $27.8\% \times 25/32 = 21.7\%$.
2. Contract start date will be September 1 of each year.
3. Students numbers will be determined in September and January of each year.
4. In the event that student numbers in January are less than those in September, the workload calculations will be adjusted to reflect the actual student numbers.
5. In the event that there are no students in January, the annual contract will be reduced to 6 months (half an annualized appointment).
6. The specifics of this agreement will be reviewed annually by the College and the Association.
7. This agreement is to be used in relation to Professional Music non-regular faculty only, and will be in effect until the end of the current Collective Agreement – March 31, 2004.

In April 2003, Selkirk College introduced a modified Organizational Restructuring/Realignment Plan. In recognition of the transition to a School structure within the college,

The Parties agree as follows:

9. Other release time currently provided to SCFA programs are not affected by this agreement, including:

 - e. The non-instructional Student Access and Support Department Head will remain in place with 55% release until May 30, 2004.
 - f. The release time for the Woodlot Manager in the School of Renewable Resources will remain in place.

11. Selection Committees will be established for each School to facilitate the appointment of the School Chairs. Each SCFA program or current department within the respective School shall elect at least one voting representative to

participate on the Selection Committee. Representation on the Selection Committee will not be less than a 2 to 1 faculty to administrative ratio.

LETTER OF UNDERSTANDING #6

SCHOOL OF UNIVERSITY ARTS AND SCIENCE ENROLMENT MANAGEMENT PILOT PROJECT

The purpose of this initiative is to:

- Raise the profile of the School within the College and the community
- Showcase Selkirk College's talents and promote the School's offerings
- Bring students and community members to the College to participate in organized low-cost or free "learning events"
- Create opportunities for FTE generation
- Tap available "workload room" across the School.

Because it is in everyone's interest to improve enrollments within the School, and because a substantial number of faculty have put forward ideas and/or expressed interest in such a project, participation in the project is voluntary.

Faculty will put forward ideas for outreach events which could include such things as evening or weekend lectures (which could be part of a series), workshops for students on resume writing, proposal writing, etc., or high-school contests and visits. The School coordinator who has been assigned release time will coordinate the initiative.

Where applicable, events will be advertised through the CCID calendar and managed through that division as well, to ensure we capture all the FTEs we can legitimately count.

Terms

This is a two-year pilot project, ending March 31, 2007. During this time, faculty whose workload is short of their contract but not sufficiently that they could undertake an additional full course or lab, will not receive a workload reduction. By supporting this two-year project the SCFA agrees to withdraw without prejudice its grievance on English workloads.

Upon completion of the project, the College and the SCFA will review its effectiveness, at which time the parties may jointly agree to discontinue the initiative, or to continue in the same or a modified format. Any disagreement arising out of this initiative may be brought to Labour-Management for a resolution.

LETTER OF UNDERSTANDING #7

REMUNERATION FOR DISTANCE EDUCATION COURSES

Definitions:

“Distance Education” means courses offered entirely by distance and includes online and print-based delivery modes.

“Student numbers” means the number of students enrolled at the beginning of the third week of classes.

Remuneration :

A. Print-based courses

Print-based courses will be remunerated in accordance with the following formula: “Rate E x number of students”

Instructors will be remunerated for a minimum of 5 students. This fee includes preparation and wrap-up.

B. Online courses

Remuneration for online courses will depend on two factors: a) the number of students in the class and b) whether or not an instructor teaches the same course in a face-to-face format during the same semester.

1. For classes of 5 or fewer students:

- a) If the instructor teaches the same course in a face-to-face format during the same semester, he/she will be paid one extra hour per week for the face-to-face class (3.1% addition to annual contract).
- b) If the instructor does not teach the same course in a face-to-face format during the same semester, for each course in a given semester, he/she will be paid according to the following formula: “Rate E x 5”

2. For classes of more than 5 but fewer than 17 students:

Regardless of whether or not the instructor teaches the same course in a face-to-face format during the same semester, the instructor will be credited 2/3 of the normal workload hours for the equivalent face-to-face class (e.g. 32 hours for a three-credit course normally paid at 48 hours).

3. For classes of 17 or more students:

The instructor will be paid at the same rate he/she would receive for the equivalent face-to-face course.

Where the online course is supplemented with one or more face-to-face lab or seminar, the labs and seminars will be remunerated as per 8.3.3 for labs or 8.3.5 for seminars.
