1.01 Term of Agreement — Continuation Clause

The duration of this Agreement shall be from April 1, 2010 to March 31, 2012. In the event negotiations are not completed before its date of expiry, this Agreement shall continue in force until amended or superseded and salary and other adjustments shall be retroactive to April 1, unless otherwise specified.

The operation of Section 59 (2) of the Labour Relations Code of British Columbia is specifically excluded.

1.02 Parties to Agreement

THIS AGREEMENT, entered into on February 10, 2012.

BY AND BETWEEN

DOUGLAS COLLEGE

(hereinafter referred to as "the College")

AND

DOUGLAS COLLEGE FACULTY ASSOCIATION

(hereinafter referred to as the "Association").

1.03 Definitions

a. Academic Year

An academic year is a 12-month period commencing with the Fall Semester.

b. Available Work

Available work consists of all work in the DDP, including temporary assignments that will be done over the course of the academic year.

c. Cause (Just Cause)

For the purposes of this Agreement, cause will be defined as serious misconduct, habitual neglect of duty, incompetence, or conduct incompatible with his/her duties or prejudicial to the employer's business or wilful disobedience to the employer's orders in a matter of substance.

d. Common Agreement

In this Agreement, "Common Agreement" means the 2010-2012 Faculty Common Agreement between the Employers' Bargaining Committee on behalf of the member institutions ratifying that Common Agreement and the Joint Faculty Negotiating Committee on behalf of its local institutions ratifying that Common Agreement.

e. Contract Faculty

- i. A contract faculty member is one who does not occupy a regular faculty member position as defined in Article 1.03.j and 1.03.n.
- ii. Contract faculty members shall receive benefits and salary as set out in Article 15.09 and benefits as set out in Article 16.09.

f. Effect of College Split

Wherever this Agreement refers to service with the College, such service shall be understood to include service both prior to and subsequent to the split of Douglas College into Douglas and Kwantlen Colleges on April 1, 1981, providing the faculty member was employed by Douglas College prior to April 1, 1981.

g. Instruct/Teach

Throughout this Agreement, the term "instructor" shall denote a faculty member and the terms "teach" and "instruct" shall denote performance of faculty member duties.

h. Overload

For the purposes of Article 15.08, an overload is defined as assigned faculty member work in excess of a full (100%) workload.

i. Part-time Work

Part-time work is half-time work or more up to a full workload.

j. Probationary Regular Positions

Full-time and part-time probationary regular positions are two (2) year probationary positions established by the College and/or the terms of this Agreement. Subject to the express terms of the Agreement, a probationary regular appointment is intended to lead to a regular position provided there is sufficient available work that the faculty member is qualified to instruct, and he/she has successfully completed his/her probationary evaluation.

A probationary regular faculty member is a faculty member who

- i. is appointed through the internal selection process; or
- ii. has been hired to fill a position through the external selection process.

Full-time and part-time probationary regular faculty members have the same benefits as regular full-time and regular part-time faculty members unless specified otherwise in this Agreement.

k. Qualified

Qualified when used in the context of "qualified to instruct" or "qualified to teach" means that a faculty member has successfully taught the course or has otherwise satisfied the Selection Committee that he/she is qualified to instruct the course.

l. Recall

Faculty members who have been terminated as a result of an obsolescence or redundancy under Article 13.03 will retain recall rights for a period of two (2) years from the date of termination. Such recall rights apply to a regular faculty member position in a specific DDP for which the terminated faculty member is qualified as defined in Article 1.03.k.

m. Regular Half-Time Work

The term half-time work shall mean sufficient available work to employ a faculty member for a minimum of two (2) three-credit sections or the equivalent, for two (2) out of three (3) semesters in an academic year.

n. Regular Positions

Regular full-time and part-time faculty member positions are established by the College and/or the terms of this Agreement.

- i. A full-time regular faculty member shall receive all benefits provided by this Agreement.
- ii. A part-time regular faculty member shall receive all benefits provided by this Agreement on a prorated basis.

o. Regular Status

Contract faculty members who are selected for regularization by the DDP Selection Committee become internal candidates for appointment to a regular

position if regular work becomes available that the faculty member is qualified to teach, as determined by the Selection Committee.

p. Responsible Administrator

In this Agreement, "Responsible Administrator" means the Dean, Associate Dean, Director or other excluded administrator who has been selected under the terms of this Agreement and who is responsible for the DDP in which the applicable faculty member(s) work.

q. Right of First Refusal

Contract faculty members who have successfully taught for a minimum of 0.75 FTE have the right to be offered courses that become available as contract work for which the contract instructor is qualified.

r. Secondment

The temporary transfer of a faculty member for a specified period of time to or from one position to another. A secondment can also include a temporary transfer of an employee to or from another employer where the faculty member in question remains on the College payroll.

s. Seniority

The categories of seniority and their definitions appear in Article 7.

t. Severance

Faculty members who are terminated as a result of an obsolescence or redundancy under Article 13.03.b and who are unable to be reassigned under Article 13.03.b.v or who refuse a reassignment under Article 13.03.c.i(2) will receive severance pay in accordance with Article 13.03.c.i.

u. Technological Change

For the purpose of the Agreement, the term "technological change" shall mean change introduced by the College in modes of learning, in modes of delivery of learning, or in modes of delivery of related services where such change affects the security of employment of faculty members, significantly affects the terms and conditions of employment of faculty members or alters significantly the basis upon which this Agreement was negotiated.

v. Temporary Work

Temporary work results from replacing a faculty member on leave, or assigned to other duties, or work that is a result of a time limited contract/project.

w. Termination

For the purposes of this Agreement, any reference to termination as it relates to employment means the cessation of employment at the College. A faculty member who has been terminated from the College loses all employment rights as provided in this Agreement or otherwise.

1.04 Precedence of Agreement

In the event that there is a conflict between the contents of this Agreement and any regulations made by the College, or on behalf of the College, this Agreement shall take precedence over the said regulations.

Article 2 – UNION SECURITY

2.01 Union Recognition/Bargaining Unit Description

Except with the mutual written consent of the Association and the College, no faculty member covered by the Association's certification shall be required or permitted to make a written or oral agreement with the College or its representatives which may conflict with the terms of this Agreement.

2.02 Union Security/Faculty Association

- a. The Association President and Vice-Presidents, in order to fulfil their responsibilities as the elected officers representing the welfare of the Association, will be freed from obligations normally required of a faculty member with respect to committees and related work.
- b. The Association will be allowed the use of reasonable bulletin board space and similar space in the College newspaper.
- c. The Association will have the right to use College facilities for meeting purposes free of charge.
- d. The College will provide the Association with office space equivalent to the existing allocation.
- e. The Association designate will be furnished with a copy of the Agenda and other public information assembled for College Board meetings. This material will be mailed to the Association at the time of distribution to the College Board. Approved minutes of all College Board meetings will be distributed similarly.
- f. The College shall provide the Association with a list of regular faculty members every month. The list shall include the name, address, and telephone number of the faculty member, the department, and step on scale.

As well, for each contract faculty member, the College shall provide the Association with the name, address and telephone number, section(s), discipline(s), length of contract(s) and rate of pay. This information shall be provided by the 15th day of each month for contracts signed in the previous month and may be provided in the form of copies of the contract(s) signed by each contract faculty member. Provision of these data in the form of individual contract(s) shall not constitute notice to the Association of the content of any individual contract(s) for the purposes of the grievance procedure.

- g. The College shall provide FTE seniority service lists to the Association in accordance with Article 7.08.

2.03 Dues Deduction

- a. Deduction of dues as a condition of employment will be applied to all members of the bargaining unit.
- b. All deductions of dues shall be remitted by the College to the agent appointed by the Association not later than fifteen (15) days after the date of deduction.
- c. The Association shall advise the College in writing of the amount of its regular monthly dues. The amount so specified shall continue to be the amount of the Association's regular monthly dues and shall continue to be the amount to be deducted until changed by further written notice to the College from the President of the Association. Upon the College's receipt of such notice, the changed amount shall be the amount deducted for the following month.
- d. A faculty member shall, as a condition of employment, sign a form authorizing the College to deduct Association dues, and shall maintain such authorization for the duration of his/her employment as a faculty member. The Association may, in writing, require the College to dismiss a faculty member who refuses to provide signed authorization for dues deduction.

2.04 Union Representation (general)

This Agreement applies to those persons in the bargaining unit specified by the Certificate of the Association.

2.05 Faculty Association Business

- a. To facilitate the operation of the Agreement and employer-faculty member relationships, the Association will be provided quarter-time leave of absence without loss of pay for one (1) of its members in two (2) semesters each year. Additional leaves of absence shall be at replacement cost.
- b. The College agrees that, while the granting of leave in excess of half-time for any one (1) individual is subject to the College's educational requirements, approval shall not be unreasonably withheld.
- c. The request for all such leaves shall be made by the Association in writing to the Responsible Administrator and the Associate Vice President, Human Resources as soon as possible, but no later than June 15, for Fall leaves and November 1 for Winter leaves.

- d. Meetings between representatives of the Association and the College shall be held at times mutually agreeable to the parties. Every effort shall be made to hold such meetings at times that do not conflict with the teaching or duty schedules of the faculty members involved.
- e. Any leaves granted under this section shall count as eligible time towards full-time equivalent (FTE) service wherever such service is referred to in this Agreement.

2.06 Contracting Out

Note: Additional provisions regarding Contracting Out are contained in the Common Agreement. Such Contracting Out provisions are contained in Article 6.5 of the Common Agreement.

The College agrees that the duties and responsibilities reserved by the Agreement to the bargaining unit will not normally be performed by persons outside the bargaining unit.

The parties recognize and agree that there may be situations or programs which require supplementary or special expertise, and which necessitate the contracting out of work normally performed within the bargaining unit. In such cases, the contracting out will be undertaken only after discussion and agreement between parties.

For purposes of this article, the parties agree that the duties and responsibilities reserved to the bargaining unit include those of a type normally carried out by persons described in Article 1.03.e, 1.03.j and 1.03.n.

The Association agrees to co-operate in the development of expanded programming, and agreement to contracting out will not be unreasonably withheld where this provision would otherwise prevent the College from participating in a joint educational venture with another institution or agency.

In the event of a disagreement respecting application or alleged violation of this article, the Association may grieve, and the College may proceed with the disputed activity pending the outcome of the grievance.

2.07 Labour Disputes

- a. Faculty members covered by this Agreement shall have the right to refuse to cross a legal picket line arising out of a strike as defined in the Labour Relations Code of British Columbia or in the Canada Labour Code.
- b. No faculty member shall suffer loss of pay for failure to cross a picket line where the faculty member is apprehensive for his/her personal safety.

- c. Failure to cross a picket line encountered in carrying out the College's business shall not be a violation of this Agreement nor shall it be grounds for disciplinary action.
- d. Faculty members should not expect to receive pay for work not performed as a result of observance of picket lines.

2.08 Third Party Labour Disputes – No Loss of Pay

In the event of picketing by a union other than the Association:

Faculty members who are scheduled to teach on site, and who do not cross a picket line, will have their pay deducted for the scheduled time.

Faculty members who are scheduled to teach at an off site location during a third party labour dispute, and who fulfill that teaching obligation, will suffer no loss of pay.

Faculty members who are scheduled to work off site (other than teaching) during the third party labour dispute, and who fulfill that obligation will be paid – provided they forward a memo to their Responsible Administrator stating they were doing college work off site during the dispute. This memo will indicate the dates during which they were performing such work. Where faculty members have provided such written notification to their Responsible Administrator, no further notification will be required.

Article 3 – MANAGEMENT RIGHTS

3.01 Management Rights

While the College customarily delegates to appropriate faculty groups responsibility for determining which courses and sections shall be timetabled in any semester; for assigning instructional duties to instructors; for determining instructor's home campus; for requiring instructors to develop new courses or to revise existing ones; for ongoing program development and revisions; this delegation shall not be construed to abrogate the College's rights with respect to these functions but neither shall it be unreasonably withheld. Generally, and without being limited by the foregoing, the College has the right to manage, operate and direct the working force of the College.

The College agrees that these rights will be exercised in a manner consistent with the provisions of other articles in this Agreement.

3.02 Union - Management Relations

Any changes deemed necessary in this Agreement may be made by mutual agreement of the parties at any time during the life of this Agreement.

Article 4 – GRIEVANCE PROCEDURE AND ARBITRATION

4.01 Grievance Procedure

a. Grievance Defined

A grievance is any complaint relating to the application, operation, or alleged violation of this Agreement or any other question as to whether any matter is grievable or arbitrable.

b. Policy Grievance

A policy grievance may be initiated regarding any dispute involving the application, interpretation, or alleged violation of this Agreement. A policy grievance may follow the normal steps or move directly to Step Two.

A policy grievance will be initiated within 30 (thirty) working days of the date on which the issue giving rise to the grievance occurred or of the time when the Association could have reasonably been expected to become aware of the issue, whichever is later.

c. Joint Interpretation

Where a difference arises between the parties relating to the interpretation of this Agreement, it may be settled by means of a jointly agreed to interpretation signed by the College President and the President of the Association, or their designates.

d. Informal Grievance Resolution

A faculty member is encouraged to discuss, prior to the formal initiation of a grievance, any problems relating to his/her employment with the appropriate administrator to resolve the matter promptly and informally.

Any informal resolution of a grievance or complaint shall be consistent with this Agreement, but shall not be binding on the College, the Association, or any other faculty member.

If the Association is of the opinion that an issue has been informally resolved in a manner inconsistent with the terms of this Agreement, then the Association may initiate a grievance on the informal resolution.

e. Formal Grievance Steps

Step One

All formal grievances shall be initiated by the Association within twenty (20) working days of the time that the Association could reasonably have become aware of the incident that is the subject of the grievance, or within twenty (20) working days of the completion of any attempt at informal resolution (including discussion at Labour-Management Relations Committee) under 4.01.d, whichever date is later. A formal grievance shall be directed in writing to the Responsible Administrator. Within five (5) working days of receipt of a written grievance, the Responsible Administrator shall discuss the grievance with a representative of the Association. The faculty member may choose to be present. Within eight (8) working days of the receipt of a written grievance, the Responsible Administrator shall provide the Association with a written reply.

Step Two

If the grievance is not satisfactorily resolved at Step One, the matter shall be referred to the appropriate Vice President who shall meet with a representative of the Association within ten (10) working days of the referral and shall reply in writing within twelve (12) working days.

Step Three

If the grievance is not satisfactorily resolved at Step Two, the matter shall be referred to the College President who shall meet with a representative of the Association within ten (10) working days of the referral and shall reply in writing within twelve (12) working days.

f. Referral to Arbitration

If a satisfactory settlement is not reached at Step Three, the grievance may be referred to arbitration as set forth in Article 4.02.

g. Time Limits and Technical Errors

If a grievance is not advanced to the next stage within fourteen (14) working days after completion of the preceding stage, it shall be deemed to have been abandoned and all rights of recourse to the grievance procedure shall terminate.

Any time limit and/or stage in the grievance process may be waived by agreement between the parties. Also a policy grievance may be advanced immediately to Step Two at the request of either party.

It is the intent of both parties to this Agreement that no grievance shall be defeated merely because of a technical error in processing the grievance through the grievance procedure.

4.02 Arbitration

Time limits specified in Article 4.01 shall not be deemed to be nor construed as matters of technicality but as matters of substance.

- a. Where a difference arises between the parties relating to the interpretation, application, operation or alleged violation of this Agreement, including any question as to whether a matter is arbitrable, either of the parties, without stoppage of their work, may, after exhausting any grievance procedures established by this Agreement, notify the other party in writing of its desire to submit the difference to arbitration.
- b. Within ten (10) working days of the delivery and receipt of the reference to arbitration, the parties shall select a mutually acceptable Arbitrator. In the event that the parties cannot agree upon the selection of an Arbitrator, either party or both of the parties may request the Director of the Collective Agreement Arbitration Bureau to appoint an Arbitrator.

- c. Procedure

The Arbitrator will determine his/her own procedure in accordance with the Labour Relations Code of British Columbia, and shall give full opportunity to all parties to present evidence and make representations. The Arbitrator shall hear and determine the dispute or allegation and shall make every effort to render a decision within a reasonable time.

4.03 Amending of Time Limits

The time limits fixed in this arbitration procedure may be altered by mutual consent of the parties, but the same must be confirmed in writing.

4.04 Powers of Arbitrator/Jurisdiction and Authority

- a. Subject to the jurisdiction vested in an arbitrator or Arbitration Board under Part 8 of the Labour Relations Code of British Columbia, the Arbitrator shall have jurisdiction and authority to interpret and apply the provisions of this Agreement insofar as it may be necessary to the determination of the grievance referred to him/her. He/she shall not have the jurisdiction to alter, amend, add to or delete from any of the provisions of this Agreement, or make any decision which is inconsistent with the provisions of this Agreement.
- b. The Arbitrator shall have the authority to allow all reasonable amendments to the grievance, and the authority to waive procedural irregularities in the

processing of the grievance, in order to determine the real matter in dispute and to render a decision according to equitable principles and the justice of the case.

- c. Where a difference arises between the parties involving the question as to whether a matter is arbitrable, that issue shall be referred to the Arbitrator and the reference may stipulate that the issue of arbitrability is to be determined as a preliminary question.

4.05 Expenses and Costs of Arbitration

Each party shall pay its own expenses and costs of arbitration. The remuneration and disbursements of the Arbitrator and of stenographic and related expenses shall be divided equally between the College and the Association.

4.06 Expedited Arbitration for Layoff

This procedure applies to arbitration of any grievance involving interpretation, application or alleged violation of Article 13.03, including any question as to whether the grievance is arbitrable.

The authority of an Arbitrator appointed to resolve a grievance arising from Article 13.03.b.v shall be limited to determining whether a faculty member is qualified to instruct the remaining courses or to perform the remaining services in a DDP in which another faculty member has been identified for a redundancy declaration.

The authority of an Arbitrator appointed to resolve a grievance arising from Article 13.03.b.v shall be limited to determining whether a faculty member who has been declared redundant can be reassigned on the basis of his/her qualifications to a position as described in Article 13.03.b.v(2). Article 4.02.c inclusive applies to this expedited procedure.

Arbitrator's List

A sole arbitrator system shall be used. A list of mutually agreed arbitrators will be developed and updated annually.

The first party to eliminate a name from the above list will be determined by a toss of a coin. The other party shall then delete a second name from the list, and the name remaining shall be the Arbitrator selected to decide the case.

Pre-Hearing Procedure

The parties shall meet within five (5) working days of the referral to arbitration and select the Arbitrator in the manner set out above. Within two (2) working days following the selection, the Association shall have a Letter of Appointment

delivered to the Arbitrator. That Letter shall advise the Arbitrator of the name of the faculty member involved, and advise that he/she

- a. has been appointed by agreement of the parties under either Article 13.03.b.iv or Article 13.03.c.i(1);
- b. is vested with jurisdiction over the grievance upon receipt of this Letter;
- c. must comply with this Expedited Procedure, a copy of which will be enclosed with the Letter of Appointment;
- d. must complete the hearings and communicate his/her decision to the parties within thirty (30) days following receipt of the Letter, and provide the parties with written reasons for his/her decision no later than sixty (60) days following receipt of the Letter;
- e. must hold a pre-hearing meeting of counsel no later than fifteen (15) days following receipt of the Letter; and
- f. will order the parties to provide him/her with and exchange documents known to be relevant to the Issue, a Joint Statement of Agreed Facts, and a statement of each party's position on the merits of the grievance, all within ten (10) days following his/her pre-hearing meeting of counsel.

B. OPERATIONS

Article 5 – SELECTION COMMITTEES, HIRING AND EVALUATION

5.01 Selection Committees

Selection Committees are primarily responsible for participating in

- i. the selection of regular and contract faculty in the DDP;
- ii. the selection of the DDP's Coordinator(s);
- iii. extra-DDP faculty selections;
- iv. the selection of faculty for program development projects as described in Article 8.12;

Whenever a need arises for contract faculty members, it shall be filled by one of two (2) processes:

i. Offering Contracts to Contract Faculty Members with Right of First Refusal

(1) Persons on a contract faculty inventory list who have successfully taught for a minimum of 0.75 FTE Service within a DDP have earned the right of first refusal for courses for which they are qualified as provided in Article 1.03.k.

(2) Persons who have earned the right of first refusal shall be offered, in order of DDP FTE Service, available contracts for which they are qualified. Such contracts shall be offered in writing according to the following process:

(a) A contract faculty member shall be deemed to have taught successfully unless an evaluation carried out under Article 5.08.a Probation/ Evaluation has been completed and the Responsible Administrator has recommended that no other contract be offered to the instructor.

(b) If the contract faculty member with the most DDP FTE Service refuses an available contract or contracts, the contract or contract(s) shall then be offered to the faculty member with the next most DDP FTE Service in the DDP. This process shall continue in decreasing order of DDP FTE Service (most to least), until no other contract faculty members with a minimum 0.75 FTE Service in the DDP are available.

(c) If a contract faculty member cannot be found for an available course or courses, after following this process, the available contract or contracts may be offered to instructors with less than 0.75 of FTE Service in the DDP or by using the selection procedure identified in Article 5.05.b.ii.

ii. Selection of New Contract Faculty

Whenever a need arises for new contract faculty members, the following process shall apply.

contained in Article 6 and forward these recommendations to the appropriate administrator.

- (2) The Responsible Administrator shall offer a contract(s) to the designated contract instructor. In the event that the designated instructor declines the contract, the Responsible Administrator shall ask the appropriate Chair/Coordinator for an alternate contract instructor.

- (4) In the event that the inventory is exhausted and time does not permit this process to be followed, the Responsible Administrator and the Chair/Coordinator or his/her designate shall jointly agree on the appointment. If the Chair/Coordinator or designate is not available, the Responsible Administrator shall make the appointment.
- (5) Where a section offered by contract to any contract instructor is cancelled and is not replaced by an equivalent contract, and a replacement contract is not offered, an instructor shall be awarded FTE Service for the sole purpose of offering future contracts as if the contract had been awarded.
- (6) All contract offers will be made in writing. For scheduled classes, the College will issue contracts at least thirty (30) days prior to their commencement. Contracts for unscheduled classes and for replacement instructors will be issued as required.
- (7) The contract faculty member is responsible for providing, to the Responsible Administrator any changes to the address and phone number at which he/she can be contacted for contract offerings. Failure to provide the Responsible Administrator with current address and phone number will be deemed to be a refusal of contracts for the semester.
- (8) As of the dates set out in section (6) of this clause, initial written contract offers will be sent to contract faculty members. Contract offers made in accordance with this paragraph must be signed and received by the College within ten (10) days or the offers will be deemed to have been refused.

iii. Loss of Seniority/Right of First Refusal (Contract Faculty)

If a contract faculty member refuses all work at the College in the DDP for two (2) consecutive semesters or does not work in the DDP as a faculty member for a period of two (2) years before the beginning of the relevant contract, except where he/she is on pre-approved leave inclusive of maternity, paternity, adoption leave in accordance with clauses 17.04 and 17.09, then the faculty member is terminated and loses any earned Right of First Refusal and all accumulated DDP FTE Service.

Variance requests will not be refused unreasonably. Agreed variances must be recorded in writing and registered with LMRC.

In accordance with Article 5 of the Agreement, the parties agree that the final decision-making authority for hiring rests with the College.

Article 6 – CREATION AND ASSIGNMENT OF REGULAR POSITIONS AND AVAILABLE WORK

The Responsible Administrator shall determine the instructional work available for the next academic year, as follows:

- a. In November/December of each year, the Responsible Administrator shall review the instructional work for the current academic year and incorporate known additions and deletions, including temporary work, for the next academic year.
- b. This review shall account for instructional work already committed to as part of the established workload of full-time and part-time regular faculty members.
- c. Any instructional work not committed, inclusive of known temporary work, shall be reviewed to determine the amount of work which is anticipated to be available in the next academic year.
- d. The College shall review the summaries of the Education Plan and the identified available work for the next academic year with an Association representative or designate by June 1. The Association representative or designate, based on the information provided, shall confirm acceptance, or where there is disagreement, provide reasons.

6.02 Establishing Regular Positions

6.03 Establishing Workload

- a. "Established workload" means the minimum amount of work that must be assigned to a regular faculty member, provided work is available which the faculty member is qualified to teach.
- b. Where a regular faculty member has occupied a regular position in a DDP for three (3) consecutive years, and is assigned regular work for a fourth consecutive year, the faculty member shall be granted an established workload. The established workload is the faculty member's lowest annual workload assignment within the four (4) year period.
- c. Work identified prior to September 1 as being available to be assigned to regular faculty members shall be considered as part of the established workload when it is assigned to a regular faculty member.
- d. Work identified on or after September 1 shall not be considered as part of the established workload of a regular faculty member. Where such work is performed by a regular faculty member and continues for a second or third consecutive semester in the same academic year, then the work in the second or third consecutive semester shall be considered as part of the established workload of that regular faculty member.

6.04 Increasing Established Workload

The established workload of a regular part-time faculty member shall be reviewed annually. If the faculty member's annual workload assignment in any subsequent period of four (4) consecutive years exceeds the established workload, the faculty member shall be granted a new established workload equal to her/his lowest annual workload assignment within the most recent four (4) year period. The faculty member's new established workload shall take effect at the beginning of the fourth year of this period.

6.05 Determining Workload Assignments

- a. Prior to each semester, each DDP will ensure discussions have occurred with regular and contract faculty members to determine the needs of the DDP. These discussions will include faculty member preferences with respect to scheduling and assignments.
- b. Where a contract faculty member indicates a preference for assignment of fewer contracts than he/she would otherwise be entitled to, the faculty member will provide a written waiver to this effect to the Responsible Administrator.

This written waiver must be provided by July 1 for Fall semester contracts, by November 1 for Winter semester contracts, and by March 1 for Summer semester contracts.

6.06 Offering Work to Existing Regular Faculty

Available work for an academic year that is identified by July 1 prior to the commencement of that year shall first be offered to qualified regular faculty members in the DDP in the following priority sequence, subject to scheduling requirements:

 - ii. through the contract faculty selection process; and
 - iii. regular faculty members in the DDP, on an overload basis.
- c. In the event that two (2) or more regular faculty members have identical DDP FTE Service, then College FTE Service shall be used as a tie breaker for the purpose of appointment or workload allocation. If a tie continues to exist it shall be decided by lot. The lottery will be conducted as follows: the faculty members' names will be written on identical pieces of paper, which will be placed in a covered receptacle. The Associate Vice President, Human Resources or designate will draw one name from the receptacle and read out the name. The winner of the tie breaker will be offered the available work for the coming academic year.
- d. Part-time regular faculty members who are offered additional available work will have seven (7) calendar days to advise the College in writing whether or not they accept such additional work. Where a part-time regular faculty member rejects additional work for an academic year in which the faculty member is not scheduled to be on an approved leave, he/she shall not subsequently be offered additional, available work unless he/she notifies the Administrator in writing of his/her willingness to accept additional work.
- e. A post-probationary regular faculty member planning to retire in the following academic year may request, for the academic year preceding retirement, a part-time workload spread across three (3) semesters. Access to this provision will be limited to one (1) occasion per faculty member.

Once a regular faculty member has an established workload, the provisions of Articles 13.03.b and 13.03.c shall apply where there is an involuntary reduction in this workload.

- i. A faculty member with a reduced workload shall be treated the same as a regular part-time faculty member for the purposes of determining his/her rights and obligations under this Agreement, except as amended by this article.
- ii. Benefit premiums for faculty members working a reduced workload shall be prorated.
- iii. Faculty members with a reduced workload may request contract work.

iv. Temporary Workload Reduction

A temporary workload reduction of one-half time or less may be requested by a regular post-probationary full-time faculty member. Faculty requesting a temporary workload reduction may do so by applying for a partial leave of absence in accordance with Article 17.06 General Leave, Unpaid. A temporary workload reduction is for a period of time not to exceed two (2) years.

v. Permanent Workload Reduction

- (1) A regular post-probationary full-time faculty member may apply for a permanent workload reduction of one-half time or less.
- (2) All workload reduction applications shall clearly state the faculty member's responsibilities. These shall not be changed without the approval of the DDP Selection Committee. Faculty members who engage in a workload reduction are expected to carry out their full share of regular faculty member responsibilities on a prorated basis.

10.04 Harassment Complaints

- a. Article 2 (Common Agreement)

Article 10.04 of this Agreement supplements the Harassment provisions found in Article 2 of the Common Agreement, as per Article 2.3.1, which allows for local informal processes if the parties mutually agree. If there is any inconsistency between Article 10.04 of the Agreement and Article 2 of the Common Agreement, the Common Agreement will prevail to the extent of the inconsistency.

- b. Harassment Advisors

- i. To determine whether a harassment complaint may be warranted, faculty members may use the services of a Harassment Advisor.
- ii. Harassment Advisors provide confidential consultation to the Complainant regarding the Complainant's options, and provide the Complainant with information and advice regarding
 - (1) whether the behaviour(s) in question may fall within the definition(s) of Harassment under Article 2 of the Common Agreement;
 - (2) possible procedures and options available to the Complainant under this provision or under alternate Policy or process (as appropriate); and

- (3) possible actions which the Complainant might take to resolve the situation himself or herself. These include but are not limited to addressing the Respondent, seeking the help of the Student Ombudsperson or Faculty Ombudsperson or a union Steward (as appropriate), and/or seeking Informal Resolution. If the Complainant, after initial consultation, wishes to proceed to a formal complaint of harassment, he or she will be referred to the Associate Vice President, Human Resources, or designate.
- iii. The Advisors do not determine whether Harassment occurred, they only confirm that behaviours as described by the Complainant may constitute Harassment under College Policy and/or Collective Agreement language. Only a Formal Investigation can determine whether Harassment has taken place.
- iv. The Harassment Advisor will maintain confidentiality of the consultation. However, if the Complainant claims that the Harassment involves violence, the Advisor must report the situation to the Responsible Administrator who must do an investigation under policy A10.01.05 Violence Prevention Involving Employees or A10.01.06 Violence Prevention Involving Students/Users.
- v. The Harassment Advisor will limit information and advice to harassment issues. Questions on any other issues will be referred to the appropriate individual or department, and/or to the Association.
- vi. Interactions between the Harassment Advisor and the Complainant will be confidential. The Harassment Advisor will not be questioned, or otherwise participate in any subsequent investigative process.

c. Complaint Process Issues

- i. The Associate Vice President, Human Resources or designate will conduct initial, independent interviews with the Complainant and the Respondent, respectively, to determine the scope of the complaint and the willingness on the part of each of the parties to participate in mediation.
- ii. The scope of the complaint will be determined and signed off by the Complainant. This document will represent the complaint. Other issues that are determined to be outside the scope of the complaint will be formally referred to the appropriate parties or processes.
- iii. The Respondent will be contacted to arrange an appropriate delivery method, taking confidentiality and speed into consideration. Courier to the faculty member's home address will be used where appropriate, considering confidentiality and speed.

- iv. All notices concerning the complaint will be delivered via the method agreed with the faculty member.
- v. Faculty members being interviewed concerning a harassment or policy complaint will be informed by the College of their right to Association representation.

d. Mediation

- i. For the purposes of this procedure, “Mediation” is defined as an informal, facilitative, interest-based process for problem-solving and conflict resolution. Mediation is a process by which the parties, with the aid of an impartial person, can identify issues in dispute in order to develop understanding, explore options, examine alternatives and, hopefully, work together to build a solution that meets the needs of the parties.
- ii. Mediation will occur by mutual consent only and with the assistance of an impartial, designated administrator (other than the Associate Vice President, Human Resources). The mediation must relate to the alleged behaviour of the Respondent and the substance of the complaint against the Respondent;
- iii. If the parties are not agreeable to mediation, an investigation by an outside investigator will take place in accordance with Article 2 of the Common Agreement.
- iv. If, at any time, either of the parties determines that the mediation process is not beneficial and wishes to discontinue the process, the Mediator will cease the mediation process, document the fact that mediation was attempted and no resolution was attained and release the parties from the process. In such an event, an investigation by an outside investigator will take place in accordance with Article 2 of the Common Agreement.
- v. The Mediator will act as an impartial facilitator to
 - (1) structure a process that encourages the parties to discuss and resolve issues;
 - (2) facilitate open and respectful communication, focusing on interests rather than on positions;
 - (3) manage the emotional climate;
 - (4) provide a “safe” environment for discussion of issues in dispute;

- (5) assist the parties to organize information and explore possibilities and options for resolution; and
- (6) record decisions and agreements.

e. Formal Investigation

- i. Where a complaint under Article 2 of the Common Agreement is referred to the formal investigation stage, please read Article 2 of the Common Agreement before commencing the formal investigation state.
- ii. The External Investigator will be given a copy of the relevant Agreement and Common Agreement language, together with any relevant procedures related to that language, at the time of referral of the complaint.
- iii. The Investigator will determine the scope of the complaint, based on the signed Complaint of the Complainant and will limit the scope of the investigation to the determination of whether or not the Respondent has engaged in harassment toward the Complainant. Any issues not related directly to the parties to the complaint will be referred back to the institution for action.
- iv. Faculty who are interviewed in relation to a harassment complaint will be provided a written account of their statement and will verify the accuracy of that statement by affixing their signature.
- v. The College will ensure that the Investigator keeps the parties to the complaint informed of the progress of the investigation including the scope of the complaint, parties to be interviewed and time lines.
- vi. Prior to the conclusion of the investigation, the Respondent will have the opportunity to respond, in writing, to all evidence presented.
- vii. The Investigator will ensure that the parties to the complaint receive a written response of the findings and recommendations of the Investigator.
- viii. All documentation related to the complaint will be retained in a confidential, sealed file/envelope by the Associate Vice President, Human Resources.

Where the LMRC cannot resolve this issue, the matter will be referred to the College President for final resolution. The President will provide written reasons to the LMRC for his/her decision.

v. Permanent Vacancies

- (1) Where a permanent vacancy exists, or where a temporary appointment is expected to be more than (12) months in duration, the College shall establish a Selection Advisory Committee in accordance with this article. This includes vacancies previously filled on a temporary basis, whether or not a Selection Advisory Committee participated in the filling of such a vacancy.
- (2) Realignment of duties does not create a vacancy. This includes situations where administrative positions are reclassified.

- (4) Any dispute arising under this section shall be referred to the LMRC. Where the LMRC cannot resolve this issue, the matter will be referred to the College President for final resolution. The President will provide written reasons to the LMRC for his/her decision.

- (2) The Selection Advisory Committee will establish in writing
 - (a) the minimum qualifications which must be met for a candidate to qualify for consideration;
 - (b) the threshold a candidate must meet to be advanced to a final interview; and

- (c) how the selection criteria will be used for rank ordering of candidates.

These may be revised by agreement of the Committee.

- (3) Once the qualifications and criteria have been developed, the position will be posted. The method(s) of posting will be determined by the administrator, in accordance with the College's Excluded Working Conditions document and posting/advertising procedures, and with the advice of the Selection Advisory Committee.
- (4) The Selection Advisory Committee will review all applications and select candidates for an initial interview. Selections for interview will be done jointly according to agreed methods of evaluating, prioritizing and weighting qualifications and criteria.
- (5) Additional tasks, such as reference checks, will be done by standard, professional practices. Reference checks will normally be done by the administrator. A standard reference check report will be provided to the Committee. A professional recruitment agency may be used for some of these tasks.
- (6) In rare and extenuating circumstances, where the Administrative and Faculty representatives cannot agree on the inclusion of a candidate for the interview process, the chair will determine whether or not to include the candidate. The chair will provide written reasons to the committee.
- (7) For permanent vacancies, a two (2) interview process will normally be used, followed by a public presentation to the appropriate College community. All interviews and presentations will follow a standard format.
- (8) The Selection Advisory Committee will make a recommendation by consensus. Where consensus is not possible, a vote will be taken. A majority of the Selection Advisory Committee must agree for a recommendation to go forward. The recommendation will be presented with a written rationale to the appropriate administrator making the appointment.
- (9) Where a tied vote occurs, in recognition of the recommending role of the Committee, the Committee will forward their respective positions, in writing, to the administrator. The administrator will review the submissions made by the Committee and make the final decision. The administrator will

provide the final decision and reasons, in writing, to the Committee.

- (10) Where no candidate is deemed qualified for the position, the selection process will recommence.
- (11) A candidate who is not deemed qualified shall not be appointed to the position.
- (12) Where an internal candidate is not recommended, the Committee will state which qualifications and criteria were not met and provide rationale.

- (14) Where the College believes a vacancy needs to be filled quickly, the administrator may request the Selection Advisory Committee to use a quicker process. It is understood this will only occur in very rare situations where an accelerated process is essential to College operations.

Where the Committee is unable to agree on an accelerated process, the administrator will determine the timing of the process, following consultation with the Committee.

It is further understood that the administrator will attempt to resolve the dispute with the Committee, including calling an additional, special purpose meeting of the Committee to attempt to reach a resolution. The responsible administrator will put in writing the reasons for impasse and their decision.

b. Selection Committee Procedures

- i. Members appointed to the Selection Committee must be able to attend a majority of the Committee's meeting and all interviews. If a proposed member is unable to fulfill this obligation, she/he will decline or resign the appointment and the College or the Association will appoint a new member to the Selection Committee.
- ii. At the start of the selection process, the administrator will notify the Selection Committee of the date by which the Committee is expected to present its recommendation or report. If the Selection Committee, by majority recommendation, believes that it is not possible to complete its proceedings within the timelines established, it will so advise the administrator, providing rationale and a recommendation for a revised timeline. The administrator

shall meet with the committee prior to making a decision to revise the time lines and show how its concerns are addressed (i.e., provide written reasons).

- iii. Strict confidentiality must be observed at all times. In particular, personal information submitted by candidates is protected by the Freedom of Information and Protection of Privacy Act. Members of the Committee may report to their respective appointing parties on procedural issues only, for purposes of obtaining clarification or resolving disputes.
- iv. Committee members must respect Human Rights Code standards in evaluating candidates. An orientation from Human Resources on Human Rights issues related to hiring is recommended.
- v. If an actual or reasonably apprehended conflict of interest exists, the administrator will require the appointee in question to step down from the Selection Committee. The appointing party will be asked to appoint a replacement. An issue of conflict of interest may be raised by any member of the Selection Committee or any applicant for the position. The administrator will determine whether a conflict of interest exists. Douglas College Policy A02.01.01 will be used to define conflict of interest for the purposes of selection.
- vi. The originals of all records of the Committee will be provided to the Chair of the Committee and then forwarded to the office of the Associate Vice President, Human Resources, who will determine the final disposition of the records in accordance with College Policy and legal requirements. Upon request, the Association will be provided access to minutes of Selection Advisory Committees established under this article, subject to Freedom of Information and Protection of Privacy legislation.

Note: Additional provisions regarding Disability Benefits are contained in the Common Agreement. Such Disability Benefit provision is contained in Article 9.3 of the Common Agreement.

a. Regular Faculty

A faculty member does not accumulate sick leave benefits; rather, the College pays an absent member his/her full salary for an absence not exceeding thirty (30) days, reserving the right to demand a certificate from a medical practitioner who in some cases may be of the College's choice.

Any faculty member absent through illness/injury or who expects to be absent will notify the College.

Where an employee is on sick leave and returns to work and has a reoccurrence or continuance of the same or related illness or injury within a fourteen (14) day period, the second period of sick leave will be considered a continuation of the first period of sick leave and benefit payments will resume immediately.

b. Contract Faculty

Where a contract faculty who meets the eligibility requirements for Health and Welfare Benefits as provided in Article 16.09 is absent through illness or injury, pay will not be deducted for a maximum of two (2) days per semester. In such

events, the contract faculty must advise the Dean/designate of his/her absence and must ensure that students are informed of how to proceed with course work in the instructor's absence.

Application of this provision must not result in any increased cost to the College, except for the two (2) days of pay, including substitution and overload costs.

c. Short Term Income Protection Program

A faculty member absent more than thirty (30) days, due to illness or injury, receive benefits from the Short Term Income Protection (STIP) Plan beginning on the 31st day of illness/injury.

The STIP plan shall provide 70% of a faculty member's regular monthly base salary. The monthly maximum specified in the plan shall be \$5,000.00. The STIP shall be a one hundred and forty-seven (147) day plan.

Premiums for the STIP plan shall be paid by the employer and as a result benefits are taxable.

Where an employee is on the STIP plan and returns to work and has a reoccurrence or continuance of the same or related illness or injury within a fourteen (14) day period, the second period of disability will be considered a continuation of the first period of disability and benefit payments will resume immediately.

Coverage is by means of a policy, issued by the insurance company, and should be consulted for full details.

Faculty on Short term Income Protection will continue to accrue FTE service for the duration of the Short Term Income Protection Leave. Service will be considered continuous for the purposes of vacation, professional development, and increments.

16.07 Long Term Disability

Note: Additional provisions regarding Disability Benefits are contained in the Common Agreement. Such Disability Benefit provision is contained in Article 9.3 of the Common Agreement.

A faculty member absent more than one hundred and seventy-seven (177) days due to injury or illness receives benefits from the Long Term Disability Plan (LTD).

The LTD plan shall provide 60% of a faculty member's regular monthly base salary. The monthly maximum specified in the plan shall be \$5,000.00.

Premiums for the LTD plan shall be paid by the Employer and as a result benefits are taxable.

The definition of gainful employment in the plan as it applies after the initial assessment period shall stipulate that gainful employment includes the provision that the income level shall be set at least 70% of pre-disability earnings indexed.

The sole purpose of this clause is to set the percentage of pre-disability earnings and is not intended to otherwise alter the terms of the plan or make it arbitrable.

Consistent with past practice, LTD recipients will continue to receive health and welfare benefits as employees for the length of time they remain on LTD after the initial assessment period.

Coverage is by means of a policy, issued by the insurance company, and should be consulted for full details.

Faculty on Long Term Disability Leave will continue to accrue FTE service for the duration of the Long Term Disability Leave up to a maximum of two (2) years. Service will be considered continuous for purposes of pay in the academic year in which the faculty member returns to work.

16.08 Pension Plan Provisions (College Pension Act)

Regular faculty members shall enrol in the College Pension Plan, as required by Article 10.1 of the Common Agreement. Exceptions are as described in Common Agreement Article 10.2.

Contract faculty members may enrol on a pro-rated basis, and will be required, upon hire, to sign whether they wish to enrol or decline. Contract faculty members are required to enrol in the College Pension Plan under certain conditions pursuant to the rules of the pension plan, which may change from time to time.

In the event of a contradiction between this Agreement and the Public Sector Pensions Plan Act and the College Pension Plan Regulations, the Act and Regulations shall apply to the extent of inconsistency.

16.09 Contract Faculty Benefits

Note: Additional provisions related to contract faculty benefits (pension) are contained in Article 16.08.

- a. Contract appointments that fall under Article 1.03.e will be eligible, upon application, for the following health and welfare benefits:

- b. Each contract shall provide for authorization of deduction of premiums or authorization of waiver of access to the health and welfare benefits for the life of the contract.

A contract faculty member who qualifies for benefits, and has arranged for coverage under some or all of the benefit plans, shall be allowed to extend his/her coverage under the benefit plans beyond the end of his/her current contract(s).

- c. Where a contract faculty member wishes to extend benefit coverage for a minimum of thirty (30) days, up to a maximum of one hundred thirty (130) days, he/she shall notify the employer, in writing, of his/her intent to do so a minimum of twenty-one (21) days prior to the termination of his/her existing contract(s).
- d. Where a contract faculty member is extending her/his benefit coverage beyond his/her existing contract(s) for a minimum of thirty (30) days, the employee shall pay the cost of the premiums, in advance, in accordance with procedures established by the employer. Failure to provide payment of such premiums in advance will result in the cancellation of benefits coverage.
- e. Where a contract faculty member who is currently covered under the benefit plan(s) is in receipt of a new contract(s) that would qualify him/her for benefits, and have authorized prorated premium deductions, their existing level of benefit coverage will continue up to the date of the commencement of the new contract(s).
- f. Where a contract faculty member is continuing benefits up to the commencement date of a new contract(s), the premiums shall be deducted from the first pay cheque received under the new contract(s).

Letter of Understanding #2

GUIDELINES FOR HANDLING STUDENT CONCERNS AND COMPLAINTS

GENERAL:

1. Students may raise concerns/complaints and can expect to have them addressed in a respectful manner without fear of reprisal. Similarly, faculty members can expect to be protected from frivolous or malicious condemnation.
2. Concerns/complaints will be dealt with according to the relevant College policy, where applicable.
3. Concerns/complaints must be brought forward by the student in a timely manner and must be handled by a faculty member or the Responsible Administrator in a prompt, objective and sensitive manner.
4. Concerns/complaints which are made anonymously, or those where the complainants are unwilling to provide a signed, written deposition, will not be formally investigated.
5. Violations of due process will not be tolerated and will be dealt with by the Responsible Administrator under appropriate College policy. Violations of due process can include but are not limited to breaches of confidentiality; distribution in any form of allegations of inappropriate behaviour under College Policy; discussion of allegations outside of the appropriate processes, etc.
6. Any communications sent outside the College policy process for making student complaints will be handled as a formal complaint.

RESPONSIBILITIES:

1. The student is responsible for presenting his/her own case and seeking assistance, if needed, from a College counsellor, student society ombudsperson, etc. Students should be clear about the nature of their concerns/complaints and be prepared to provide evidence or corroboration to support their case.
2. Faculty members are responsible for listening to a student concern/complaint and seeking to resolve the issue at source or referring the student to the appropriate person in the College. Faculty members should be aware of current College and departmental policies and Agreement provisions, and direct students accordingly.
3. The Responsible Administrator for the area is responsible for handling concerns/complaints which have not been resolved at source and for determining an appropriate informal or formal course of action consistent with College policies and DDP guidelines and procedures.
4. The Responsible Administrator should investigate and remedy a concern/complaint which is found to have merit but should dismiss a concern/complaint which is insufficiently presented or is not serious in nature.

The Responsible Administrator will use a “Reasonable Person” standard to determine whether the concern/complaint warrants investigation or further action.

PRE-INVESTIGATION PROCEDURE:

1. Students with concerns/complaints should first approach the relevant person in the department – such as the course instructor, program Coordinator, or departmental Chair – to discuss the issue and to seek resolution.
2. Where the relevant person in the department is unable to resolve the issue to the satisfaction of the student – or does not have the authority to achieve resolution – then the concern/complaint should be referred to the Responsible Administrator.
3. The Responsible Administrator will meet with the student to listen to the specifics of the concern/complaint to determine what action (if any) is appropriate. If the concern/complaint falls under a current College policy, the Responsible Administrator will direct the student accordingly.
4. If the student only wishes to bring the matter to the attention of administration, the Responsible Administrator may take the matter under advisement.
5. The Responsible Administrator may meet informally with the faculty member and inform him/her of the concerns to receive his/her perspectives of the issue and seek to achieve informal resolution.
6. Informal complaints, whether dismissed, resolved, or taken forward as a formal complaint, will be dealt within a one-month period. Variances to this timeline will not be unreasonably withheld.
7. After an informal resolution has been achieved, the Responsible Administrator will provide a written decision to the faculty member.

INVESTIGATION:

1. A formal investigation will be conducted in the following situations:
 - a. Where the informal process has not resolved the issue and the Responsible Administrator determines an investigation is warranted, and where the complainant wishes to proceed to making a formal complaint;
 - b. Where the Responsible Administrator believes that the nature of the concern/complaint places the College at risk, or fits into a pattern of complaints, the Responsible Administrator will initiate a formal action in accordance with Management Rights after first consulting with the Associate Vice President, Human Resources or designate.
2. Procedure for formal investigation:
 - a. The student will provide the Responsible Administrator with a signed, written deposition (along with supporting evidence, where available) outlining the specifics of the complaint.

- b. The Responsible Administrator will inform the faculty member that a formal investigation is to be conducted and will provide the faculty member with a copy of the written specifics of the complaint along with any supporting evidence.
- c. The Dean/Director will arrange to meet with the faculty member to discuss the matter and will ensure that the faculty member has been advised of his/her right to have an Association representative present at any meetings with the Dean/Director concerning a complaint process.
- d. The Dean/Director will investigate the matter and produce a report outlining his/her findings within a one (1) month period. The faculty member will receive a copy of this report and have the opportunity of discussing its contents with the Dean/Director before the matter is concluded.
- e. The Dean/Director will advise the faculty member of the outcome of the formal investigation and of any action to be taken.

Nothing in this Letter of Understanding will be construed to apply in any other situation, locally or internationally.

Preamble:

The following guidelines will be used as a basis for ongoing discussions between the College and the Association regarding international joint projects involving Douglas College faculty members teaching in credit programs.

1. All financial and other data related to international joint projects involving Douglas College faculty members will be openly shared and discussed with the Association and/or affected faculty members.
2. Faculty member work in relation to international joint projects will comply with the Agreement. Where the need for a variance or flexibility in the interpretation of the Agreement is identified, the College will, wherever possible, negotiate with the Association in advance in order to achieve a mutually acceptable solution. Any agreement to vary the terms of the Agreement will be recorded in writing.
4. A standing sub-committee of Labour Management Relations Committee will be established, with membership from the Association and appropriate College representatives, for the purpose of monitoring current international joint projects involving faculty members and to discuss potential new international joint projects

involving faculty members for the purpose of information sharing and problem solving. Meetings will be called in accordance with a schedule mutually agreed by the parties.

5. Upon completion of each year of international project activity involving faculty members, an open forum will be convened for all participants to share experiences, identify problems and solutions, etc.
6. It is understood that, where Douglas College credentials are being awarded, Douglas College will retain responsibility for quality control of programs related to those credentials in accordance with the governance structure of Douglas College.

Where Douglas College faculty teach Douglas College credit curriculum, courses and programs offered internationally such teaching will, wherever possible, be carried out in accordance with the terms and conditions of the Agreement.

COMPENSATION

The College will comply with Canada Customs and Revenue Agency rules and regulations in relation to the federal Overseas Tax Credit.

The College will arrange the scheduling of international work in such a way that faculty members will be provided three (3) working days between the completion of their overseas teaching assignment, inclusive of required travel time, before assuming regular duties at the College. Where meals or cooking facilities are provided as part of the contract and where local costs for food are greater than in Canada, the College will provide an additional monthly allowance to supplement the cost of meals and to provide for local travel. The amount of such allowance will be based on local costs and conditions. Affected faculty members will be advised in advance of any such amounts.
 - l. The College will, wherever possible, assist in booking travel and accommodation arrangements for family members of Douglas College faculty members teaching overseas under this provision, at Douglas College rates. All costs incurred by family members of Douglas College

Such expense amounts will be available upon application of the faculty member, including acceptable receipts.
- 4. In recognition of the increased costs of living and working overseas, under this Letter of Understanding, the College will provide an additional expense.

First 30 days	\$500.00
Second 30 days	\$500.00
Third 30 days	\$400.00
Fourth 30 days	\$300.00

Where a faculty member is working overseas under this Letter of Understanding for a period of less than thirty (30) days and where meals are not provided for the faculty member by a partner institution, the College expense per diem will apply.

Letter of Understanding #4

DISTRIBUTED LEARNING

Note: This LOU supersedes Article 6.6 in the Common Agreement

Preamble

1. Decisions about Distributed Learning will be made through the established structures and processes of
 - a. Senior Management Team (SMT), as advised by the Educational Technology Forum (ETF) and the Technology Steering Committee (TSC); and
 - b. the educational policy governance process culminating in Education Council.
2. Definitions

A Distributed Learning course is defined as a course in which 51% or more of the instructional activities used to meet specific learning objectives are delivered by one or more of the following means; print-based distance education, electronic media, video-conferencing, teleconferencing, video and/or audio tapes.
3. Mode of Instruction

The mode of instruction for Curriculum Guidelines in Distributed Learning courses will be determined by the academic governance process and in accordance with the College Policy on Curriculum Development and Approval.
4. Copyright

The copyright provisions of Article 5 of the Common Agreement will apply. Faculty have the same determination and control of online course curriculum as they have with face to face instruction.
5. Compensation for Development/Redevelopment

Compensation for the development or redevelopment of a distributed learning course can take the form of pay or leave. Calculation will vary by the mode of instruction. If the College requires a distributed learning component which is less than 51% of a course, then pay or leave will be prorated

A proposal to develop or redevelop an online course must be approved by the Responsible Administrator and through the governance process. Where such a proposal is approved, the Responsible Administrator will first consult with the applicable DDP. The Responsible Administrator will then allocate time assignment/compensation and/or time release based on consideration of the following factors:

 - a. availability of existing learning resources;
 - b. scale, scope and complexity of the proposed model;
 - c. level of experience of the faculty group;

- d. availability of financial resources; and
- e. time frame for implementation.

6. Use of Professional Development/Leave

Faculty members can use professional development monies, professional development and/or accountable time and/or educational leave for development, training and/or revision. Revision can include minor development for off the shelf courses and minor redevelopment of existing distributed learning courses.

Time assignment for training and revision is at the discretion of the Responsible Administrator except where alternative college professional development or education leave processes apply. Faculty members will use existing application and approval processes to access these opportunities.

7. Home Internet Compensation

Where a faculty member has been assigned a distributed learning course as defined in this Letter of Understanding, and is electing to teach it from home, he/she shall be reimbursed for the cost of an Internet Service Provider, whether by modem, DSL or cable, to a maximum of \$30.00 per month until such time as alternate services are provided by the College. In the event of a rate increase for the cost of an Internet Service Provider, the Association may refer the matter to LMRC for resolution.

Faculty Rights

- a. Teaching distributed learning courses is a matter of instructor choice. Faculty members may refuse a workload that includes online teaching recognizing that such refusal may result in a reduction in workload.
- b. When a faculty member is required to develop a course for online delivery, or is assigned to make major course revision for online delivery methods, the faculty member will be compensated through time release or pay.
- c. Instructors may elect, but shall not be required to deliver distributed learning courses from their homes. Instructors will not be required to provide technical support to students taking online courses.
- d. The College will offer annual training in the methodology and application of Distributed Learning. Faculty members may, if necessary, use Professional Development time for such training. Faculty members may also access Educational Leave and/or Faculty/DDP Professional Development Funds for technology training purposes.
- e. Where online courses are developed exclusively by Douglas College, such development opportunities will be offered to Association members. Where online courses are developed in partnerships by Douglas College, those portions developed by the College will be offered to Association members.

Letter of Understanding #5

OBTAINING COPYRIGHT CLEARANCE

In circumstances where copyright is disputed under Article 5 of the Common Agreement, a faculty member may resolve copyright of materials by the following process:

1. The faculty member will request a resolution of copyright, in writing, to the Dean/Director.
2. The Dean/Director will ensure that the request complies with Article 5.1.1 of the Common Agreement. If the request does comply, the Dean/Director will provide written approval of the copyright resolution request to the faculty member, with a copy to the appropriate Vice President.
3. Where the materials in question are to be published internally, for sale in the College Bookstore, the faculty member can provide the letter from the Dean/Director to the College Bookstore as proof of copyright.
4. Where the materials in question are to be published by an external publisher, and where the faculty member has resolved copyright by this process, the appropriate Vice President will provide a letter to the faculty member as proof of copyright. This letter can then be provided by the faculty member to the publisher.
5. In the event the faculty member does not agree with the resolution of copyright under this process, the grievance/arbitration process will apply.

Letter of Understanding #6

INTEGRATED CURRICULUM PROGRAM – WORK ALLOCATION PROCESS

1. All courses, with their sections, will be assigned to a home department in the education plans.
2. Assignment of courses does not rule out creating a pool of courses for the purposes of integrated curriculum (IC) programs to be facilitated by an integrated curriculum coordinator on a consensual basis.
3. Allocation of work by DDP Coordinators is to be governed by the principle of bundling as much work as possible together in order to create as many full-time positions as possible, as consistent with pedagogical criteria and relevant provisions of the Local Agreement. The IC Coordinator will review the resulting education plan proposals to verify that this has been done.
4. In cases where the distribution of IC work would involve a layoff or workload reduction, the allocation process will be halted to allow regular faculty members an opportunity to get a Qualified to Teach designation to avert such layoffs/reductions. To get a Qualified to Teach designation, regular faculty members will use the provisions of Article 13.03.c.ii(3)(a) in the Local Agreement. To facilitate the process, this will be done in as timely a manner as possible.
5. Where a regular faculty member is successful in obtaining a new Qualified to Teach designation, DDP Coordinators will allocate the available work by distributing it to minimize any proposed layoffs/reductions as defined by regular status and by seniority (FTE):
 - a. first by Department;
 - b. secondly, for any available departmental work that remains, from each joint Qualified To Teach course pool of instructors.

In the event of a tie, regular FTE service within the department, then College FTE service, will be used as a tie breaker. If a tie continues to exist it shall be decided by lot.

Letter of Understanding #10

POST-PROBATIONARY FACULTY DEVELOPMENTAL EVALUATION

Purpose

The purpose of this Letter of Understanding is to establish a faculty peer review framework and process for ongoing, developmental evaluation for post-probationary faculty members as provided in Article 5.08.b.ii of the Local Agreement. This Letter of Understanding must be used in concert with the attached, 'Framework' document, tabled at LMRC on April 29, 2002 and agreed between the parties to this Letter of Understanding on June 3, 2002.

Scope

This Letter of Understanding applies to Douglas College faculty members who have completed their probationary period as provided in Article 5.08.b.i of the Local Agreement.

Preamble

As provided in Article 5.08.b.ii (Developmental Evaluation) of the Local Agreement, the Association and the College established a Joint Faculty Developmental Evaluation Steering Committee through Labour Management Relations Committee to develop a process for developmental evaluation of post-probationary faculty. The parties agreed this process would be completed by April 30, 2002. The Joint Faculty Developmental Evaluation Steering Committee completed its work and the resulting 'Framework' is attached to this Letter of Understanding as Appendix 'A'. The parties have reached agreement on this 'Framework'.

Further, as provided in Article 5.08.b.ii of the Local Agreement, the parties agreed that the primary goals of developmental evaluation are to promote reflective practice, help individuals determine strengths and areas for improvement, and link this learning to individual professional development plans. For these reasons, the parties agree that faculty members will be encouraged to engage in the evaluation process outlined in this Letter of Understanding. This process and/or the results of this process will not be used for the purposes of denying requests for professional development or Education Leave.

1. Desired Goals for Post-Probationary Developmental Evaluation

- a. Facilitate individual professional growth through reflective practice.
- b. Support DDP development based on the DDP's objectives and plans
- c. Promote dialogue with peers – based on professional practice, pedagogical issues identified by DDP, scholarly research
- d. Provides stimulus to continuous improvement in professional performance
- e. Provide information that assists individual faculty with development of professional development plans

- f. Facilitate personal/professional recognition by peers for professional practices
- g. Enhance teaching/professional practices and student learning
- h. Encourage student growth through their involvement in providing constructive, focused feedback on classroom teaching/learning practices

2. Steps to Developmental Evaluation Process

The parties agree to the following five steps to developmental evaluation as provided in the attached 'Framework'

- a. Determine the area of professional practice that would be the focus of gathering feedback, self reflection, and collaborative discussion;
- b. Gather informative feedback/data on the identified area of professional practice from students, colleagues, and classroom- based research;
- c. Engage in self reflection on that area of professional practice;
- d. Discuss with peers the learning from solicited information and self- reflection;
- e. Determine direction/activities for future professional development.

3. Outcome

As provided in the attached 'Framework', at the end of the evaluation process, the faculty member will complete a one-page summary report of the developmental evaluation that provides

- a. A brief record of activities under each step;
- b. A short statement noting the major insight/learning from the process;
- c. A broad plan outlining the professional development activities and/or anticipated changes to professional practice resulting from the process.

This summary report will be forwarded to the DDP PD Committee, or if faculty members choose, to a Faculty-wide evaluation committee, which will maintain a file of completed summary reports. The summary report will not be shared with the Dean/Director without the permission of the faculty member.

4. Frequency

The full process, resulting in the completion of the summary report, will be completed once every three years.

5. Role of Professional Development Committee

Article 9.02.d of the Local Agreement provides that the DDP Committees have 'the responsibility of promoting, within the Department/Discipline/Program, activities to enhance the academic, technical, and educational standards of the DDP. These DDP Professional Development Committees will play the following role in facilitating evaluations and department-based professional development initiatives that may emerge from evaluation outcomes:

- a. Receive the one-page summary report of the developmental evaluation prepared by the individual faculty member;
- b. Respond to the one-page summary reports by arranging, where appropriate, the departmental 'sharing of learning';
- c. Recommend follow up PD activities at the DDP or interdepartmental/interdisciplinary/interprogramming level, where appropriate;
- d. The DDP Committees will report, on an annual basis, on the completion of evaluations to the department/discipline with a copy to the Dean/Director. This report will include the number of evaluations completed, a summary of insights/learning resulting from the process and a summary of the types of professional development needs that have been identified.

In small DDPs, the DDP as a whole may act as the PD Committee.

Guidelines and orientations for the PD Committee's role in the post probationary evaluation process will be developed with the aid of Douglas Development.

6. Timelines for Implementation

Summer/Fall 2004

- Douglas Development to develop and facilitate guidelines and workshops for PD Committees.
- Douglas Development to develop a 'toolkit' for developmental evaluations.

Winter 2005

- DDP PD Committees develop schedule for post-probationary evaluations within their DDPs.

May 31, 2005

- Implementation of post-probationary developmental evaluations.
- Ongoing workshops/consultations through Douglas Development and DDP PD Committees and/or individual faculty.
- Ongoing work on development of toolkit and evaluating processes, and developing support systems.

The parties agree that any interpretive issues arising from this Letter of Understanding will be referred to the Labour Management Relations Committee for resolution.

APPENDIX B FOR LETTER OF UNDERSTANDING #10

OPTIONS FOR PROCESS

The following lists of options for possible approaches for each component of the evaluative process may be regarded as a (partial) toolkit for the evaluative process.

1. Determine Focus for Evaluative Process

The area of professional practice that will be considered by the faculty member could be a focus on an area of professional practice that he/she has identified as an area of personal challenge; a focus determined by the individual faculty or a group of faculty interested in exploring a new approach to the teaching/learning process; a focus on a specific topic for in-class research on pedagogy; a focus on developing implementing and evaluating a redesigned course curriculum; and so on. Some examples include:

- Determining effectiveness of utilization of student portfolios for course assessment
- Considering an area of challenge (i.e. dealing with students' cultural diversity), researching, implementing and evaluating new approaches to classroom/professional practices
- Implementing and evaluating effectiveness of specific classroom teaching strategies (i.e., cooperative or collaborative learning, Socratic method (dialectical exchange), problem-based learning, computer assisted instruction, service learning)
- Implementing/evaluating team-teaching within interdisciplinary studies course(s)
- Reflecting on information provided by student feedback forms
- Reflecting on data from Classroom Assessment Techniques (CATs)
- Utilizing Small Group Guided Diagnosis (SGGD) techniques or student Focus Groups for receiving student feedback
- Establishing, with another faculty member, reciprocal classroom observations and providing feedback on classroom skills
- Delivering an established course utilizing new delivery strategies (i.e. web based/video conferencing)
- Conducting scholarly research (defined by K Patricia Cross as studying how students respond to a practice in the teaching process)

The committee considered the possibility that an entire DDP might select a specific area for individual reflective evaluation and professional development with DDP-based discussions/dialogue.

2. Gathering Data on Identified Area of Professional Practice

The faculty member shall determine what appropriate feedback/data regarding an area of professional practice is desired and determine most effective sources and methods to gather feedback. Faculty members are encouraged to use multiple sources of feedback to provide more meaningful feedback. Sources of feedback may include students, faculty members within a DDP, external faculty with particular “expertise”, administrators or staff.

Some examples of methods for seeking feedback on professional practices follow:

- Structured student feedback forms / classroom evaluations forms
- Structured peer-based, classroom observations could be reciprocal and should be structured
- Peer review of course curriculum, course material and samples of student work
- Structured interviews of student or selected student groups (focus groups, SGGD process)
- Peer review of faculty members’ research, publications, conference presentations, etc.
- Self-report on innovative practice: e.g. journal writing over course of implementation of new practice
- Self-report/description of involvement in outside classroom educational activities and impact on professional practices (departmental or College committees/professional initiatives)
- A teaching portfolio that presents description/overview/summary of one area of professional practice of faculty (supported by “evidence”)
- Classroom Assessment Techniques (CATs)
- Lists of professional readings in support of a specific area of professional practice (and/or PD activities)
- Development and discussion of teaching cases that present either exemplary teaching practices or problems

- Use of the Katz-Henry model, which combines peer collaboration/observations with student interviews
- Use of appreciative inquiry process

The focus of the evaluation process is not intended to be the data/feedback alone but rather the reflection on learning that results from the examination of this information followed by determination on how that learning informs future professional practice.

3. Engage in Reflective Evaluation of Feedback/Information

True professionals in any field are constantly thinking about (reflecting on) their professional practices and how they can improve them. Such reflective practice includes identifying and scrutinizing the assumptions that under-gird how we work, particularly in relation to new data/information.

Reflection can take several forms. Reflection might be “reflection-in-action” implementing new professional practice with ongoing reflection of efficacy and modification of practice (could include journal writing). On the other hand, individuals may choose to gather feedback-data and reflect on all relevant information as a concluding step. Reflections could consist of self-reflection only, reflection with a colleague, or self-identified group.

Some questions that could be considered as part of the reflective process include

- What does feedback/data indicate in terms of the impact of practice on teaching/learning process? On student success?
- What does feedback/data indicate in terms of need for further research/learning for the faculty member?
- What aspect of new practice/innovation worked? What didn't?
- What areas of future professional development activities might be beneficial?
- What, if any, are the cross-discipline, cross-College implications?

4. Dialogue with Peers (Recommended)

The focus of the reflective evaluation is the individual (through reflective practice), but the locus of process is the group (sharing learning with colleagues).

The intent of the process is to provide opportunities for peers to discuss pedagogy and to share the success (or challenges) of new teaching/professional practices. The individual faculty member will bring a description of the area of professional practice and an analysis based on his/her reflections to present to the group for

discussion, further critical feedback, to facilitate DDP-wide learning. Methods of implementation could include

- Presentation on new practice and learning by faculty member
- Facilitation of workshop on specific area of practice that advances individual and group learning
- Presentation of results gained from in-class, scholarly research
- Discussion by members of DDP on area that continues to be problematic or an area of exemplary practice.

One recommendation from the committee is that this process of sharing with peers could be facilitated by the College designating a day(s) during the accountable time period that would be set-aside for this purpose.

Final Note

It is anticipated that a 'toolkit' of approaches, resources, suggestions for approaching evaluation will be mounted on the Douglas Development web-site.

Letter of Understanding #11

DDP REALIGNMENTS

Where a realignment under College policy results in the merger or splitting of DDP(s) or the transfer of DDP(s) from one Faculty to another, the College and the Association will negotiate a specific realignment agreement as per the principles of this Letter of Understanding.

1. Where two or more DDPs are merged, the DDP FTE Service and Contract FTE Service of the affected faculty members will also be merged. The merged DDP will have one common seniority list.
2. Where a DDP is split, each affected faculty member shall elect either
 - (a) to transfer all FTE Service accrued in that DDP into his/her new home DDP; or
 - (b) to divide the FTE Service accrued in that DDP between the DDP(s) created by the split, in proportion to the relevant courses taught.

This election must be communicated in writing to the Responsible Administrator, with a copy to Human Resources.

Work in a realigned DDP will be allocated in accordance with Article 6 of this Agreement

The parties will apply best practices in negotiating working condition issues arising from the realignment, such as Chairs/Coordinators, Selection Committees, Professional Development funds, modes of instruction, and facilities and supports.

All faculty members affected by a realignment will be given an opportunity by the Selection Committee to meet qualified to teach/program requirements.

All faculty members who will be adversely affected by a realignment will have the protection of Article 13.03 re: Layoffs and Recall and the benefit of the Common Agreement's Article 6 – Job Security.

A specific realignment agreement will be negotiated by College management and the Association. All affected individual faculty members will receive a written copy.

Letter of Understanding #12

FIELD SCHOOLS

The parties agree that the following principles will apply to Field School opportunities:

1. Notice of Field School Opportunities

Where a Field School opportunity has been developed by the College, or has been offered at least twice by the College, the Responsible Administrator will circulate a notice to qualified faculty members, describing the nature of the opportunity (e.g., the location, the Faculty/Faculties, DDP(s) and/or course(s) involved, the number of faculty members required, whether or not collaborative teams and/or integrated curriculum are required, etc.). Qualified faculty members will be invited to submit expressions of interest in response to this notice.

2. Preference for Instructional Work

- a. Preference for available instructional work in a Field School will be given to interested and qualified faculty members who meet one or more of the following criteria:
 - i. the faculty member was significantly involved in developing the Field School opportunity;
 - ii. the faculty member did significant work developing or adapting curriculum for use in that Field School; or
 - iii. the faculty member was part of a team of faculty members who delivered instruction in that Field School, where the curriculum requires integration.

A faculty member loses entitlement to the preference described above when she/he has participated twice in the delivery of instruction in the Field School.

- b. If available instructional work remains, the Responsible Administrator will circulate notice as described in paragraph 1 above, and preference will be given to interested and qualified faculty members who have not previously delivered instruction in the Field School.

Letter of Understanding #13

CHAIRS AND COORDINATORS: RESPONSIBILITIES FRAMEWORK

The parties agree to establish a joint committee to review the duties and responsibilities currently performed by Chairs and Coordinators across the College, and to prepare a draft Responsibilities Framework setting out the joint committee's recommendations regarding

- Common functions of Chairs and Coordinators; and
- DDP-specific functions of Chairs and Coordinators.

Before finalizing its recommendations, the joint committee will circulate the recommendations in draft form to a focus group of Chairs and Coordinators for feedback.

The joint committee will consist of three representatives selected by the Association (one DCFA Table Officer, one faculty member who has experience as a Chair, and one faculty member who has experience as a Coordinator), and three representatives selected by the College (the Vice President, Academic and two academic administrators). The joint committee will establish a mutually-agreed meeting schedule.

The joint committee will present its report to LMRC no later than March 31, 2014. If the members of the joint committee are unable to reach consensus, the report shall describe the areas of agreement and disagreement.

This Letter of Understanding will expire on the date when the joint committee's report is presented to LMRC or March 31, 2014, whichever occurs first.

Letter of Understanding #14

EQUITY FUNDS: 2001 LOCAL NEGOTIATIONS

As a matter of record, the parties agree that Douglas College's share of the provincial equity funds allocated under the Common Agreement parties' March 30, 2001 joint memorandum re: "Local Negotiations" was \$113,736. This amount was used in its entirety to fund adjustments to the salary scale step placement provisions of the Local Agreement, and it continues to be used for that purpose on an ongoing basis.

Letter of Understanding #15

COLLECTIVE BARGAINING 2010 COMPENSATION RE-OPENER

The parties' 2010-2012 Collective Agreement is being negotiated in accordance with the PSEC Mandate established by Government for the current collective bargaining.

The College agrees that, in the event that Government decides to modify the PSEC Mandate as it applies to the entire Public Service and Public Sector during the term of the Collective Agreement arising from the current collective bargaining, the Association will have the opportunity to renegotiate the total compensation for the balance of the term of the Collective Agreement.

This opportunity to renegotiate will relate to total compensation only and such negotiations will be based on and limited by the full value of the revised PSEC Mandate and will be subject to approval by the Post-Secondary Employers' Association (PSEA). This renegotiation will not result in the early termination of the Collective Agreement.

The Letter of Understanding expires at midnight on March 31, 2012.
